SENATOR HILL TALKS

HE MAKES AN ADDRESS AT A COUNTY FAIR.

Ten Thousand People Listen to His Utterances—He Tells Them That the New Fangled Political Heresies Are Bad—Declares That the Income Tax Is the Greatest Danger in Our Government—Impartial Tariff Laws Must Be Passed.

SOMERVILLE, N. J., Sept. 15.—Ten thousand people from all parts of the state attended the Somerville fair yesterday—the great majority drawn to see and hear Senator David B. Hill and other notables. Mr. Hill made an address in which he said:

"To-day I plead for general legislation, which, rejecting the claims of the classes, recognizes no distinction of class, which embraces all occupations, harmonizes conflicting demands, condemns political and business selfishness, and exalts the use of pure, genuine and unadulterated patriotism. It is true good laws may aid us and bad laws retard us in the great struggle of life. Still the fact should be impressed on every one that good, bad or indifferent laws do not of themselves alone ordinarily make men rich or poor, good or bad, vicious or virtuous, but that much, if not almost everything essential, depends on individual efforts and tendencies, tastes and inclinations.

"New fangled political heresies teach the government should own and control everything used by man. The railroads, the banks, the telegraphs and many other of the manifold industries and enterprises now conducted by individual effort and capital should all come under this plan. I shall concede that it is wise and best the government should regulate all semi-public enterprises and institutions, but it should not own or control them in the sense in which the teachers of these fallacies claim. Such a condition would be fatal to our government. To bring about these things would be the most fatal of mistakes. It would be unwise to add to the official patronage of a national administration, especially as that patronage is not always wisely dispensed, nor would it be wise to increase the channels of expense.

"If real estate is to be taxed all such property should be taxed alike. If incomes were to be taxed there should be no distinctions as to the amount. Small incomes should pay in proportion as well as the large ones. There should be no discrimination. Such things are dangerous. They engender classes. This is the greatest danger of the government. If the rich had to pay the taxes you may rest assured it would not be long before they would want to control the government. When that time comes, as I hope it never will, the mistakes of the past will be seen. Tariff laws must be passed which will show no favoritism to any one. There must be no favored few. The laws should be made for all."

CENSUS WORK ABOUT DONE.

Only One Division Not Yet Up—Years of Printing to Come.

WASHINGTON, Sept. 15.—The work of the eleventh census is about completed, the work on population and vital statistics being all that remains to be done. The portion of the work on population remaining uncompleted is that on occupations. The vital statistics are made up largely from the figures on population and have been held back largely on account of the work in the population division. Chief Clerk Down thinks that in less than six months the work of the census will be completely closed and the present force of 400 employees reduced to forty or fifty at the outside. These will be experts who will have charge of the proofs from the printing office. An additional supplement to the compendium of the census is yet to be issued.

But while the census work proper will thus be finished in a few months, it may be several years before the work of printing is all done and the completed work published. The completion of the work at so early a period is unusual, and to Superintendent Wright's skill and experience in handling statistics this is largely attributed.

Exports in August.

WASHINGTON, Sept. 15.—During August exports of breadstuffs amounted to \$10,851,336 against \$22,630,348 a year ago, and for the eight months ending August 31 to \$85,348,714 against \$129,361,102 for the corresponding period of 1903. The provision exports were: August 1894, \$15,920,183; August 1893, \$15,472,859; eight months 1894, \$122,737,409; eight months 1893, \$103,496,000. Cotton, August 1894, \$3,239,140; August 1893, \$3,482,200; eleven months ended August 31, 1894, \$208,116,771; eleven months 1893, \$199,841,140. Minerals, August 1894, \$3,635,011; August 1893, \$4,084,255; eight months 1894, \$25,618,520; eight months 1893, \$27,099,401.

A Venerable Counterfeiter Caught.

CINCINNATI, Sept. 15.—United States Commissioner Hopper to-day bound over Isaac Levy, aged 77, and his sons, Harry and Wilder, also his nephew, Nick Claxton, for counterfeiting. Isaac is an old offender. The gang was caught by detectives at Osgood, Ind., with four moulds for nickels and quarter dollars, metal and complete outfit for counterfeiting. Only \$40 of spurious coin was recovered by the detectives.

