ABSOLUTELY PURE

The McCook Tribune.

\$1.50 A YEAR IN ADVANCE.

GROVER and Dave have kissed and made up.

THE Hastings Nebraskan has suspended till better times.

SENATOR RATHBUN has a bill in his incubator which asks the state for an appropriation to secure water for irrigating purposes from artesian wells.

THE hardy settlers of Red Willow county have no thought of giving up the ship, notwithstanding the hardships imposed upon them by two consecutive crop failures.

THOUGH needy, western Nebraska is not in a starving condition, as pictured in the eastern press by highly imaginative quill-drivers. Needy and deserving, but hardy and hopeful.

REPRESENTATIVE LAMBORN has introduced house bill No. 1 which provides that counties may issue ten-year bonds and buy seed and feed for needy settlers. It provides severe penalties for fraud in applying for relief.

REPRESENTATIVE LAMBORN is chairman of the committee on federal relations, on is a member of the committees on railroads, manufactures and commerce, claims, rules, insurance and irrigation. On the irrigation committee are also McBride, Bee and Cole of the Republican valley delegation. So that there is no good excuse for the interests of the people to go astray on that paramount question.

THE California irrigation law, or the "Wright bill" as it is generally called, is in many respects unsuited to our wants and needs in this state. We understand that the law proposed for enactment at the present session of the legislature is practically the Wright law of California. Among other objections, it is too elaborate, cumbersome and expensive; it does not sufficiently protect the water consumer. This matter of the irrigation law proposed for passage by the present legislature demands closest scrutiny. We should have the simplest, most equitable, least expensive law in its operation, that can be enacted. The case does not require a lot of high-priced officials just now at all events. Give us a fair and square law sans trimmings.

A CHANCE TO MAKE MONEY.

In the past week I have made \$125 and attended to my household duties. I think I will do better next week. It seems the more Dish Washers I sell, the more demand I have for them. I think any lady or gentleman, anywhere, can make money in this business. It is something every family wants, and when they can be bought so cheap, they buy them, and the person who has enterprise enough to take an agency is sure to make money. I wish any of your readers that wish to make from \$5 to \$12 a day, would try this business and report their success. Any one can get full particulars by addressing the Iron City Dish Washer Co., E. E. Pittsburg, Pa. Such a chance is rare—at least I have never struck one.

MARTHA F. B.

AN OLD COLD

IS CHRONIC CATARRH, THE WORST DISEASE KNOWN.

The first stage of catarrh is commonly called catching cold. It may begin in the head, nose, throat or lungs. In the majority of cases no attention is paid to a cold, therefore nearly half the people have chronic catarrh in some form. To neglect a cold is to invite catarrh.

The second stage of catarrh is sometimes called an old cold. If in the head, there is roaring, cracking in the ears, periodical headache, and confusion of the senses. If in the nose, discharge, sneezing, noisy breathing, and bad breath. In the throat it produces enlarged tonsils, hoarseness, sore throat, hoarseness or weak voice. When the catarrh reaches the bronchial tubes and lungs it produces cough, pain in the chest, expectoration, night sweats, loss of flesh and shortness of breath.

A cold in the head, which a single bottle of Pe-ru-na will cure, soon becomes a case of chronic catarrh, which will require many bottles to entirely cure. A sore throat, which one bottle of Pe-ru-na will cure, soon becomes chronic pharyngitis or enlarged tonsils, which will require many bottles. A slight cough, which, without a vestige of doubt, will soon disappear with the use of Pe-ru-na, becomes chronic bronchitis, which requires a persistent use of Pe-ru-na for some time. There are a great many cases of consumption each year due directly to a neglect of coughs, colds, etc., which, if Pe-ru-na had been kept in the house and used according to directions, would have been prevented.

For a free treatise on catarrh, coughs, colds, consumption, and all diseases of winter, send to The Pe-ru-na Drug Manufacturing Co., Columbus, Ohio.
