The Burlington people are at present

The Burlington people are at present engaged in solving knotty problems af-fecting the opening of the Billings line. To the outsider the matter of making trains meet at certain points seems to be the easiest thing imaginable, and it is when you know what connections you have to make between meeting points, but when a railroad opens up an abso-lutely new territory, making connections with a competing line hundreds of miles TWO LIVES LOST. in coughs and colds. Free trial bottles at McMillen's drug store. Regular size 50 cents away, the problem becomes decidedly and \$1.00.

ELECTRIC BITTERS.

to result. The passenger dpartment of This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the the Burlington having the matter of passenger train service in charge is wrestsame song of praise. A purer medicine does not exist and it will do all that is claimed. Electric Bitters will cure all diseases of the ling with the question as to what intermediate points in the new line time card mediate points in the new line time card can be dropped out of consideration in arranging the schedule for the 10:15 train, which will handle the Billings business for the winter. Next spring, however, a late afternoon train will be put on and the 10:15 train made second.

A positive and speedy cure for Cholera, Gapes, Roop and all diseases of chickens, ducks, geese and turkeys. Is composed of the purest and best drugs obtainable and is the best egg producer known. The price of one fowl invested in this remedy will ward off disease from the whole flock. Price 25 cents. Sold by McConnell & Co. defined in making a time card, the serious question which confronts the general passenger agent is, at what places mediate points in order to handle the

IMPORTANT TO HORSEMEN. Morris' English Stable Liniment removes all hard or soft lumps, puffs, saddle or collar galls, scratches, rheumatism, barbed-wire cuts, bruises, sprains and deformities of every description. The most remarkable discovery which enters into the opening of the Billings line is the consideration of Billings line is the consideration of description. The most remarkable discovery of the nineteenth century, originated by a celebrated English veterinary surgeon; pene-the present the question has not been decided, and a meeting of the chiefs of \$1.00. Sold by McConnell & Co. decided, and a meeting of the chiefs of
