

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osgeon,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kincheloe,
Conway, Ark.

The Centaur Company, 77 Murray Street, New York City.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

HOW TO MAKE MONEY.

I understand now why I could not make money with the plater that I had. There are so many things about the plating business that I did not understand. It was not until I saw the advertisement of Gray & Co. Plating Works, Columbus, Ohio, that I commenced to make money. The Royal Plater is sent by this house and all the trade secrets connected with the plating business, such as are necessary in the great gold and silver plating factories are given free. As soon as I got the Royal plater I made money right along. Last week I cleared \$72.50, and everybody is delighted with my work. Anyone who has had trouble with their plating machine, as I have, should send to the above firm and obtain their circulars, and they will be able to make lots of money as I have done. The Royal Plater is fitted out complete ready for business; you do not have to spend a cent for materials. During these hard times this information is valuable.

NORTH DIVIDE NUBBINS.

News is plentiful and more yet to come.

There was a jolly hop over at Sam Hall's, one evening last week, and Mike was on hand.

Sam Newton, he of that strange vocal organism, can be heard warbling this pleasant spring weather.

Mrs. Edward Stewart of Harlan county is enjoying a brief visit at the home of her parents, Mr. and Mrs. W. X. Johnson.

Mr. Cashen, the renter on the Krefel place, has sown about one hundred acres to small grain, the owner furnishing the seed.

A. F. Reeves is now located at Placerville, California. We are pleased to learn that he is doing well there, being employed in a lumber camp.

A. J. Hanlein mourns the crippling of a good pony that was cut in a frightful and sickening manner on a wire fence, a few days ago. These are indeed memorable and troublesome times.

In a letter from W. S. Hanlein, of Tacoma, Washington, he says they are having a good deal of rain there, far more in fact than is necessary, and perhaps bye and bye the clouds and the rain will come this way.

A good many trees of various kinds will be planted this spring. It's a good idea. It adds to the appearance of any place, and their shade in the summer is just the place for a barrel stave hammock and lemonade.

George Henderson has been working right along through thick and thin and has right smart of plowing and other work done. "Roundy" is 21 now, and cast his first ballot for a good cause at the recent election.

By stirring around in time one can hear the pleasant sound of the partridge in all directions, which calls to mind the time we placed a rat trap in the nest of one of these fowls, on the edge of a slough way back in Indiana.

North Divide has a matrimonial bureau, or in other words a match-making society, and its members are composed of a girl, and an older girl, and one older than old boy. Their first meeting was gratifying, though attended on the quiet.

On Monday evening a motley array of young folks had a chivari at the home of Bentz Gockley over in the famous "union labor" district. We haven't the particulars, but it seems that Bentz has taken unto himself a gude little wife, and we join with a host of friends in wishing them well.

A perfect gale raged over this part of the country, the closing days of last week, which may be nothing to comment upon, but had the wind quit blowing we might have had a good rain. The wind may cease though in due time, we hope so, at least, as we are having a tough time of it one way and another.

The writer and several others from here were at the "entertainment" which was held at the Red Willow school house, Wednesday evening of last week. There was quite a large though thoroughly disgusted audience present, as the affair was of a low and demoralizing order, replete with songs wherein his Satanic majesty was the most prominent and regaling feature.
