

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Osceola,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Kinchloe,
Conway, Ark.

Castoria.
"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
UNITED HOSPITAL AND DISPENSARY,
Boston, Mass.

COLEMAN.

Snow, more snow.
The school in district 65 closed last Friday.
Frank Coleman went to Hayes county, Saturday.

Gertie Coleman spent Thursday night of last week at home.

Charles Beach of Hayes county spent a few days in this vicinity, last week.

The snow and cold wave has put a stop to seeding operations, for a few days.

Mrs. M. H. Cole has sold over one hundred pounds of butter, the past winter.

Miss Ella Smith is staying with Mrs. Thomas Read during Mr. Read's absence in Illinois.

It is all right to preach economy but how can a man practice it if he has nothing to practice with.

School in the Hamilton district closed last Friday. The scholars in district 58 attended the closing exercises in a body.

Mrs. Epperly, Cole, Hines, Coyle and Corner spent a day with Mrs. Coleman, and beheld the storm followed. Come again.

To-day (Friday) Miss Laura Pickering will close the most successful six months term of school that has ever been taught in district 58. The board at first contracted for a three months term, and at its close contracted for three months more at an advance of \$10 per month in wages. On Tuesday evening of this week the young people of the neighborhood to the number of twenty or more gathered at her boarding place, at the home of Mr. Nicklas, and spent the evening with her. It was a complete surprise to her, but none the less appreciated and enjoyed. She was an active worker in the Sunday school, and at its close, last Sabbath, the school bid her good bye. It was a very affecting and tender parting.

DR. HARTMAN

SAID IN A RECENT LECTURE ON CHRONIC CATARRH AND CONSUMPTION.
Catarrh of the lungs is, ordinarily, known as consumption; also called tuberculosis. In these cases the catarrh has usually found its way into the lungs by the gradual extension of the disease from the throat through the bronchial tubes. Consumption is the natural termination of all cases of neglected chronic catarrh. Every one who is afflicted with chronic catarrh is liable to be attacked with consumption at any time. In the first stages of the disease Pe-ru-na is a sure cure; in the later stages of the disease Pe-ru-na can be relied upon to produce great benefit, and in a large percent of cases produce a permanent cure. All those afflicted with this dread disease should begin at once the following treatment.

After all other means have been tried in vain; after doctors have pronounced the case hopeless and friends have given up in despair; after the patient has lost all faith and the incessant care of attendants seems futile, there is still hope in Pe-ru-na. Send for a free copy of Family Physician, No. 2, a complete treatise on chronic catarrh, coughs, colds, la grippe and consumption. Address The Pe-ru-na Drug Manufacturing Company, Columbus, Ohio.
For free book on cancer address Dr. Hartman, Columbus, Ohio.

Knipple is headquarters for bulk seeds. Don't fail to consult him before buying your spring supply.
Children Cry for Pitcher's Castoria.

NORTH DIVIDE NUBBINS.

Uncle Billy Johnson is sowing 40 acres to wheat, this week.

A sort of hop was held at the old Scofield place, Friday night, and was attended by a mixture of "raggers."

A telephone from North Divide to a certain and sometimes inaccessible school house up near the Willow is talked of.

The winter has passed on the Divide without a candy pulling party. The boys got in the habit of twisting the candy in the girls' hair, hence, etc.

A pretty sociable that will long be of pleasing memory to the many guests who were in attendance, took place, last Tuesday evening, at the Box Elder M.E. church.

A. F. Reeves who has been sojourning in Southern California for the past few months, was expected home some time ago, but we understand he has concluded to remain there, having found employment.

Fred Carter, who does as much farming as any man in the county, is probably sitting back of the kitchen stove rubbing grease on his chilblains and wondering when he can get at his spring plowing.

Much pleasant anticipation attaches to the time when the writer will bring his better half from the land of Kansas. This, by the way, is the result of an untimely report that seems to have gained credence during our recent absence, and we are the subject of many hilarious though good-natured congratulations, etc., etc.

The Sherman brothers and their families who have been in the eastern part of the state during the past fall and winter have returned home and will resume farming operations in due time. We are pleased to have them back again and regret to learn that their temporary removal from here was not a paying one.

North Divide claims to have the biggest boy in this neck of the woods. M. Steltzer Esq., 19 years of age, weighs (right after dinner) 197½ pounds, and honest American weight at that. Mike, as the boys call him, trips the light fantastic now and then, and when occasion demands can move about quite airily. It is said that he can eat 49 corn meal pan cakes dipped in ham gravy, at one sitting, and never bat an eye.

While a great many people have left and are leaving Nebraska, there are many end gates going in the right direction. For every mover that goes east one goes west, according to the statement of those who have watched the movements of the discontented through McCook. The man who concludes that Nebraska will raise an enormous crop, this year, has good, common sense. This country has reached the limit of bad crops and the turn will come this season. It always does when the patience of the people is worn out. Have patience and shuffle the cards.
CONNIE.

A CHANCE TO MAKE MONEY.

I am delighted with my success selling Dish Washers; in the last six weeks I made \$534, and was sick part of the time. I think this is pretty good for an inexperienced lady. I am surprised there has never been a good Dish Washer put on the market before, as everyone seems so anxious for one. It is certainly a popular demand that is unsupplied, and that means big money for the agents that supply the demand. I believe any woman or man can make from \$5 to \$12 a day anywhere in this business, and by addressing the Iron City Dish Washer Co., E. E. Pittsburg, Pa., you can get full particulars. It simply requires a little push. You can't expect to make money unless you try. I would like to have the experience of others of your readers in this business.
M. FRANCIS.

We are just in receipt of a new supply of tablets and box papers memorandums, etc.