A St. Joseph Man Disappears.

ST. JOSEPH, Sept. 15.—Adam Webster, a malato who has lived in this city for twenty-five years, left a week ago with a strange negro who gave him the name of Jesse Shepherd, to look for hidden treasure. After they had been gone four days Shepherd returned, riding one of the horses, and said Webster was under arrest in Howard county for shooting into a crowd of men. He asked for \$300 with which to get Webster out of jail. While Webster's family was making preparations to get the money Shepherd disappeared. It is feared that Webster has been murdered.

DEATH TO AVOID DISGRACE.

Treasurer Dennison of the New York Select Knights Poisons Himself.

BUFFALO, N. Y., Sept. 15.—Anticipating exposure in the convention today E. M. Dennison, state treasurer of the Select Knights, A. O. U. W., now in session here, killed himself last night. He is said to be a defaulter, but to what extent cannot be learned until after a thorough examination of the books.

It was not until the convention assembled here that the grand officers became suspicious that Dennison's accounts were not all right. Then various discoveries were made and an investigation was decided upon. In one instance it was found that Dennison had not paid out \$1,000 which he had been authorized to use in settling a death claim, but had converted the money to his own use and had made various excuses to the claimant.

Dennison got word of the threatened investigation and acted nervously during the morning. Last evening a servant heard groans in his room and the hotel clerk broke in the door just as he died. A physician reported that he had died of chronic disease of the heart, but the coroner, after an investigation, concluded that it was a case of suicide by poisoning. Dennison had been treasurer of the order for two years, and was under bonds which will protect the order.

MRS. GOUGAR'S LIBEL SUIT.

Congressman Morse Tells His Story in the Suit Against Him.

BOSTON, Sept. 15.—Congressman Morse occupied the stand almost all day in the celebrated libel suit for \$25,000 brought against him by Mrs. Helen M. Gougar of Lafayette, Ind., at the United States circuit court yesterday. He told of his Republican principles and long term as congressman. He classed the plaintiff in the list of vindictive speakers. Judge Putnam decided Morse's speech on the floor of the house was privileged and could not be put in as evidence if he wished. The cross-examination by Hon. Harvey N. Sheppard brought out the statement from Mr. Morse that he had no knowledge of Mrs. Gougar being paid by the Democrats for making political speeches.

No More Published Letter Lists.

WASHINGTON, Sept. 15.—The custom of publishing in the newspapers throughout the country the lists of unclaimed letters at postoffices will be abandoned and the list will be bulletined in the postoffice buildings hereafter. Acting Postmaster General Jones has decided to stop the old custom, as congress failed to make a sufficient appropriation for the usual amount of advertising. The expense of publishing the list last year was \$19,000.

Grand Army Work Done.

PITTSBURGH, Pa., Sept. 15.—The twenty-eighth national encampment of the G. A. R. and all the attendant ceremonies and festivities is over. The Women's Relief corps installed its officers this morning but the work of the other organizations was completed last night. The last number on the official program was completed to-day when the officers and delegates with their friends took a boat excursion to the armor-plate mills at Homestead.

A New Order for Kansas.

OSAGE MISSION, Kan., Sept. 15.—The monastery of the Passionist Fathers, a new order for this diocese and section of the country, was opened here this week. When the Jesuits left this mission in 1892 they deserted a fine set of buildings, erected at a large cost. Efforts to secure the Passionist Fathers as inmates were successful and the order spent \$20,000 repairing and improving the buildings. A new steam and gas plant was put in and many modern improvements made.

Flames in Marceline, Mo.

MARCELINE, Mo., Sept. 15.—At 2:30 o'clock yesterday morning fire, starting in the photograph gallery of J. A. Nickell, destroyed the building. On the first floor was the grocery store of J. T. Waller, valued at \$3,000. The building was owned by Dr. W. A. Carter and A. Hass, and cost \$5,000. It was insured for \$3,000. T. A. Smidley, clerk of the school board, had an office in the building and the records of the school board were lost. G. M. Hendrick, attorney, lost his books. Adjoining the burned building was the drug store of Allen & Dilmece, whose loss will amount to \$1,000.
