

ALL HOME PRINT.

THE North Carolina supreme court has decided that the state railway commission has the right to fix the rate of telegraph charges in that state.

THE national editorial association meets in Chicago on the 16th of May for a two weeks session, enlivened by daily visits to the World's Columbian exposition.

THE auditors of the Burlington roads met at St. Joseph, Mo., this week, to discuss matters relating to the business of their department. Representatives were present from Chicago, St. Paul, St. Louis, Omaha, and Kansas City.

THE secretary and treasurer of the national alliance, which has a large membership in the south, says that the organization will not hereafter take any part in politics. This will considerably simplify the situation in some of the southern states, where the alliance has been a thorn in the flesh of the democracy.—Bee.

THE dinner of the famous '306' of the Chicago convention of 1880, which will be given in Philadelphia this month, promises to be a great affair. The '306,' as everybody knows, were the delegates who voted for Grant upon every ballot until Garfield was nominated. Responses have been received, it is said, from over 230 of the '306' which, considering the laps of time, is somewhat remarkable.

THE determination of the Cherokee Indians not to share their newly acquired wealth with the white men who have been adopted or who married into the tribe shows that they propose to conduct their large financial affairs upon strict business principles without regard to sentimental considerations. The Indians will receive about \$8,600,000 for the Cherokee strip, and the palefaced Cherokees who have looked forward to the division of this wealth will now experience an extremely tired feeling.—Bee.

THE 78th birthday of Prince Bismark was honored by many thousands of German people, but it does not appear that the emperor sent any congratulations, nor that Chancellor Caprivi celebrated the occasion with any great degree of enthusiasm. By the way, the old statesman seems to have endured the fatigue of his birthday festivities in a manner that entirely discredits the recent stories in regard to his health. There may be some years of life before him yet, and it is not impossible that he may again become a conspicuous figure in active politics.—Bee.

THE American Bible society made an interesting exhibition at the Centennial in 1876, but this is to be greatly surpassed by the display to be made at Chicago. The resources of the American as a Bible maker and circulator will be fully demonstrated and set forth. The Bible has been printed in 300 languages, and it is a curious fact that in printed form it has outlasted several languages. There is one Indian Bible in existence which, it is said, but one living man can read. The reading of the same book, though, in many varied tongues has doubtless done much to promote the mutual acquaintanceship of the human family and so far as the result has been attained, the brotherhood of man. The 'Universal Book' will be displayed as never before at the World's Exposition.

INDIANOLA ITEMS.

H. W. Wadsworth is putting up a wellhouse and tank at his residence.

W. N. Miller and wife, of Frontier county, were in our city Tuesday.

W. C. Shockley and J. B. Pickering were over from Danbury, Tuesday.

G. W. Wyrick made proof on timber claim before county judge, Tuesday.

No school this week.

A. G. Dole is building an addition to his house.

T. S. Grisell has sold his residence to a Mr. Dorner, recently from Creston, Iowa.

BORN:—To Mr. and Mrs. R. H. Thomas on April 3d, a boy. Bob still survives.

Some of our people went to Bartley, Sunday, to attend the funeral of Miss Bernice Catlett.

Miss Nora Johnson returned to her home in Denver, Thursday, on account of sickness in her family.

Prof. A. J. Forward came in from Denver, Tuesday, and will make Indianola his home for the present.

Rev. and Mrs. Calfee left on Monday morning for Shickley, where they are engaged for a two weeks' meeting.

License was issued on April 4th for the marriage of Mr. George V. Castle of Stratton and Miss Ella Dunton of Ord, Nebraska.

Prairie fires are the order now, and much damage done to timber claims, and other improvements. Fire is dangerous; be careful.

W. O. Bond returned from Indiana on Saturday, accompanied by his wife and children who had been visiting in the hoosier state for some weeks.

C. W. Beck received and set two nice headstones in our cemetery this week; one at the grave of Mrs. Sara Whitesel and the other for Edward Wyrick's grave.

The city election passed very quietly here. T. F. Welborn was elected mayor; George Bishop, clerk; A. J. Rand, treasurer; Frank Powell and R. S. Duckworth, Councilmen.

Mr. Theo Laseh, the senior member of Laseh Bros. of Lincoln, was in our city, Monday, on business, and drove to Danbury to inspect a farm which he owns in the Beaver country.

Prof. Cleaver was in our city, this week, arranging for a musical convention for Bridges Bros., 'The Pilgrim Singers.' They will give a free concert at the M. E. church next Monday night.

Our cemetery needs attention. Let those who have charge see that it is cleaned up. Many of the headstones are down and damaged. Everything should be put in shape before Decoration Day.

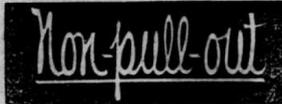

The special meeting recently held by Rev. Calfee and wife closed Sunday night. Every one was pleased with the meeting all through and much good was done to all in attendance besides adding about forty to the church.

A sad case is reported from the south part of the county. A Mr. McCulloch, who lately came to this county and purchased a farm between Danbury and Lebanon, while trying to save his burning barn and gran, fell through into the burning building but succeeded in getting out, but not until he had the clothing burned off, and suffering great agony lived until Tuesday. He leaves a wife and five children.

A bad accident happened Tuesday. As C. B. Hoag and Dr. Eskey were coming to town the buggy pole came down, which caused the team to run. The occupants both jumped out. The doctor was not hurt but Mr. Hoag struck on the back of his head, and we fear is seriously hurt, while one of the horses ran through a wire fence and was so badly mangled that it bled to death in a few minutes.

I see in the near future a crisis arising that unnerves me and causes me to tremble for the safety of my country. As a result of the war corporations have been enthroned and an era of corruption in high places will follow, and the money power of the country will endeavor to prolong its reign by working upon the prejudices of the people until wealth is aggregated in a few hands and the republic is destroyed. I feel, at this point, more anxiety for the safety of my country than ever before, even in the midst of the war—Lincoln.

WITHOUT THE

BOW (RING)

It is easy to steal or ring watches from the pocket. The thief gets the watch in one hand, the chain in the other and gives a short, quick jerk—the ring slips off the watch stem, and away goes the watch, leaving the victim only the chain.

This idea stopped that little game:

The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the grooves, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off.

Sold by all watch dealers, without cost, on Jas. Boss Filled and other cases containing this trade mark—Ask your jeweler for pamphlet.

Keystone Watch Case Co., PHILADELPHIA.
