

World's Columbian Exposition.
Will be of value to the world by illustrating the improvements in the mechanical arts and eminent physicians will tell you that the progress in medicinal agents has been of equal importance and as a strengthening laxative that Syrup of Figs is far in advance of all others.

The colleges are full of young men who will receive a \$1,000 education to take a \$0 job.

At Death's Door
Blood Poisoned After Typhoid Fever

A Marvelous Cure by Hood's After All Else Failed.

"C. I. Hood & Co., Lowell, Mass."
"Dear Sirs: Twenty-five years ago I had a bilious fever, and later it turned into typhoid fever, and for five weeks I lay like one dead, but at last pulled through and got up around. I soon discovered on my left leg just above the knee a small brown spot about as big as a three-cent piece, which I puffed up but did not hurt me or feel sore. I did not pay any attention to it until two years after, when it commenced to spread and have the appearance of a ring worm. I could not sleep at night, and on account of the itching I scratched the spot until the blood would run. Finally my husband bought a bottle of Hood's Sarsaparilla and I had not taken more than half of it before I began to change for the better. I have had four bottles

Now I Am All Well but two little spots on my leg. I can now sleep, and eat well and work all the time. I am 54

Hood's Sarsaparilla Cures

years old, and the mother of eleven children and think I can do as much as any one my age. My son has also taken Hood's Sarsaparilla for dyspepsia, and has been greatly benefited by it. Mrs. PHEBE L. HALL, Galva, Kansas.

Ho-d's Pills act easily, yet promptly and efficiently on the liver and bowels. 2c.

A NO-TO-BAC MIRACLE

PHYSICAL PERFECTION PREVENTED BY THE USE OF TO-BACCO.

An Old-Timer of Twenty-three Years' Tobacco Chewing and Smoking Cured, and Gains Twenty Pounds in Thirty Days.

LAKE GENEVA, Wis., May 5.—Special. The ladies of our beautiful little town are making an interesting and exciting time for tobacco-using husbands, since the in various effects of tobacco and the ease with which it can be cured by a preparation called No-To-Bac have been so plainly demonstrated by the cure of Mr. F. C. Waite. In a written statement he says: "I smoked and chewed tobacco for twenty-three years, and I am sure that my case was one of the worst in this part of the country, even after I went to bed at night, if I woke up I would want to chew or smoke. It was not only killing me but my wife was also ailing from the injurious effects. Two boxes of No-To-Bac cured me, and I have no more desire for tobacco than I have to jump out of the window. I have gained twenty pounds in thirty days, my wife is well, and we are indeed both happy to say that No-To-Bac is truly 'worth its weight in gold' to us."

The cure and improvement in Mr. Waite's case is looked upon as a miracle—in fact, it is the talk of the town and county, and it is estimated that over a thousand tobacco users will be using No-To-Bac within a few weeks. The peculiarity about No-To-Bac as a patent medicine is that the makers, the Smoking Remedy Company, No. 45 Randolph street, Chicago, absolutely guarantee the use of three boxes to cure or refund the money, and the cost, \$2.50, is so trifling as compared with the expensive and unnecessary use of tobacco that tobacco-using husbands have no good excuse to offer when their wives insist upon their taking No-To-Bac and getting result in the way of pure, sweet breath, wonderful improvement in their mental and physical condition, with a practical revitalization of their nerved nerves.

HOMESEEKERS EXCURSIONS.

One Fare for Round Trip.
Tell your friends in the east that on May 29, the Burlington Route will sell round-trip tickets at the one-way rate to points in Nebraska, Kansas, eastern Colorado, southwestern South Dakota and northern Wyoming.

CHEMICAL Co., 6810 Sangamon, St., Englewood, Ills.

Many a roaring lion who has hunted as hard as he could has starved to death.

TITLES AND BIG INCOMES.

Jukes, Earls, and Commoners of England Who Are Well Provided For.

The Earl of Derby draws from his tenant farmers upward of \$50,000 a year. This is supplemented by his Liverpool property. This fortunate family also owns nearly all the town of Bury. The total income of the Earl of Derby is close on \$1,750,000, says the Louisville Courier-Journal. The Earl of Sefton's is another family which has done well of Liverpool, for, in addition to estates producing \$215,000 a year and ground rents \$350,000 more, they received \$1,255,000 for 370 acres of land required by the corporation for a public park. Mr. Gladstone, in addition to \$500,000 left him by his father, has the rent roll of the Hawarden estate, which came into the possession of his wife on the death of the late male Glynne. Add to the estate, which is worth \$90,865 a year, another \$10,000 for royalties and \$25,000 as Prime Minister, and you have in round numbers an income of \$125,000 a year. Earl Vane has \$500,000 a year in addition to his coal royalties, which extend over 12,000 acres. Coal is worth to the Earl of Fitzwilliam \$500,000 a year, in addition to another \$680,000, the value of his estates in Yorkshire and Ireland. The Marquis of Londonderry, who sells his coal wholesale and retail, has with land a rent roll of \$915,000 a year.

