When the wife of a laboring man or farmer buys Nebraska goods she increases the demand for labor, makes it easier to obtain profitable employment, and makes a better market for the products of the farm. BRECKINRIDGE WILL FIGHT.

THE COLONEL DOES NOT ACKNOWLEDGE DEFEAT.

WILL CONTEST OWENS' ELECTION.

Claims That Fraud Was Committed by His Successful Rival—Desha and Other Friends of the Congressman Sent Out to Secure Evidence of Crookedness—Counter Charges by Owens.

LEXINGTON, Ky., Sept. 18.—Breckinridge will contest the result of Saturday's primaries in which he was defeated by W. C. Owens and has already sent letters to the committeemen in eight counties notifying them of his purpose. His ground will be fraud in Scott county. The Breckinridge men have a majority of four in the district committee, which declares officially who is the nominee in the primary returns. It is claimed by Breckinridge men that enough illegal votes were cast Saturday to overcome the small plurality of Owens. The committee will meet Saturday of this week at Frankfort to canvass the votes.

Colonel Barney Tracy, president of the Owens club, claims that he is in no way afraid that Owens will lose the race.

The Breckinridge people say that Owens' lead is only 150, and that the committee will give to Breckinridge the nomination sure. Stress is laid upon the fact that Owens' county (Scott) which gave him 1,200 plurality, showed an increase of 611 over the Democratic vote in 1892, and Franklin county, which Owens carried by 521, showed an increase of 391—almost 33 per cent in each county. The other six counties show from 5 to 20 per cent increase. Desha Breckinridge, J. C. Rodgers and J. G. Bullock have gone to Scott county to get affidavits and to investigate the report that two precinct polls were kept open an hour longer than the law allows, and this will be one of the grounds of contest.

Some of the Breckinridge men claim to have discovered numerous clerical errors in their favor, reducing Owens' plurality to less than eighty. In one precinct at Owens'

home they claim there were over eighty fraudulent votes cast, or a miscount to that extent. Desha Breckinridge is at Georgetown, looking after that precinct and he telegraphs there are other frauds that will more than overcome even the estimated claims of the Owens men.

The impression is gaining ground here that the committee, which registered Breckinridge's will in all matters preceding the primary, will decide in his favor next Saturday. In such event the minority of the committee announce they will report Owens as the nominee and both candidates will fight to a finish in November. The Republicans will be governed largely by the result of the outcome of the contest before the Democratic district committee. The Republicans polled 3,443 votes for congressman at the last election, which is considerably more than either Owens or Breckinridge polled last Saturday.

In all the churches yesterday morning the defeat of Breckinridge was referred to in prayer or in sermon as a matter for national thanksgiving.

The exact figures by which Breckinridge was defeated cannot be known until the county committees canvass the vote of their respective counties to-day. At present all estimates are based upon a mixture of official, semi-official, newspaper and telephonic returns and run from 250 to 350 in favor of Owens.

The Breckinridge members of the district committee came here yesterday with several county chairmen, and the Owens men fear manipulation and in precincts of Woodford and Henry the figures hitherto returned as official may be changed so as to increase Breckinridge's showing.

The greatest surprise was the result in Owen county, Settle's home, where Breckinridge ran nearly even with Settle and Owens' vote was ridiculously small. Charges are openly made that Settle threw his home to Breckinridge with the understanding that he would be the latter's political legatee two years hence.

A Book Agent Tired of Life.

ELDORADO, Iowa, Sept. 18.—U. C. Keniston, a traveling book agent, disappeared two weeks ago and it was supposed he was out in the country selling books. Last evening his body was found in the woods south of town badly decomposed. An open pocket knife and other evidences point to suicide. Deceased came here August 19, remained a week, came back August 31 and remained till September 3. He owned a home at Red Oak, Iowa. He was despondent because of slow sales.

Many Democrats of the Ninth congressional district of Iowa are opposed to the indorsement by the party of General Weaver and want to put up a candidate against him.

WANT JONES TO RESIGN.

Nevada Republicans Address a Sharp Letter to the Populist Convert.

CARSON, Nev., Sept. 18.—Senator John P. Jones of Nevada has been requested by the Republican state central committee to resign his seat in the United States senate to which he was elected by Republicans. This request is made in a long letter, which was drafted by Chairman Trenner Coffin, and approved by the state central committee at a meeting held in this city. It exhaustively reviews Senator Jones' letter of August 29, to the former chairman of the committee, Enoch Strother, in which Jones announced he had left the Republican party to join the Populists, and severely criticized his course of action. The main points of the letter are as follows:

"You say you have not changed your principles. Well and good. Then it follows you have merely changed your name and instead of calling yourself a Republican, you will hereafter term yourself a Populist. Do the shining examples of Populist influence (conspicuous among others, that of your own colleague) with which you are daily and hourly confronted in the senate justify the belief that such a change will add to your prestige and power as a member of that body? Do not the cases of Sumner and Schurz, and Trumbull and many others furnish the most painful reminders that the day upon which a brilliant and distinguished party leader breaks away from the organization in which he has won all his fame marks the beginning of his political decline? Can you reasonably expect a different result? But by what mental process you arrive at the conclusion the great principle involved requires you to part company with the Republican party of Nevada, your letter entirely fails to disclose.

