ECONOMY must be the watchword of the next legislature.

GOVERNOR-ELECT HOLCOMB is having a peck of trouble with the patriots who want office.

SENATOR RATHBUN, Representatives Bee and Cole are credited as being Thurston men.

COUNT FERDINAND DE LESSEPS, the greatest engineer perhaps in the history of man, died in Paris, last Friday.

THURSTON senatorial stock is rapidly reaching the high-water mark. His election seems to be practically certain.

PLANS for an elastic currency that will make the mare go even in panicky times taken on subscription at this office. Bond required.

WITH the birth of the new year the Haigler News will turn its beautiful pink toes to the daisies, and Editor Snider will assume charge of the Benkelman Bee.

THE report of the secretary of the Interior shows that during the past fiscal year 39,951 pensions were dropped. Hoke might just as well have made it even 40,000.

THERE seems to be quite a general demand for the federal government to give greater stability and security to the banks of the nation, and thus secure to the country the much-needed confidence.

OVER \$5,000,000 have been taken from New York banks in the past ten years by dishonest employees. That is defalcation. The enormous amount taken from the people by the sugar trust cannot be computed. That is commercial shrewdness.

COLONEL TIM SEDGWICK of the York Times is greatly depressed about it, but is impelled to the conclusion "that there is no habit that will lead a man to greater self humiliation than the office-seeking habit." It seems passing strange to him that a man who has sat at the king's table for years will "go out in the barn-yard and scratch with the chickens."

VAILTON.

Quite a snow storm Monday. James Harris and two sons are spending a portion of the winter in the east.

A very small boy has recently made bright and lovely the home of Mr. and Mrs. Hatcher.

Messrs. Brown and Harlan have just finished putting up a nice lot of wood on the Kolb place.

There will be a vacancy in the post office here, soon. An office with more work than salary.

John Baldwin is improving his property under the ditch, which, by the way, is a very desirable tract.

Mr. Snodgrass will farm in the adjoining—Hitchcock—county the coming season; he moved there last Friday.

Neighbor Fauss and son Andrew, are prospecting in Texas. Mr. Grundy expects to visit that state ere long.

Mrs. E. S. Dutcher's mother, who has been spending a few very pleasant weeks with the family, returned home, Wednesday.

Sabbath school and Christian Endeavor meetings, every Sunday afternoon, at the Frederick School house. Both meetings are largely attended.

D. Dutcher has returned from his western trip, where he had been assisting Mr. Barr to open up and arrange a place to hold cattle and horses for the coming winter.

Supt. Bayston called on the Vailton school, last Friday. The country or district school work is something the superintendent is taking special pains to advance and perfect.

Quite an interesting literary society meets in the school house just north of here, every Friday evening. Good speaking, debating and music make up the programme. We think the silver question is booked for discussion this evening. In our opinion the silver dollar is all right, it being their general absence that disturbs our equilibrium.

INDIANOLA.

The county officers are doing business at the old stand.

W. George Sheppard was a visitor to the metropolis, Saturday.

The hunt, last Friday, was a success with two well defined sets of horns.

Charles King and wife visited relatives in our big sister city on the west, Wednesday.

The new officers of the Red Willow County Agricultural Society are: W. S. Fitch, president; Ora Clark, vice president; C. W. Beck, secretary; J. R. Neel, Treasurer; Willis Gossard, superintendent; A. P. Day, marshal.

Willis Gossard was, last Friday evening, summoned to Cripple Creek, Colorado, by a telegram announcing the sudden death of his brother Walker, by a premature explosion in a mine. The deceased formerly lived at Bartley. A wife and five children survive him, we understand.

TYRONE.

The snow storm caused much excitement.

Hard times have brought some of us down to two meals a day.

C. G. Broman went on a tour with Rev. Lavine to Long Branch, Kansas.

Mrs. Richmond and Miss Vorce have been attending the revival meetings at Wilsonville.

Yesterday we heard an animated discussion upon that old question, "Who was the father of Zebedee's children?"

Let us cut off expenses wherever we can. Last week we learned of an old "bach" who uses powdered cow chips for smoking tobacco and says it is a very good substitute.

FREE HOME TREATMENT.

CATARH CURES BY THOUSANDS BY DR. HARTMAN.

The symptoms of chronic catarrh vary according to the stage and exact location of the disease. The first stage of catarrh of the nose and head produces discharge from the nose, sneezing, pain in the eyes and forehead, weak, and sometimes watery eyes, occasionally loss of memory. In the last stage the discharge ceases, and dry, offensive scabs form in the nose; polypi growths sometimes form in one or both nostrils, and the pain in the head and eyes is much less. Unless something is done to prevent, the catarrh will follow the mucous membrane into the lungs, where it will be followed by coughs, night sweats, rapid loss of flesh and other dread symptoms of consumption.

To all such persons Dr. Hartman's treatment comes as a great boon. It is only necessary to send name and address to Dr. Hartman, Columbus, Ohio, and complete directions for first month's treatment will be sent free. Not only is it more successful in curing catarrh than the treatment of the catarrh specialists, but it is within the reach of every person in this land. A medicine which is the principal part of Dr. Hartman's treatment, known as Pe-ru-na, can be bought at any drug store, and is a remedy without equal for catarrh in all forms, coughs, colds, bronchitis, consumption, and all climatic diseases of winter. Each bottle is accompanied with complete directions for use.

Address the Pe-ru-na Drug Manufacturing Company, Columbus, Ohio, for a copy of their latest catarrh book. Sent free to any address.
