AFTER a Very Thorough Test of the Credit System, I have concluded to change to CASH, or thirty days net to reliable parties. By this means I shall increase trade and give YOU ALL THE BENEFIT of what heretofore had to be charged for uncollectable accounts. This is no reflection on you, but a plain business statement. I can easily afford to sell at lower prices in this way.

MICHIGAN republicans resolved in their state convention, last Tuesday, that "permanent prosperity will not be assured or justice done until silver takes its place side by side with gold as one of the two great money metals of the world." THE Democracy of South Carolina are having a real lively, nice time all by themselves. The state has not been so amused and entertained since the days of the Hamburg massacre.

CALIFORNIA fruit growers are greatly encouraged over the prospects for the season. The losses by the strike are less than were at first reported, because so much fruit was delayed in ripening by the cool weather. Now the railroads are handling all fruit offered and the dealers are realizing good prices. The canning factories are also running to their fullest capacity. The reports of grain yield show that the wheat crop will be equal to the average even in districts which did not get their full quota of rain.