"You concede we are true to the cause of silver. Then why do you abandon us? If we are true to silver, why does not devotion to that principle of which you write so eloquently require you to remain true to us? Not only have we been true to the cause of silver, but we have been true to every other great principle that you hold dear; and more than all, we have been fidelity itself to you. Then we ask again, why have you abandoned us? The silver party does not accept your name, while the Populist party does not accept your creed, so that upon every recognized political principle you are literally left without a party in the state of Nevada. The publication of your letter has not caused even a waver in the ranks and no defection of any leader, however great and distinguished, will cause them to swerve a hair's breadth from what they believe to be their duty.

"In conclusion, we desire to remind you that you were elected to the senate as a Republican by the Republican party. In the strictest sense of the office it is a political one, and the Republican party is entitled to representation for the full term of six years from March 4, 1891. As you now announce you can no longer act with the party that elected you, every consideration of propriety and delicacy requires you to resign. In the name of the Republican party of Nevada, we respectfully request you to do so."

NEW YORK REPUBLICANS.

Four Opponents to Morton at Work—Thirteen Men After Second Place.

SARATOGA, N. Y., Sept. 18.—Where last night there were but two Republican candidates for the nomination for governor and four for lieutenant governor, there were this morning five for governor, thirteen for lieutenant governor and four for judge of the court of appeals. For governor the candidates are ex-Vice President Morton, Fassett, Woodford, Butterfield and Russell.

The Morton adherents still claim that their candidate will be nominated on the first ballot but the bitter fight for lieutenant governorship, it is thought by many, may result in a free-for-all fight for governor and the Fassett people this morning accordingly claimed that the contest would greatly aid them.

Populists May Indorse Sapp.

TOPEKA, Kan., Sept. 18.—There is a movement among the Populists of the Third district to indorse F. W. Sapp, the Democratic candidate for congress. In exchange for this indorsement Populists would expect to get Democratic support in six or eight legislative districts in that section. The Democrats hold the balance of power in these districts and have not yet made nominations.

An Actor's Ex-Father-in-Law Mad.

SACRAMENTO, Cal., Sept. 18.—W. H. Thompson, an actor in the Frohman company, was attacked in the bar of the Golden Eagle hotel by John Greer, the father of Thompson's divorced wife. Greer drew a pistol but was prevented from using it. In explanation of his attack, Greer said that Thompson had mistreated his wife, failed to provide for her and then borrowed money from her parents which he failed to repay.

Cherokee Kan., Miners Strike.

CHESTER, Kan., Sept. 18.—The miners at the J. H. Durkee coal company's No. 4 shaft struck this morning for sixty cents per ton for coal and pay every two weeks. The men are getting fifty-four cents and claim that the company agreed to pay them sixty cents from Sept. 1, but failed to do so. A committee was appointed to lay the matter before Superintendent Umble at Weir City.

General Miles to Go East.

CHICAGO, Sept. 18.—It was definitely announced to-day that General Nelson A. Miles will be transferred to Governor's island upon the retirement of General Howard, November 8. It is thought that General Ruger will succeed Miles as major general in the command of the department of Missouri.

Many Democrats of the Ninth congressional district of Iowa are opposed to the indorsement by the party of General Weaver and want to put up a candidate against him.

SWIFT ON THE TURF.

ROBERT J MAKES A MILE IN VERY FAST TIME.

At Terre Haute, Ind., He Comes Under the Wire Like a Whirlwind at 2:01 1-2.

—Carbonate Lowers the Two-Year-Old Record, Landing the Mile in 2:09 Flat.

—John R. Gentry Breaks the Stallion Record, Making the Mile in 2:03 3-4.

—Alixis Fails to Meet Expectations.

Records Go Glimmering.