The Marquis of Salisbury's London property in the neighborhood of St. Martin's lane and the Strand is said to bring him \$350,000 a year. The marquis' other estates produce \$165,000 per annum. As the Duke of Devonshire owns 193,315 acres of land, producing a revenue of \$865,000 a year he is not likely to accept the million which has been offered for Devonshire house and grounds in Piccadilly. The Duke of Hamilton's mining royalties amount to no less than \$570,000 a year. His other estates bring in \$365,000 per annum. Lord Burton, of Bass fame, is worth over \$500,000 a year, and the family of the late Mr. Crawshaw, the Welsh iron master, has the handling of \$10,000,000. When the iron trade was brisk the Earl of Dudley netted yearly \$150,000. The Duke of Norfolk has an income of \$1,845,000 a year, the Duke of Northumberland \$880,000, to say nothing of \$10,000,000 his late wife brought him.

For Their Skins.

In these days when there has been such an awakening of the minds of good people to their duty of mercy for birds and animals, it is strange that no one has taken up the cause of the fur-bearing animals whose lives must be sacrificed to man's desire to adorn and clothe themselves in their beautiful skins. Rarely is a word said against the indiscriminate slaughter of myriads of animals whose only crime is having a skin which human beings covet. A recent fur sale took place in London which is recorded by the Spectator, from which we copy a few figures.

One million five hundred and twenty-eight thousand of the musquash were sold on one day between the hours of ten and four. There were also disposed of more than six thousand bears' skins, black, brown, and grizzly; twenty polar bears; fifteen hundred beavers' skins; twenty-five hundred Russian sables of the most costly kind; half a million Australian and a quarter as many American opossum skins, and skunks', raccoons', marten's, minks', wolves', and foxes' skins, by the tens, and sometimes by the hundreds of thousands.

In fact, more than three million skins were sold in this four days' sale at a single London store.

The Hudson's Bay Company hold a rival sale of equal importance, and in March the winter cat h of greater quantity and finer quality, will be gathered and dispersed in the city with the same rapidity and with more eager competition by the fur-loving Poles and Russians.

A Successful Wooer.

A youthful artist declares that a newly-betrothed lover commissioned him to paint a certain secluded nook in the rocks on the shore, because there he had declared his passion. The picture was painted, but before it was done the lover said to the artist: "Of course I will see you through on that picture, but my engagement is off, and, of course, it would be painfully suggestive to me. If you can sell it to somebody else I will take another picture, and be extremely obliged besides!" The painter assented to the arrangement, but within a week his patron again presented himself. "It is all right," he announced joyously. "I'll take that picture." "Am I to congratulate you on the renewal of your engagement?" the artist asked. The other seemed a little confused, but quickly recovered his self-possession, and grinned, as he said: "Well, not exactly. It was the same place, but the girl was different."

Wealth in Agriculture.

New Zealand presents a striking example of the dependence of public prosperity on agriculture. Not many years ago New Zealand appeared to be crushed under a heavy debt, incurred by an extravagant system of borrowing and by the Maori war. Instead of issuing more bonds the people and statesmen of the colony set themselves to developing its agricultural resources. The dairy and frozen meat industries have reached great magnitude and nowhere is the farmer more prosperous. In a single decade the annual exports of frozen meat have risen from less than \$600,000 to over \$5,000,000, and the exports of butter and cheese have doubled in half that period.

If you are slandered, never mind it; it will all come off when it is dry.

Highest of all in leavening strength.—Latest U. S. Gov. Food Report.

Royal Baking Powder
ABSOLUTELY PURE

Economy requires that in every receipt calling for baking powder the Royal shall be used. It will go further and make the food lighter, sweeter, of finer flavor, more digestible and wholesome.

ROYAL BAKING POWDER CO., 106 WALL ST., NEW YORK.

Floral Love Letters

When the petals of the great aurel magnolia are touched, however lightly, the result is a brown spot, which develops in a few hours. This fact is taken advantage of by a lover, who pulls a magnolia flower, and on one of its pure white petals writes a motto or message with a hard, sharp pointed pencil. Then he sends the flower, the young lady puts it in a vase of water and in three or four hours the message written on the leaf becomes visible and remains so.

An Explanation.

There are explanations that don't explain, as many people have discovered, according to an exchange. A gentleman talking with a young woman, admitted that he had failed to keep abreast of the scientific progress of the age. "For instance," said he, "I don't understand how the incandescent light, now so extensively used, is procured." "Oh, it is very simple," said the lady, with the air of one who knows it all. "You just turn a button over the lamp, and the lights appear at once."—Philadelphia Ledger

Electric Wires.

Some writer very aptly likens the nerves to electric wires, and the general working of their system to that of electric cars. A man who "slips his trolley" like Mr. Jeremiah Eney, 1812 W. Lombard St., Baltimore, Md., will need something better than even a galvanic battery to set him all right. Mr. Eney found that something in the following way. "I suffered" he says, "a long time with neuralgia in the head. I gave St. Jacobs Oil a fair trial and am entirely cured." In this way the great remedy acts as a motorman to restore broken wires, and set the system to perfect action.

When you get into difficulty, beware of your friends.

