Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osmond,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kinchloe,
Conway, Ark.

The Cantour Company, 77 Murray Street, New York City.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

Last Friday witnessed the concluding exercises of the most successful six months' term of school ever taught in district 58. Miss Laura Pickering conducted the school, and the rapid advancement of the pupils is evidence that she understands the art of teaching. Book-keeping and some other of the higher branches were taught. Quite a number of the advanced scholars took up these branches. The pupils took an unusual interest in their studies, and by attentive application to study displayed a commendable thirst for knowledge. This earnestness in seeking after knowledge was the direct result of the faithful promptness of the patient teacher. The scholars who attended this term will long hold in pleasant memory Laura Pickering, their teacher. Friday evening there was an exhibition. The programme contained fifty-seven numbers, consisting of a speech of welcome, songs, declamations, dialogues, etc., and they were all delivered in a very creditable manner, occupying three and one-half hours time. Each one willingly and heartily enacted the part or parts assigned to them. Over one hundred and thirty people were present, and many pronounced it the best school exhibition they had ever witnessed.

"WHEN SPRING COMES

I RECOMMEND PE-RU-NA TO ALL SUFFERERS" SAYS EDITOR W. T. POWELL, OF CLARINGTON, O.

W. T. Powell, editor of the Independent of Clarington, Ohio, writes that he was taken sick with bronchitis and catarrhal fever, head was in a terrible condition, lungs were badly affected, being so tight and sore he could hardly breathe, and coughed almost incessantly. For two months tried local physicians, took cough medicines and other medicines. Took three bottles of Pe-ru-na and was entirely cured.

It is needless to attempt to give only the vaguest outline of the wonderful success which Pe-ru-na has met with in the form of catarrh. This success is entirely due to the fact that Pe-ru-na eradicates the disease from the system, instead of temporarily relieving some disagreeable symptom. Not only is catarrh in all stages and varieties cured promptly, but also colds, coughs, bronchitis, la grippe, catarrhal dyspepsia, all yield, surely and permanently, to the curative virtues of Pe-ru-na.

As a spring medicine Pe-ru-na is a never failing remedy. It cleanses the blood through digestion, and gives tone to the whole system by increasing the nutritive value of the food. "Spring fever," as it is sometimes called, which produces a tired-out, sleepy feeling, and inability to do much mental or physical work, is the result of a sluggish digestion, and no blood medicine will be of any use whatever unless it is able to rectify the impaired digestion. The great popularity that Pe-ru-na has is due to the fact that in all such cases it at once corrects digestive derangements and enriches the blood by purifying this very important source of that vital fluid. Send for book on spring medicines and spring diseases. Also a valuable treatise on catarrh, la grippe, consumption, coughs and colds, by Dr. Hartman, sent free. Address The Pe-ru-na Drug Manufacturing Company, Columbus, Ohio.

A HAPPY MOTHER—\$72.50 IN A WEEK.

MR. EDITOR:—I feel so happy that I must tell, through your valuable paper, what I did, so others can be happy and make money too. Things looked blue; these hard times had thrown my husband out of work; the interest on the mortgage was coming due and no money. I saw an advertisement of the Rapid Dish Washer and thought I could sell them. I sent \$5.00, got one, and my husband washed the dishes because he did not have to put his hand in the water, and did not have to rub them nor dry them; they came out all nice and clean and ready for the shelf. He also took care of the house and baby. I got the agency and sold ten the first day, and have cleared this week \$72.50 and will by next week have enough to pay the interest, and am sure we will have money all winter. Anyone out of work should send to W. P. Harrison & Co., Columbus, Ohio, and get a circular, have a happy home, and make money too. Times are going to be hard this winter, and much suffering can be saved if mothers and daughters would do as I have.