TERRE HAUTE, Ind., Sept. 17.—World's records went glimmering over the Terre Haute track yesterday which now holds all but two—the fastest three heat pace and the fastest 2-year-old pacing race records. There is hung up the fastest mile ever gone by a horse in harness, Robert J., 2:01 1-2, the miles of Nancy Hanks and Alix, each in 2:04; the world's record for 4-year-old trotters, made by Fantasy in 2:06; the fastest six heat race ever gone by a 3-year-old; Expressive's great race three weeks ago, the fastest 2-year-old trotting record, Oakland Baron's mile in 2:16; Whirligig's 3-year-old pacing record of 2:10; the stallion pacing record of 2:03 3-4 by John R. Gentry and the stallion record of 2:04 by Joe Patchen; the marvelous mile by the 2-year-old pacer done by Carbonate in 2:09 and his previous record of 2:10 tied by Directly. That is why the town is wild with enthusiasm.

Geers was up behind Robert J. and at the second trial the word was given. The clip was so fast that the pacemaker fell behind, the first quarter being done in 30 1/2 seconds. Up the hill he went at an even faster gait and was at the half in 1:00 1/2. Down the third-quarter the unbeaten gelding came like a whirlwind; 29 1/2 seconds marked his time for that quarter and he was at the three-quarter pole in 1:30 1/2. Geers, with rein and voice, gently reefered the gelding, who came true and strong, never for a moment wavering under the terrific trial, and a moment later Geers landed Robert J. under the wire in 2:01 1/2.

Scarcely less marvelous was the great performance of the 2-year-old pacer Carbonate. A half hour before his only rival, Directly, had gone to lower the mark made by Carbonate on Wednesday. But the fast son of Direct was unequal to the task and could do no better than tie it. Then came Carbonate, the beautiful gray son of Superior. Jack Curry held the reins over the youngster. Ed. Geers, with Ferdinand, was the pacemaker. The colt went away true and strong. He reeled off the first quarter in 33 1/2. Up the hill he went at the half in 1:03 1/2. Still faster was that speedy third quarter and at a 2:06 gait he was at the third quarter at 1:35. His tender mouth caused him to falter for a moment, when Curry took the reins to reef him. It was but for a moment and again he was away and landed the heat in 2:09 flat, lowering the world's record for 2-year-olds.

Again the crowd went wild and cheered both Carbonate, his owner, Major Dubois of Denver, and his driver, Jack Curry, till it was tired out.

There was great disappointment over the Alix performance. With so perfect a day and a track it was thought the mare could make a new world's record for trotters. But she had tied the Nancy Hanks record on Wednesday, and was 1:03 1/2. Still to make a second effort the same week. Besides she seemed nervous. She did not get away strong, it taking 31 1/2 seconds to do the first quarter. When the half was reached in 1:02 1/2 the crowd dropped back resignedly. The down hill to the third quarter was in the same time as in the second. Then hope was abandoned by the silent crowd. On she came at a still slower rate, doing the mile in 2:01 1/2.

G. A. R. SHORTAGE.

Ladies' Past National Treasurer Accused of Misappropriating Funds.

PITTSBURG, Pa., Sept. 17.—By an official announcement, Mrs. Anna E. Grubb of Camden, N. J., past national treasurer of the ladies of the G. A. R., is charged with misappropriating the funds of the organization. This statement in the ladies' meeting created a sensation unequalled in the history of the order since its beginning. The proceedings of the convention were secret.

One of the ladies, who is in high standing, makes the statement that Mrs. Grubb has defaulted to the amount of \$500 and suit has been brought against her bondsmen to recover. Mrs. Grubb she says, was re-elected to the office several times and had the confidence of the ladies to such an extent that the auditors in going over her books considered it necessary only to make a cursory examination. How long the shortage has existed is not stated, but at the Washington encampment the books were thought to be correct and she was re-elected. At Indianapolis in 1893 when the new treasurer was elected, Mrs. Grubb failed to turn over some of the books and investigation then discovered the discrepancy.

CHOLERA AT TACOMA, WASH.

Captain Bridgman of the Baltimore Dies from the Scourge.

TACOMA, Wash., Sept. 17.—Captain W. P. Bridgman of the United States man-of-war Baltimore, died here of Asiatic cholera. He contracted the disease recently in China.

WASHINGTON, Sept. 17.—The register of the interior department, complete to July 1, shows that the total number of employes then was 14,013. Of these 4,042 were in the department proper at Washington, 710 outside the department proper, but in Washington, and 9,282 outside the department proper and not at Washington. Of the latter class there were 736 in the land service, 3,676 in the Indian service, 4,762 in the pension service and 108 miscellaneous. Of the total number 452 were appointed by the president, 4,367 by the secretary and 9,224 by subordinates.

UNCLE SAM'S FINANCES.

Internal Revenue Receipts Very Small and Customs Returns Only Moderate.

