THE MID-WINTER EXPOSITION.

The low rates to California now offered by the Burlington Route, constitute an unequalled opportunity of visiting that land of sunshine, fruit and flowers. On account of the Mid-Winter Exposition—California's World Fair—agents are now selling round trip tickets to San Francisco, Los Angeles, San Bernardino, San Diego, etc., for \$65.50. Tickets are good to return until April 30th, 1894, and are very liberal as regards stop-overs and transit lines. Wide choice of routes, going and returning. This is the year of years to visit California, and the Burlington is the route of routes to get there. Ask your nearest ticket agent for full information, or write to J. Francis, General Passenger and Ticket Agent, Omaha.

Nebraska State Poultry Show and Convention, Kearney, Nebraska, January 16-20. Tickets on sale January 14 to 20, good returning until January 25th.

For the above occasions delegates paying full fare going will be returned at one-third fare on presentation to the B. & M. agent, at point of meeting, certificate signed by proper officer of the meeting.

SPECIAL TICKET RATES.

We will until further notice sell tickets to Spokane, Wash., Portland, Oregon, and intermediate points. 1st class continuous passage \$30.00. 2nd class continuous passage \$25.00.

Effective Oct. 16th, round trip tickets will be sold to San Francisco, Los Angeles, Colton, San Bernardino and San Diego, California at very low rates. For full particulars regarding rates, etc., call on or address

The section forces have been cut down to a boss and one man each.

Conductor Phil Churchfield is on crutches with a painfully sprained ankle.

Miss Lizzie Murphy is up from Red Cloud on a visit to her sister, Mrs. William Francisco.

The last cut puts Stuby, Dulaney, Francisco, Burton, Monks and others back to firing for the present.

Felix Kennedy went east on 2, Tuesday, to look over some positions he has been offered, with a view of accepting one of them.

Mrs. C. A. Dixon left for Plattsmouth on 2, Tuesday. Miss Edna who has been visiting her aunt Mrs. Todd, will return with her, close of the week.

We understand that five or six of our high pressure locomotives are to go to Havelock for smaller wheels, and that they will then be sent up on Supt. Phenian's division.

P. L. Newcomb, a former Burlington trainman, came out from Fostoria, Ohio, last Saturday, on business, and will be here a few weeks renewing old time acquaintances.

Mesler and Conner get the goat in the McCook yard. The switch engines at Oxford and Holdrege have been laid up in the round house for the present. Road engines do the shunting.

A. H. Miranda, who recently arrived from McCook, got a jag on and proceeded to disturb the peace to the extent of breaking glasses in the Clifton House. He was fined \$1 and costs, which he paid by reclining in the city jail for a few days.—Alliance Grip.

Mr. and Mrs. Wm. Francisco of McCook, are here spending the holidays with James Murphy and wife, parents of Mrs. Francisco... Mrs. James Swearingen returned home Saturday from a visit with her sister Mrs. Wm. Woods of McCook... Mrs. Carl Kenady is here from McCook visiting friends and relatives.—Red Cloud Belt.

P. D. Galarneau will receive the appointment to the position as chief clerk to Mr. Reardon, recently held by C. D. Eads. This promotion is also a deserved one, and will be filled in the competent manner characteristic of Mr. Galarneau... C. D. Eads left last Saturday night for Plattsmouth to make final arrangements for his promotion as chief clerk to Supt. of Motive Power, D. Hawksworth. He will take final leave of Alliance next Monday. It was a well earned and deserved promotion, of which his many friends will be glad to learn. Alliance will regret the loss of his family.—Alliance Grip.

John Palmer of Lincoln is visiting Conductor and Mrs. L. C. Wolf.

Auditor W. P. Foreman came down from Denver, Tuesday night, on business of his office.

Auditor E. O. Brandt came out from Omaha, Wednesday night, on business of his department.

Engineer Johnson is laboring gallantly along under a burden of five days. A kind heart's reward.

HARRY KINGSBURY and bride and Mrs. J. F. Heber will arrive from Peoria, Illinois, tonight on No. 5.

P. H. Mahoney is the new boss boiler maker. He came up from Plattsmouth, the close of last week, to remain temporarily, we understand, and to be relieved in the near future by a man from Wisconsin or Michigan.

Some concern has been manifested as to the whereabouts of Pomerincke, who went east to work on the Lehigh valley. A number of letters addressed to him have returned to the writers. An effort was made by some parties, close of last week, to ascertain where he is, but with what result we have not learned.

A new invention embodies a principle which will commend itself to all railway travelers. It is sought to lessen the discomfort and annoyance to travel on many lines on which there is excessive vibration by the construction of a pneumatic car "which embraces the application of an elastic fluid as an absorbent for vibration and oscillation." An air cushion is arranged on the cellular principle between the car body and the truck frame, and as there is an equal distribution of air under varying pressures, a full oscillation is prevented. This classic medium is said to completely absorb all vibration resulting from rough tracks, jointing of rails, excessive speed, or any other cause, and the car is carried smoothly and steadily along.

Railway postal clerks are thinking a great many things about one of Superintendent White's new regulations, says an exchange. They will hereafter have an added duty to perform, and one which is not at all to their liking. An order has been issued which constitutes each clerk his brother's keeper, and makes it his duty to see that the authorities are informed of any violation of the regulations by a fellow clerk. The new order emanates ostensibly from James E. White, general superintendent of the railway mail service, and in effect establishes a system of espionage over the men, and constitute each clerk an inspector over the private life and habits of his associates. Among the offenses specified are intoxication and gambling. On these, particular stress is laid, but the order is drawn in such a general term that it is construed as meaning any conduct which is not exactly right and proper.

It has been making two or three attempts to snow, this week, with slight results.

The promoters and projectors of the new order of "The Star of Jupiter" are pushing along the organization thereof as fast as possible, and expect to institute a large lodge here in a short time. All the numerous details of such an order are being completed, stationery etc., prepared, and in a brief while the order will be placed before the public in all its advantages and attractiveness. And we predict a triumphal march for "The Star of Jupiter."

If a doctor makes a mistake he buries it; if a merchant makes a mistake he never tells of it; if a lawyer makes a mistake he crawls out of it, but if an editor makes a mistake he puts it on a large sheet of paper for the world to look at, and in every community there are cranks who think they are models of wisdom because they occasionally discover them, and for weeks their jaws are wagging about their astuteness.

THE TRIBUNE averages about one subscriber every two months who refuses to take the paper from the office and his postmaster according to law, notifies us to discontinue and states the reason. In nine cases out of ten such persons owe from 50c to \$5 back subscription and are able to pay. We always send a statement of account to which they pay on head. We have come in contact with three of this class just lately. No newspaper objects to a subscriber discontinuing, even if he can not pay, if he does it in the proper manner—but for a man to take a paper one, two or three years, and then refuse to take it from the office, is too mean to be tolerated, and THE TRIBUNE, hereafter, will give the name, address and amount due, all such contemptible cusses irrespective of sex or color. We do not propose to let subscriptions be paid by simply refusing to take the paper from the office.
