Stay in Nebraska.

senger, formerly of Gage county, who NEBRASKA. wasted a year in searching for a better answer:

YORK is still agitating that beet sugar factory.

OVER THE STATE.

EMANUEL LAPP of Gage county has been adjudged insane and will be taken to the asylum.

THE 2-year-old daughter of H. E. Schultz, Grand Island, fell into a pail of boiling water and died from its burns.

BRADSHAW'S creamery, destroyed by fire last May, has been recently rebuilt much more substantially than formerly.

A. TYSON. one of the oldest and most respected settlers of Cass county, died at his home near Elmwood last week at the age of 75.

Buy home made goods and build up, home industries, is a good policy. Farrell's Fire Extinguisher, made by Farrell & co., Omaha.

THE Lincoln committee has nearly raised the \$50,000 necessary to secure the next annual reunion of the Grand Army of Nebraska.

A CONSTABLE arrived in Ashland from Council Bluffs, Ia., for the purpose of arresting J. O. Kelly, who was wanted year on forty acres for water goes right in that place charged with disposing of on for all time. He may pay up his mortgaged property.

A young Bohemiam girl from Wyoming recently landed in Chadron with the object of inducing her betrayer, who lives in that city, to right as far as possible the wrong he had done her.

THE mill and warehouses of the Alliance Milling company were totally destroyed by fire. The property is valued at about \$25,000, and together with the contents was insured for about \$13,000.

ATKINSON had a mad dog scare. The dog ran through the principal streets of the town snapping at everything within reach. A number of dogs were bitten, as well as some horses and cattle.

FRANK PERRY, while working in an irrigation ditch twelve miles north of Springview, was caught under about spirit of the meeting was decidedly in liver, Mr. Tesla says, the physicians two tons of frozen dirt and crushed in favor of beet growing. The only hossuch a manner that he died from his injuries.

IN Beatrice while C. A. Jackson was engaged in waiting on a customer in the front of the store, someone entered from the rear and stole two money drawers from the safe, containing about \$75 in cash.

week. The failure is caused by complication with the Bank of Stratton, which failed recently. Assets are said to be \$28,000; liabilities, \$12,000. So FAR this winter butchers of Springview are taking their beef cattle off the pound of grain or hay are in good condition, and horses and sheep grazing on the dry, brown buffalo grass are very fat. THE old hedge fence in Cass county is fast becoming a thing of the past. Where a few years ago a farm was thought to be more valuable with a hedge fence, it is today considered damaged by being surrounded by a growth of osage.

TESLA'S ELECTRIC CURE, "How does New Mexico compare with Nebraska?" was asked of W. D. Mesplace than this state. Here is his A MECHANICAL DEVICE TO HEAL

"It cannot compare with Nebraska at all. It raises nothing that Nebraska does not raise, except a little fruit, and does not raise half what Nebraska does. The soil is not as good as Nebraska soil and the water is not fit to use. The Pecos river is a large stream, to be sure, but it is fed with alkali springs and its water is very bad. There is some water obtained from wells that is fairly good, but all the water must be boiled before it can be used safely. They have no grains or corn, the country is not suited for stock and there is no stock raising there. The climate cannot compare with our Nebraska climate, and Nebraska is a far better country than the Pecos valley.

Dozens of families that were attracted there by the wild stories circulated by the company that owns most of the land, have moved out after losing all the money they brought there. Land sells for \$35 an acre at the lowest and this includes a water right. If a man buys forty acres and only wants to irrigate ten acres he has to pay \$1.25 an acre for water for the entire forty acres, whether he irrigates all of it or only one acre. What is more, this can never be paid out, and this tax of \$50 a land, but he can never escape that \$50 a year. I went into Old Mexico and Texas, but things are even worse there. I have seen this southern country, and

I am prepared to say that when a man leaves Nebraska and goes there he makes a grand mistake.'

To Test the Bounty Law.

Fremont dispatch: A second meeting of small beet growers was held at the court house for the purpose of taking further action against the Oxnards for what it is claimed is unfair treatment received at the hands of the factory. There was an attendance of apparatus he can give special treatforty or fifty. It resolved itself into a sort of an experience meeting, many of

those present relating their efforts at beet growing. It developed that the tility was for what is claimed to be unjust treatment by the factory. A resolution was passed declaring in favor of the sugar beet industry provided a re-liable market can be had for the product.

ALL ORGANIC DISEASES.

INTERESTS

SCIENTISTS.

