## Republican Judicial Convention.

The Republican electors of the Fourteenth Judicial district of the state of Nebraska are hereby requested to elect and send delegates from their respective counties to meet in convention in the city of McCook on Wednesday, September 18th, 1895, at one o'clock, p. m., for the purpose of placing in nomination a candidate for Judge of the District court of the Fourteenth Judicial district, and to transact such other business as may properly come before the convention.

The basis of representation will be one delegate for each one hundred votes or major fraction thereof cast at the general election of 1894 for Hon. T. J. Majors for governor, and allowing one delegate at large for each county. The counties will then have delegates in the convention as follows:

Chase	4	Gosper	5
Dundy	4	Hayes	4
Frontier	8	Hitchcock	6
Furnas	12	Red Willow	11
TOTAL		54	

The committee suggests that the delegates present cast the full vote of their respective counties.

J. E. KELSEY, Chairman.

O. E. BUTTERFIELD, Secretary.

JUDGE WELTY will not be without friends and supporters in the Populist judicial convention which will meet here in September 7th.

THE Frenchman Valley Times would be more presentable if the prohibition publisher would send his weekly issues to the laundry and have them run through the clotheswinger before mailing them to his subscribers. It would save postage, and might make the sheet reasonably readable.

LAST week's Danbury News gives a number of pregnant, potential pointers why J. C. Moore of Tyrone precinct should be nominated for the office of county superintendent of public instruction. His qualifications, strength and claims are dwelt upon at length, and altogether a very strong case is made out.

THE retail storekeepers of Denver have organized for protection against the omnivorous department stores, who have in a measure destroyed their various businesses. The department stores are a most destructive blight upon the small retail business, and a splendid example of the curse of centralization and concentration.

THE Republican state central committee met in Lincoln, Wednesday afternoon, and decided to hold the next convention in Lincoln on October 2, at 2 p. m. The representation is based on the vote for State Treasurer Bartley and will make a convention of 1,057 delegates—by half too large. There was a full attendance. There seems to be no opposition to the renomination of Chief Justice Norval.

THE famous Wright irrigation bill of California has been declared unconstitutional. The Nebraska bill, unfortunately, is closely modeled after the Wright bill. Some objectionable features of the Wright law were pointed out by THE TRIBUNE at the time the Nebraska law was under consideration by the last legislature, but the gang evidently wanted the measure, and they got it. The question now arises, in view of the California case, what will they do with it.

Jerry Hammond was a west end visitor, Monday. We hear it stated that Jerry is not opposed to becoming Clerk of the District Court Bond's successor, and perhaps his trip had something to do with his political aspirations.

Messrs. Hoyt, Berge and Bond were in McCook on last Friday afternoon, in the capacity of a board of insanity, to act in the case of Mrs. B. J. Doyle, whom they adjudged insane, and ordered sent to the asylum at Lincoln for treatment. The unfortunate woman imagines that she is God and exhibits various moods, sometimes being quite violent.
