DR. HARTMAN SAYS

NOW IS THE TIME TO GUARD AGAINST COLDS—THE FIRST COLD WEATHER.

In a recent lecture at the Surgical Hotel Dr. Hartman is reported as saying that no one need catch cold if he is willing to give the matter slight attention; that a cold is the beginning of chronic catarrh. Consumption, disease of the liver, stomach, kidneys and pelvic organs. All this could be prevented by taking his advice. The doctor's professional duties compelled him, for many years, to be much on the road night and day, by carriage, railroad and steamboat. During all this time he never caught a cold. This could not have been done without Pe-ru-na, he says. At the slightest evidence of a cold a few doses of Pe-ru-na invariably check it.

This is especially seasonable advice, for the cold winter is here, with its storms, sudden changes, sloop, rain and snow. Thousands of people will contract diseases from which they will never recover, by catching cold. Dr. Hartman's advice should be heeded. Pe-ru-na cures catarrh of any stage or location. It is the most popular remedy for la grippe, coughs, colds, etc.

Send for a free copy of an illustrated book on catarrh. It contains sixty-four pages of valuable instruction. Address The Pe-ru-na Drug Manufacturing Company, Columbus, O. Ask your druggist for a copy of The Pe-ru-na Almanac for 1896.
