.. Of Plan.

AFTER a Very Thorough Test of the Credit System, I have concluded to change to **CASH**, or thirty days net to reliable parties. By this means I shall increase trade and give **YOU ALL THE BENEFIT** of what heretofore had to be charged for uncollectable accounts. This is no reflection on you, but a plain business statement. I can easily afford to sell at lower prices in this way.

If the Japanese-Chinese war continues long we will all have a very rich down-east twang to our tongues attempting to pronounce the outlandish names of the battles fought. The celestial nomenclature is nicely calculated to give an American cold feet anyhow.

It is generally understood that the sudden eclipse of the Gaffin gubernatorial boom in the Grand Island convention was a regular cut and dried affair. It was represented to Gaffin and his adherents that Holcomb only wanted the nomination for governor to help boost him into the senate, and that it had been determined by the pop spell binders that if they succeeded in carrying the election and getting the legislature they would elect Holcomb senator, Billy Bryan to the contrary notwithstanding, and then he, Gaffin, being lieutenant-governor, would slide into his place and rule Nebraska all the same for the next two years. Now, did the Holcombites keel-haul brother Gaffin when they gave him taffy of this sort or did the really mean it?—State Journal.
