

# What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

**Castoria.**  
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."  
Dr. G. C. Osmond, Lowell, Mass.  
"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."  
Dr. J. F. Kincheloe, Conway, Ark.

**Castoria.**  
"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."  
H. A. Ancker, M. D., 111 So. Oxford St., Brooklyn, N. Y.  
"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

## Cattle and Hogs.

PAYS THE HIGHEST MARKET PRICE.

OFFICE: In the B. & M. Meat Market, where he will always be pleased to see his old customers as usual.

As there are so few Fat Hogs coming to this market, I have decided to make each Saturday a special market day for buying hogs. This will save much expense in feed and in shrinkage, and if the farmers will co-operate in this it will aid considerably in establishing a good home market.