WASHINGTON, Sept. 17.—The revenues of the government have fallen almost \$13,000,000 during the first fourteen days of this month as compared with the last half of August. The receipts from customs for the first fourteen days of this month amounted to \$9,277,000 (in round numbers) against \$8,730,000 for the last half of August, while the receipts from internal revenue were but \$2,292,000, compared with \$30,634,000 for the latter half of August. The loss is due to the enormous sums paid on whisky withdrawn for consumption just before the new tariff act increasing the tax from ninety cents to \$1.10 per gallon went into effect. The receipts from internal revenue for the first fourteen days of the month dwindled to \$2,927,000—about \$150,000 below the normal and were not counterbalanced by an increase in the receipts from customs due to heavy importations under the reduced rates immediately following the enactment of the new law, the custom receipts increasing only about \$3,000,000. The receipts from internal revenue are now confined almost entirely to the tax paid on beer, cigars, cigarettes and tobacco, and average about \$250,000 per day, while for July and August, when so much whisky was being withdrawn, they averaged over \$1,000,000 daily.

It is not expected the receipts from the tax on alcoholic spirits will reach the normal again before January 1, 1895. This will have the effect, it is believed, of keeping the receipts of the treasury down to about two-thirds of the normal, or in other words to about \$22,000,000 per month until January 1. This estimate leaves out of account any large increase in the importations arising from the operations of the new tariff law. The expenditures have averaged about \$34,000,000, but without the sugar bounty, which is now a thing of the past, they will be reduced to about \$31,000,000. For the next four months it is estimated that the receipts will be about \$88,000,000 and the expenditures about \$124,000,000.

BUSINESS SITUATION.

Not Many Changes Noted Under Three Weeks of the New Tariff Bill.

NEW YORK, Sept. 17.—R. G. Dun's Weekly Review of Trade says: Business has met no setback this week and continues larger than earlier in August and larger than a year ago directly after the panic. The country has now passed nearly three weeks under the tariff and all admit that changes have been of less importance as yet than was expected. If in some branches business has materially increased, it has gained a little or has fallen off in others. Loss in some directions is explained by crop reports, for the most favorable estimate of experts puts the loss of corn at about 400,000,000 bushels, whereas the government report is by some interpreted as meaning a loss of 1,000,000,000 bushels. The opinion of the trade does not favor the official estimate, and the price has not risen at all during the week, though receipts have been very small. Exports have practically ceased, and all realize the shrinkage of 400,000,000 bushels is serious if it proves to be no greater, since it must affect the prices of meats for a year or more. Pork is unchanged, but lard has risen 30 cents per 100 pounds.

Nor are official reports encouraging as to wheat. Western receipts in two weeks have been 11,184,687 bushels, against 10,674,761 last year, and Atlantic exports only 2,074,790, against 5,496,592 last year, and the price is one-half cent lower. Considerable injury is officially reported to cotton, but few expect less than 8,500,000 bales, which is more than enough, and the price is one-sixteenth lower.

PLUNGED ON WHEAT.

An Unknown California Magnate Stands to Lose a Full Million Dollars.

SAN FRANCISCO, Sept. 17.—Somebody stands to lose a million dollars on wheat, and San Francisco grain men are wondering who it is. For months L. F. McLaughlin bought wheat for some unknown speculator until he had accumulated between 175,000 and 200,000 tons for which he paid an average price of \$1.20 per cent. At present prices he cannot realize within thirty-five cents of as much as he paid per cent for this immense quantity of wheat. It is said by grain dealers here that ex-Senator James G. Fair is the only man on the coast who has enough ready money to back McLaughlin in such a big deal and it now looks as if he had made an error in his calculations that will involve the loss of \$1,000,000. When McLaughlin began to buy last winter wheat was never before so low. Under the stimulus of big purchases the price went up but it soon fell and wheat is now lower than ever. It is calculated that there are at present between 800,000 and 900,000 tons of wheat in the state that a market must be found for. All this wheat must be shipped out of the country and ship owners are holding back for high charters.

Lightning Causes a Man's Death.

MEXICO, Mo., Sept. 17.—About 7 o'clock last night lightning struck the barn of Dr. H. K. Hinde, about nine miles north of here, and it was entirely destroyed. Four horses were burned and Frank Robbins, who had gone into the barn to rescue his horse, perished, the only door by which he could escape being locked. The storm here was very severe, rain falling in blinding sheets for hours. Consequently the farmers now have plenty of stock water.

After Twenty Years.

AKRON, Ohio, Sept. 17.—By private dispatches it is learned here that Myron R. Kent, under arrest at Minneapolis for embezzlement and as an accomplice in the murder of his wife, William Hancock, who in May, 1874, stole \$30,000 from the National bank of Medina, Ohio, of which he was cashier and decamped and had never been heard from. He had but a short time before received a large amount of life insurance which his wife had carried and there was a strong suspicion when she suddenly died that all was not right.
