

By F. M. KIMMELL.

\$1.50 A YEAR IN ADVANCE.

ALL HOME PRINT.

THE legislature adjourned on Saturday noon last. The wisdom of the session time alone will tell.

THE services of special agent E. H. Marshal and J. S. Stidger of Nebraska have been dispensed with.

THE bill to leave it optional with juries whether the death penalty should be inflicted or not has passed and will become a law.

COL. COWGILL expects to get the McCook land office for his share of the democratic spoils. He deserves a plum of some sort.—Holdrege Nugget.

THE McCOOK TRIBUNE is making a strong and brave fight for a purer municipal government. McCook could easily stand a little purification and the TRIBUNE is on the right track.—York Times.

On the right track, Timothy, my son, but just a nose behind.

IT OCCURS TO THE TRIBUNE that Editor R. B. Wahlquist is a little new at the business to be making such observations as this: "A man always steps a little higher when he is married. This should be excused." Too previous entirely.

A CIRCULAR has been issued calling for a meeting to be held at Curtis on Saturday, the 15th inst., at 8 o'clock p. m., for the purpose of forming an editorial association of publishers on the Cheyenne branch from Holdrege to Venango.

THE saloon interests carried the day in a recent village election in Benkelman and the "wets" are determined to have a paper established in that place to voice their sentiments. O. W. DeWald of the Frenon Register, we are credibly advised, will be at the helm.

DOUBTLESS Arbor day, which occurs on the 22d inst., will be fittingly observed throughout the state in harmony with the suggestions contained in the generous proclamation and the spirit which inspired the institution of the holiday.

SO FAR this has been one of the most disastrous seasons for prairie fires that Nebraska has experienced in many years. The losses sustained already will amount up in the hundreds of thousands of dollars. And the crop of fools does not appear to be perceptibly diminished.

This is the season for prairie fires and again the destruction of the property of farmers is great. Why will they not learn from experience to take the necessary precautions to guard against these annual visitations? It is a very simple matter to establish fire breaks about their dwellings, barns and corrals, and those who utilize the safeguards that experience has taught are necessary to protect their property from these fires are seldom sufferers.

THE railroads running between Chicago and the Ohio river have decided to make a rate of 2 cents a mile for the round trip to the world's fair, with the privilege of ordering on a still lower rate for special excursions if it is seen that the standard schedule is not stimulating the traffic to a proper extent. The managers of the roads in that territory are to be congratulated upon their good judgment. They will in the end be better off and give much better service than the lines that are doing their best to hold the people up to the regular tariff rates.

INDIANOLA ITEMS.

M. N. Eskey visited our city, Thursday.

C. B. Hoag is improving, but not able to be out.

Joe Harrison had a valuable colt die, this week.

Dr. J. M. Brown drove to McCook, Wednesday.

S. W. Stilgebauer was over from Danbury, Monday.

The paint factory shipped a car of paint, this week.

Willie and Clara Sharp spent their vacation in Indianola.

Rev. W. M. Ellege, formerly of Bartley, is visiting County Supt. Bayston.

James Conlon and assistants have been in Danbury the past week painting and paper hanging.

Edgar Floyd-Jones had business before the county court, Monday, relative to two estates which he is settling.

The long continued Schoonover vs Saunders case in the county court was tried on Wednesday and a verdict rendered for defendant.

License was issued on the 11th for the marriage of Mr. M. M. Rardin of King City, Mo., and Miss Lena Miller, daughter of S. L. Miller of Indianola.

The concert by Bridges Bros. on Monday evening was well attended and appreciated. After the concert a class in vocal music was organized with about 60 members.

Rev. C. A. Mastin being sick, Rev. D. S. Rodebaugh of Holdrege held quarterly meeting on Sunday evening to a crowded house, and preached an impressive sermon.

On Thursday night last, Mrs. Smith, mother of W. H. and I. M. Smith, died at the residence of the latter, aged nearly 80. The funeral was held at the M. E. church on Saturday morning.

Benjamin Baker, who lately came from Iowa and lives between this city and McCook, had two hundred pounds of honey and a lot of canned fruit taken from his cellar recently. This is a very poor reception to give a newcomer.

The admission tickets to the World's fair are to be something like the "old shipplasters" of years ago. They will be 2 1/4 inches in size, printed on specially prepared paper, like bank note paper, except that in the place of colored silk threads, small colored disks the size of a pin head will be used to prevent counterfeiting. Their "face value" will be 50 cents, though the fair people hope to sell a number of them for souvenirs at a slight advance over that price. The issue will be 50,000,000. The engraving on the tickets to be another "Columbian work of art," executed by a leading bank-note engraving company. It is likely that the tickets will circulate freely as money in Chicago during the first few months of the great fair.

WITHOUT THE

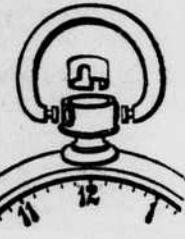

BOW (RING)

It is easy to steal or ring watches from the pocket. The thief gets the watch in one hand, the chain in the other and gives a short, quick jerk—the ring slips off the watch stem, and away goes the watch, leaving the victim only the chain.

This idea stopped

that little game:

The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the grooves, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off.

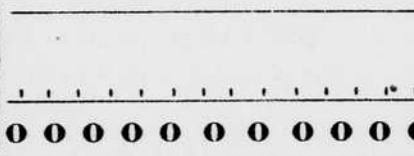

Sold by all watch dealers, without cost, on Jas. Boss Filled and other cases containing this trade mark—Ask your jeweler for pamphlet.
