

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osmond,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kincheloe,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

COLEMAN.

Who observed Arbor day by planting trees?

C. W. Lepper has sown eight acres of alfalfa.

Ice formed one-fourth of an inch thick, Monday night.

A. Prentice has sown twenty-five acres to wheat on the Gesicke farm.

Miss Viola Corner was visiting with Mrs. S. Johns, several days last week.

C. W. Lepper is farming the Bert Potter farm in connection with his own.

Hank Smith is farming the land recently purchased by Frank Caruth of C. H. Boyle.

Misses Ida and Blanche McCook were visiting in this vicinity recently.

In Wm. Coleman's orchard are apple, crab apple, cherry, plum, peach and pear trees in bloom.

The young folks spent a pleasant evening at the home of Mr. and Mrs. H. B. Wales, not long since.

W. J. Cole, recorder of Dallas county, Iowa, and brother of M. H. Cole of this town, arrived here, Friday night. He returned home, Tuesday morning, accompanied by his father who has been here for several weeks past.

DIED—At his home in the northern part of this precinct, Thomas Ryan. Mr. Ryan retired Wednesday night in his usual health. On Thursday morning at about eight o'clock his son James went into his room to call him, and after talking a few minutes, he arose, and while in the act of dressing himself, he suddenly fell and expired at once. He leaves two sons and three daughters to mourn his sudden death. His sons Thomas and James live here. A daughter Mrs. Mary Brady lives in McCook. Another daughter Mrs. Margaret Maher lives in Chicago. The other daughter Miss Catharine Ryan and a brother live in Henry county, Illinois. Mr. Ryan was born in county Tipperary, Ireland, in 1819, and was seventy-six years old last birthday. He came over to this country in 1849, and settled in Illinois, where he farmed 43 years. He came here in the spring 1892, and made this his home since then. The arrangements for the funeral are not yet made.

TIRED WOMEN.

THE HOUSEWIFE, THE FARMER AND THE TOILERS OF ALL VOCATIONS.

Depression of the nervous system at the approach of spring is a fertile source of blood impurities. That tired feeling, which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quickly disappears when Pe-ru-na is taken. Thousands are daily testifying to its priceless benefit. General lassitude, dull, heavy sensations, continual tired feelings, with irregular appetite, and sometimes loss of sleep. Pe-ru-na meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Pe-ru-na invigorates the system, rejuvenates the feelings, restores the normal appetite and procures regular sleep.

This tired-out feeling is especially true of the housewife in spring time—used up, fagged out, jaded and weak. There are thousands of them everywhere. A few bottles of Pe-ru-na would do them untold benefit. As a tonic and nerve invigorator it has no equal. It builds up the nerves, it gives strength to the circulation and at once restores the appetite and digestion. No feeble woman should be without Pe-ru-na.

A finely illustrated pamphlet on Spring Medicines sent free by The Pe-ru-na Drug Manufacturing Company, Columbus, O.

For free book on cancer address Dr. Hartman, Columbus, Ohio.

NORTH DIVIDE NUBBINS.

J. M. Henderson has planted about 50 acres of broom corn.

The writer made quite a good deal of garden, this week, in a box.

Mrs. W. Y. Johnson is slowly recovering from a long and severe spell of sickness.

Mike Steltzer will help gather the eggs over at Uncle Billy's for the next month or so.

A consignment of flour and garden seeds were distributed among the faithful and needy, this week.

The frost, during the early part of the week, was not expected and many a Divide garden suffered accordingly.

Services at the Box Elder M. E. church have been discontinued for the present, owing to the illness of Rev. Vivian.

J. S. Modrell began listing corn, first of the week, and intends keeping at it until he has in 100 acres or more.

Dick Hanlein had business of special importance at Bartley, this week, going overland and walking most of the way.

Grass is coming on nicely and all stock that have free range wander many miles from home and go at the rate of nine knots an hour.

Several of the young folks had a surprise party at the pleasant home of Miss Carrie Kimball, on Thursday last; all enjoyed the occasion immensely.

A great deal of the Iowa hay that is being fed throughout this neighborhood is likened unto strips of oilcloth: wide, glossy and very unwholesome. Just the thing though for reseating cane bottom chairs, for which purpose it is said to be incomparable, lasting for many years.

During the hurry and rush of the present time, the writer is often puzzled and some times at a loss to know just what sort of a meal would be good for a change and still meet the requirements of a tasty and varying appetite. For the benefit of those who are also in a hurry and haven't much time to waste, we offer the following, which ought to more than be appreciated. After the cook has been "gallyvanting" over the country the better part of the previous night, an early breakfast is needed, and nothing can be gotten in preparation for the table with less exertion than a magnesia pudding, served cold, and drink as much water as you like. For dinner, when there's no wood split and the brush pile is low and one comes in from the field tired and somewhat hungry, a good cup of sage brush tea with more of the pudding served with alkali sauce will satisfy most any one. For supper you'll be reminded of the dance somewhere over on the Big Flat, so that it takes but a moment or so to prepare a delicious loco fry, with red willow gravy, and there'll be time left to "spruce up" for the hop. CONNIE.

Knipple is headquarters for garden seeds of all kinds. Call and see his supply and get his prices before laying in your stock for spring planting.

Early Ohio seed potatoes—Minnesota grown, at the McCook Commission Co.'s for \$1.25 a bushel.
