For ten years the desk calendar issued by the Pope Manufacturing Company has held a unique place among business helpers. Each daily leaf during that time has taught its quiet lesson of the value of better roads and outdoor exercise, and especially the benefits of bicycling. The calendar for 1895, which is just issued, is even brighter than its predecessors in appearance, as clever artists have added dainty silhouette and sketch to the usual wise and witty contributions that have heretofore given this popular calendar its charm. It can be had for five 2-cent stamps from the Pope Manufacturing Company, Hartford, Conn., or from any Columbia bicycle agency.

McCook now boasts two full-grown and feathered-out foot ball teams. Did you notice that large and confidential smile that now adorns the face of our undertaker? He says next to a new rail road comes a foot ball team—for his business.

A gentleman by the name of Zwonechek, of Wilber, has rented the store room on South Main avenue recently vacated by Joseph Reizenstein, and will put in a stock of flour and feed. The establishment will be in charge of Mr. Cooper.

Two or three of the boys were out on a "whizzer" the other night. George Connor's dog came athwart their pathway and paint brushes, and the result is anything but charming to the eye or comfortable to the dog.

Interesting and promising revival meetings are in progress in the South McCook school house. Rev. Forman has suspended his meetings in the Methodist church for a few weeks.

W. M. Lewis and J. H. Dwire have opened a cigar store in the late Lewis saloon building on south Main avenue.

A gentleman from Oberlin and Widow Henderson of our city were married, yesterday, by Rev. A. G. Forman.

Lawyers McNeny and Gilham have been employed by the water power millers on the Republican river from Orleans to Concordia, to bring suits to restrain all ditch companies in Nebraska from diverting the waters of the Republican and tributary streams for purposes of irrigation. The suits will be prosecuted on the principle of priority of right.—Red Cloud Chief.

Representative Cole expects to introduce in the legislature a proposition to amend the state law to limit the session of county commissioners to four terms per annum and a sufficient number of days to transact the business of the counties. A special session to be called by petition of bona fide taxpayers instead of at the whim of the county clerks.—Culbertson Era.

The Ladies' Guild of the Episcopal church held a fairly successful bazaar and supper in the Temple building, Tuesday evening.

DISGUISED CATARRH.
A Stealthy, Insidious, Weakening
Enemy to Women.

There are a multitude of women, especially housewives, and all other women obliged to be on their feet constantly, who are wretched beyond description, simply because their strength and vitality is sapped away by catarrhal discharges from the pelvic organs. These women get up in the morning tired, drag themselves through their daily duties tired, only to go to bed at night as tired as before.

Pe-ru-na is such a perfect specific for each case that when patients have once used it they can never be induced to quit it until they are permanently cured. It begins to relieve the disagreeable symptoms at once. The backache ceases, the trembling knees are strengthened, the appetite restored, digestion made perfect, the dull headache is stopped, and the weakening drains are gradually cured. These results certainly follow a course of treatment with Pe-ru-na.

A valuable illustrated pamphlet of 32 pages, fully describing this class of disorders, including coughs, colds, la grippe and all other climatic diseases of winter, will be sent free to any address by The Pe-ru-na Drug Manufacturing Company, Columbus, Ohio.

A Chance to Make Money.

I have been selling dish washers three weeks, and have cleared \$315. Can any of your readers, without previous experience beat this? In this business a woman can make as much as a man. Every family wants a dish washer when they can be got so cheap, and they will have one no matter who it is that is selling it. I am convinced any one can make from \$5 to \$10 a day in this business, anywhere, city or country. They all want dish washers. You can get particulars by addressing the Iron City Dish Washer Co., E. E. Pittsburg, Pa., and by beginning at once you can have enough money by spring to start in most any kind of business. I am going to stick right to this dish washer business until I make \$10,000.

BIG majorities are dangerous. Let the brakes be handy during the coming session of the legislature.

R. L. B. STEVENSON, the famous novelist, died in Apia, Samoa, a few days since. Consumption carried off the brilliant, weird author of Dr. Jekyll and Mr. Hyde.

ONLY eight long-haired brutes were gathered to their fathers during the 1894 foot ball season. The prize ring is a haven of refuge compared with the "intellectual" game of foot ball as played by the average gang of university toughs.
