RAILWAY MEN GATHER.

NEW YORK, April 12.—The American railway association began its annual session at the Hotel Brunswick at 11 o'clock, Wednesday morning. There was a large attendance, over one hundred railway companies being represented. Col. H. S. Haines, vice president of the Plant system, occupied the chair. May 13th was selected as the date for making the spring changes in the time tables. The executive committee reported a considerable increase in the membership of the association and that the total length of road now controlled by its members was 142,000 miles. The committee on rules reported a number of changes. These were discussed, but finally referred to the committee for further consideration. The reports of the committee on safety appliances, and of the committee on car service were mostly statistical and were not accepted. The joint committee on interlocking twitches and block signals presented a report which was taken up and debated. The matter was still before the meeting when it adjourned Wednesday evening, but was again brought up at the session today and was again discussed at length. While no action was taken the sentiment of the majority of the members was that a uniform block signal system be adopted. The following officers were elected: President, H. S. Haines, vice-president of the Plant system; first vice-president, E. B. Thomas, vice-president of the New York, Lake Erie & Western; second vice-president, W. F. Merrill, general manager of the Chicago, Burlington & Quincy.

Ass't Supt. Harmon is down from Holyoke, today.

Railroad business is reported as being very quiet now.

Barney Sharkey's youngest child has been quite sick.

Mrs. J. D. McAlpine visited her parents here, close of last week.

A daughter made her debut into Phil Churchfield's home, last Sunday.

Dispatcher Forbes' baby was taken ill with the fever, first of the week.

Mrs. William Wood and children are visiting her parents at Red Cloud.

Mrs. R. B. Simmonds went into Omaha Monday morning, on a visit to relatives.

Judge Dundy decides that the wages of Union Pacific men shall not be reduced, and restores the old schedule.

Charlie Magner has been improving his residence property considerably lately by building a neat fence, laying walks, planting trees, and the like.

W. S. Perry, the boss bridgeman, has just built an addition to his home on north Madison street. He has one of our most comfortable homes.

E. L. Brown, agent for the B. & M. railroad at this place, delivered two sermons at Oronoque, Kansas, last Sunday, returning home Monday. He has been tendered the charge at that place at a good salary and may accept, as he prefers the ministry to railroading.—Cambridge Kaleidoscope.

Mr. George Holdrege, general manager of the B. & M. and George W. Loomis, his private secretary, have had sixty-five acres sown to barley and oats on their land southeast of Akron. There is 20 acres of fall wheat on Mr. Holdrege's land sown last fall that is looking well.—Akron Press.

Frank O. Gray, B. & M. station agent at this place, took the passenger last Saturday evening for Arapahoe where his wife and daughter are. He and his family will spend a vacation granted to him at the midwinter fair and other points of interest on the Pacific slope and elsewhere.—Trenton Republican.

On April 2 the Burlington lines adopted a rule that no package would be carried for less than 50 cents. The minimum charges before that date had been 25 cents, and the rule gave much dissatisfaction. It was announced Monday that hereafter packages will be received for 25 cents, the same as before the obnoxious rule was passed.

The conductors' dance, Tuesday evening, was a very pleasant affair and was participated in by a goodly company of pleased people. Prof. Reizenstein's orchestra produced the musical inspiration for the ball, which was altogether delightful. The ladies of the Episcopal church, under the direction of Colonel Etter of the Commercial house, served refreshments. So that the fourth annual ball and supper by Harvey division 95, was all that the division could desire it to be in every particular.

### Orchestra Benefit.

Nearly a year ago a few of the pupils of the public schools organized a musical society, with great promise. Mr. Reizenstein having assumed the directorship, the members are improving rapidly and on Monday evening next, they have a benefit entertainment at the east ward building, with the following attractive programme:

#### PROGRAMME

Of benefit entertainment to be given by the McCook public school orchestra on Arbor day, Monday, April 23, 1894, in Assembly room of East ward building, at 8:30, P. M. Admission, including reserved seats, 25 cents. Reserved seats can be secured at McConnell's drug store.

#### PART FIRST.

1. Templeton March..... The Orchestra
2. History of the M. P. S. O. .... Wm. Mahoney

Persons concerned: Harry Chapin, Light Manager; Grace Waldo, Ely Crookford, Blanche Starr, Ruth Grundy, Maggie Etter, Frank Bartley.
8. Violin Duet.....  
..... Joseph Reizenstein, Eva Reizenstein

SUPT. VALENTINE was a county-seat visitor, Saturday.

The ground is being prepared for the planting of trees around the west ward school building.

Prof. Valentine delivered one of his interesting lectures in the Christian church at Red Willow, last Saturday night.

Architect Fisher of Omaha, who recently arrived home from a European visit, spoke quite interestingly to the children at the lantern class, last Friday, describing some of the historic buildings he had seen during his travels abroad.

### SPARKS FROM THE RAILS.

#### A LUCKY ESCAPE.

Early last evening, passenger train No. 4 ran into a sand drift, a few miles east of Yuma, Colorado, and every wheel left the track but the hind trucks of the rear sleeper. The head end of the train was scattered over the right of way in a promiscuous manner, but almost miraculously relate none of the train men or passengers were killed or seriously injured. Engineer Pat Timlin and Fireman Bert Godwin were slightly injured. The wrecker and crew from here were quickly on the scene of the accident, and the work of clearing the track commenced. Extra cars were taken up from here and the train arrived at this station about 2 o'clock this morning. The work of getting the engine and other cars on the track will be prosecuted at once. It was a fortunate escape.

Mrs. Brace and sister made a visit to Denver, this week.

The St. Louis union depot is by far the largest in the world.

Chief Dispatcher J. F. Forbes' younger child has the scarlet fever.

Engineer Douglas was in Omaha, middle of the week, on business.

The river is endangering the company's track below Nebraska City.

Mrs. Frank Kenden is entertaining her sister, Miss Mary Stevens of Hastings.

Miss Blanche Traver is the guest of Mrs. C. A. Dixon. Plattsmouth is her home.

A Lake Shore train recently maintained a speed over 70 miles an hour for a distance of 35 miles.

Conductor W. S. Coy was up from Holdrege, Monday, on business, and to see the boys at headquarters.

Jake Burnett has been in Denver and looking after his boarding train interests on the west end for the past two weeks. He did not go to the Pacific slope as contemplated.

President Hill of the Great Northern railroad comes from England full of confidence that a waiting game is the proper one for the United States to play in order to secure bimetalism. "England is holding the bag now," he says, "and before the end of the year will be making a bid for all nations to come into the re-monetization scheme."

### REDUCTIONS THAT

## Do Not Reduce!

It is a practice, unfortunately too frequent, for dealers to make fictitious and fanciful prices on goods as a basis for reduction and a text for advertising. Positive Evidence confronts us in which the net result of vaunted and much advertised bargains is simply a scale of prices the same as ourselves and other dealers charge regular.

The remedy for this humbug is with the retail business.

## Dry Goods, Millinery AND CARPETS.

DRESSMAKING,  
Everything the best qualities at the lowest possible living prices.