M. L. TOMPSON & CO., Druggist, Coudersport, Pa., say Hall's Catarrh Cure is the best and only sure cure for catarrh they ever sold. Druggists sell it, 75c.

Lord Roseberry at school was so girlish that he was nicknamed "Miss Primrose," but former schoolmates do not venture to address him now as they then did, "Miss Prim."

General Jubal Early was celebrated for picturesque and proude profanity. His accomplishment in this particular earned for him the sobriquet of "Lee's Bad Old Man."

It is reported that two New York congressmen—Cockran and Payne—have the largest heads in the house of representatives. They are both said to wear a number 8 hat.

In 1850 "Brown's Bronchial Troches" were introduced, and their success as a cure for Colds, Coughs, Asthma, and Bronchitis, has been unparalleled.

On judgment day, when we hear every body's record read, we will pretend to be shocked, but we won't be.—Acheson Globe.

Shloh's Consumption Cure is sold on a guarantee. It cures Incipient Consumption. It is the best Cough Cure. 25 cents, 50 cents and \$1.00.

Every man thinks he might become famous if he had more time to write poetry.

Few husbands and wives are so affectionate and trusting that they say, "Our money."

"Almost as Palatable as Milk"

This is a fact with regard to Scott's Emulsion of Cod Liver Oil. The difference between the oil, in its plain state, is very apparent. In

Scott's Emulsion

you detect no fish-oil taste. As it is a help to digestion there is no after effect except good effect. Keep in mind that Scott's Emulsion is the best promoter of flesh and strength known to science.

Prepared by Scott & Bowne, N. Y. All druggists.

From away up in British North America comes the following greeting to Dr. R. V. Pierce, Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y.: Mrs. A. J. Sharrard, of Hartney, Selkirk Co., Manitoba, whose portrait, with that of her little boy, heads this article, writes as follows: "I take great pleasure in recommending Dr. Pierce's Favorite Prescription for 'falling of the womb.' I was troubled with bearing down pains and pains in my back whenever I would be on my feet any length of time. I was recommended to try Dr. Pierce's Favorite Prescription, which I did with happy results. I feel like a new person after taking three bottles of it."

As we have just heard from the frigid North, we will now introduce a letter received from the Sunny South. The following is from Mrs. J. T. Smith, of Oaklakes, Cleburne Co., Ala. She writes: "I was afflicted and suffered untold pains and misery, such as no pen can describe, for six years. I was confined to bed most of the time. I expected the cold hand of death every day. I was afflicted with leucorrhoea, with excessive flowing—falling of the womb—bearing down sensation—pain in the small of my back—my bowels costive—smarting, itching and burning in the vagina, also palpitation of the heart. When I began taking your medicine I could not sit up, only a few minutes at a time, I was so weak. I took Dr. Pierce's Favorite Prescription three times per day, I also took his 'Golden Medical Discovery' three times per day and one of Dr. Pierce's Pleasant Pellets every night. I have taken seven bottles of the 'Discovery,' seven bottles of the 'Prescription' and five bottles of the 'Pellets.' I took these medicines seven months, regularly, never missed a day. These medicines cured me. I feel as well as I ever did in my life. Four of the best doctors in the land treated my case four years. They all gave me up as hopeless—they said I could not be cured, and could not live. Through the will of God, and your medicines, I have been restored to the best of health." Yours truly,

Mrs. J. T. Smith

Mrs. W. O. Gunckel, of No. 1461 South Seventh Street, Terra Haute, Indiana, writes: "I had been suffering from womb trouble for eight years having doctored with the most skillful physicians, but finding only temporary relief from medicines prescribed by them. I was advised by a friend to take Dr. Pierce's Favorite Prescription, which I did, and found, in taking six bottles of the 'Prescription' and two of the 'Golden Medical Discovery,' that it has effected a positive cure, for which words cannot express my gratitude for the relief from the great suffering that I so long endured." Yours truly,

W. O. Gunckel

As a powerful, invigorating, restorative tonic "Favorite Prescription" improves digestion and nutrition thereby building up solid, wholesome flesh, and increasing the strength of the whole system. As a soothing and strengthening medicine "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, Chorea, or St. Vitus's Dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency. Even insanity, when dependent upon womb disease, is cured by it.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, due to pregnancy, weak stomach, indigestion, dyspepsia and kindred symptoms, its use will prove very beneficial.

Dr. Pierce's Book (108 pages, illustrated) on "Woman and Her Diseases," giving successful means of Home Treatment, will be mailed in plain envelope, securely sealed from observation on receipt of ten cents to pay postage. See the Doctor's address near the head of this article.

Those Pimples

Are tell-tale symptoms that your blood is not right—full of impurities, causing a sluggish and unsightly complexion. A few bottles of S. S. S. will remove all foreign and impure matter, cleanse the blood thoroughly and give a clear and rosy complexion. It is most effectual, and entirely harmless.

Chas. Heaton, 78 Laurel St., Phila., says—"I have had for years a humor in my blood which made me dread to shave, as small boils or pimples would be cut thus causing shaving to be a great annoyance. After taking three bottles of S. S. S. my face is all clear and smooth as it should be—appetite splendid, sleep well and feel like running a foot race, all from the use of S. S. S."
