The government is making an experiment near Holyoke, Colo., on the line of the Burlington, to find water for irrigation. A large artesian well is now being drilled as an experiment and if this proves successful the work will be carried further.

The San Diego, Pacific & Eastern Ry. is a new corporation on the Co-Operative Share plan, under the auspices of the various brotherhoods. Work will begin when 100,000 shares are sold; 35,000 are now disposed of at \$10 per share, besides offers from towns along the right of way. W. H. Davis has full particulars of this project.

Surprise and consternation were caused in local railroad circles, this week, by the discharge of Engineers Arthur Sander, Thomas Combs, Robert McElhenney and J. A. Harris. The ground for the discharge of these men is said to be the alleged fact that they are members of the Brotherhood of Railway Engineers. It is further rumored that there are quite a number more on the list for similar action for the same cause; and the company's recognized hostility to organized labor makes their final discharge quite probable. It is rumored that the brotherhoods have quietly secured quite a strong footing all over the great system.

Land! Land! Land!

I have the largest list of lands on my books of any agency in southwestern Nebraska, and all of these lands can be bought right and at prices that will make the purchaser money. But in addition to my regular list I have a few tracts upon which I took options, last spring, and for the next 60 days I can sell these lands at dry weather prices. There are some very fine alfalfa lands among them. C. F. BARCOK.

Children Cry for Pitcher's Castoria.

In a recent letter to the manufacturers Mr. W. F. Benjamin, editor of the Spectator, Rushford, N. Y., says: "It may be a pleasure to you to know the high esteem in which Chamberlain's medicines are held by the people of your own state, where they must be best known. An aunt of mine, who resides at Dexter, Iowa, was about to visit me, a few years since, and before leaving home wrote me, asking if they were sold here, stating if they were not she would bring a quantity with her, as she did not want to be without them." The medicines referred to are Chamberlain's Cough Remedy, famous for its cures of colds and croup; Chamberlain's Pain Balm for rheumatism, lame back, pains in the side and chest, and Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. These medicines have been in constant use in Iowa for almost a quarter of a century. The people have learned that they are articles of great worth and merit, and unequalled by any other. They are for sale by McConnell & Co., druggists.
