FEW statesmen and patriots rise above nepotism, which is prevalent in a noticeable degree in the present legislature.

IN the appointments in the present legislature Lancaster county exhibits the characteristic hoggishness of the big cities of the east end.

THE New York Sun describes the recent love-feast between Grove and Dave as the kissing of righteousness and peace, and leaves the reader in doubt as to the identity of the kissers.

LOOTING state treasuries is getting to be quite a fad. A choice selection of state treasurers and their thieving confederates need to be Barrett Scott-ed most urgently. Even if some of them must be lost down a well or in the unopenable mystery of the Niobrara's quicksand.

SECRETARY LUDDEN's report of the non-arrival of the vaunted contributions to the "Nebraska sufferers" from various states of the Union suggests a modern method of getting big advertisements gratis. The Journal hopes, however, that the people in the states so far promising with no performance will insist on having those train loads of wheat and coal forwarded or else that the fact of their non-appearance shall be as widely advertised as the good intentions of those who contributed them in their dreams.—Journal.

THOUSANDS of people had to be turned away from a meeting of citizens called in San Francisco, Saturday, to protest, among other things, against the Pacific funding bill. The people of California have not been quiescent under the threat of this odious piece of legislation, but have been showering remonstrances upon their representatives in congress and calling upon them to defeat it at all hazards. The representatives from the Pacific coast will not be able to excuse a vote in favor of the funding bill by asserting that they did not know how their constituents stood on the matter. Colorado, too, has spoken against the funding bill through its legislature. What does the Nebraska legislature propose to do?—Bee.

SOUTH DAKOTA appears to have been blessed with two thieves in her roll of state officials. According to late reports the land commissioner has been stealing the school fund that passed through his hands as the proceeds of the school land sales and leases. As in the case of the treasurer the steal was consummated through the carelessness of other officials whose duty it was to look after his accounts. It is a bad mess and indicates a general state of demoralization in official and banking circles in that young state. Now that the horse is gone it is too late to lock the door of the stable, but the thieves should be run down to the last man of them and equal justice meted out to the gang, from the highest to the lowest.—Journal.

THE HUMAN EAR.

A NOTABLE LECTURE ON THE SENSE OF HEARING BY DR. HARTMAN.

During the course of one of Dr. Hartman's latest lectures at the Surgical Hotel, he said: "Good hearing is essential to health and safety. A continual roaring, crackling and buzzing in the head, which is always produced by partial loss of hearing, is a constant nervous irritation which will gradually undermine the strength. Besides this, even a slight loss of hearing, renders any one more liable to accident, many persons being killed every year because of partial deafness. Many people think that a gradual loss of the sense of hearing is inevitable, and that every one must submit to it sooner or later. Hence they make no effort to find a cure. This is a mistake. Loss of hearing in the old or young people, is nearly always due to chronic catarrh of the head or middle ear."

Catarrh of the throat passing up through the Eustachian tubes to the middle ear. The catarrh in rare cases originates in and remains confined to the middle ear. The symptoms are: Roaring, crackling, buzzing in the ear, with gradually increasing difficulty in hearing. If not cured the hearing will be entirely destroyed. When the case has not gone too far before treatment is begun Pe-ru-na will cure every case. It is only after catarrh has destroyed portions of the middle ear that Pe-ru-na fails to cure. All such cases should write Dr. Hartman, Columbus, O., for further advice.

A book on la grippe, coughs, colds, catarrh, etc., will be sent free to any address by the Pe-ru-na Drug Manufacturing Company of Columbus, Ohio.

TYRONE.

Rev. Streeter filled his appointment here Sunday.

Mrs. Hunt and son Charlie visited old friends at Tyrone, fore part of the week.

The X-roads literary society will debate the question: Resolved, "That single life affords more happiness than does the married state."

At the Sunday school election, last Sabbath, Frank Moore was re-elected superintendent and Mrs. Mary Richmond, assistant superintendent.

The many friends of Hon. J. J. Lamborn here are pleased to note that he was first to offer a bill for the relief of drouth sufferers, also that he is serving on some important committees.