The Human System Given a Thorough Atomic Shaking Up by 100 Vibrations a fecond-Exercise Without Exercise - Ex-Mayor Hewitt's Experience-Mr. Tesla's Claims.

NEW YORK, Jan. 20 .- Scientific men are greatly interested in the apparatus for the treatment of organic diseases invented by Nicola Tesla, the young genius of electricity. The assertion has been made that it would cure any organic disease, even consumption, but, as a matter of fact, Tesla makes no claim for his invention, that it is a cure all. He simply says that in many cases he has been able to improve the health of his friends, and that he will wait for some competent physician to give his invention a series of practical tests.

His theory is that the proper exercise for the body is that which will reach the atoms, and give strength to every portion of the body. Physical exercise, such as walking or horseback riding, he believes to be of great benefit to the system, but for complete exercise each atom of the body should be reached. Acting upon this theory he has made it possible to give to the system by means of electricity the much needed exercise. He goes further and declares that by varying his ment to any portion of the body that may need strengthening.

When a person's ailment, for instance, is caused by torpidity of the order the patient to take much and violent exercise, such as riding. Now, according to Mr. Tesla, if the patient will take a seat on his apparatus he will get in half a minute the equivalent of a whole day's ride. And, best of all, he will not be subjected to any A written opinion was read from jolting such as he gets on horseback. sugar bounty bill. He stated that it fatigue incident to riding. Yet, not-

ANOTHER CAUCUS.

Marylanders Will Bring Out A New Man -Situation Little Changed.

ANNAPOLIS, Md., Jan. 20.-Fortyfour out of the eighty-one members of the general assembly held an informal caucus last night and, after being in session for over two hours, all those present signed a call for a party caucus to be held Monday night to name a candidate for senator. The followers of Congressman Wellington did not attend the meeting and did not sign the call for the caucus Monday night. Mr. Wellington himself says that he will not be bound by the action of the caucus, should it attempt to pass any resolution restricting the choice to an eastern shore man.

Indianapolis Is Pleased.

INDIANAPOLIS, Ind., Jan. 20 .- The announcement here of the engagement of General Harrison to Mrs. Dimmick, his deceased wife's niece, was received with manifestations of approval. Mrs. Dimmick is well known here and esteeemed, and it is conceded that should General Harrison be called again to the chief magistracy, the White house could not have a more gracious and charming mistress. From a few sources the comment is made that

HENNESSEY, Okla., Jan. 20.-The marriage of John Campbell, of Blaine county, to Miss Mabel Hageman, of Michigan City, Ind., was celebrated at the groom's ranch last night. Campbell is a wealthy cattleman, having been in that business in Oklahoma and Texas for twenty years. Four weeks ago he advertised for a wife and received five answers. He sent for Miss Hageman and was married immediately upon her arrival. Both are well pleased at their novel engagement and marriage.

Commander Manning to Wed an Actress. NEW YORK, Jan. 2 0-The mairiage of Grace Filkins, the actress, to Commander Manning of the United States steamship Alliance, is announced. Mrs. Filkins is in Portland, Mc., where the company is now engaged. She is

the widow of "Bob" Filkins, the manager, who was for many years righthand man to J. H. Haverly, and was very well known in professional cir- That was the decision reached by the cles. The wedding has not been fixed national Democratic committee after

THE Masonic fraternity of North Platte has decided to cover the walls of their hall with patent steel siding, pressed in imitation of brick work, thus not only making it fireproof from without, but greatly improving its appearance.

REV. GEORGE W. CROFTS, the preacher poet who has served the Congregational church of Beatrice as pastor for three and a half years has tendered his resignation, to take effect Easter Sunday. Delicate health is the reason assigned for the step.

THE January term of the district court of Dodge county convened last week, Judge Marshall presiding. The civil docket contains 210 cases, fortynine of which are suits against the Elkhorn for damages caused by the fire at Dodge in September last.

THE dwelling house of Bee Shoemaker, three and one-half miles south- italists of that locality have decided to west of Chadron, burned to the make it possible for every owner of 160 ground about 1 o'clock in the morning. Mr. Shoemaker and family escaped without injury, but lost everything, discovery at a depth of from 550 to 750 not saving even their clothing.

A PICNIC in mid-winter is what occurred in Beatrice last week. The families of O. E. Webster, L. Gardner and H. F. Norcross took advantage of the pleasant weather and enjoyed a picnic in the woods at the mouth of Bear creek, four miles east of the city. They had gotten out their parasols, fans and hammocks and enjoyed the day in true style.

A PARTY who has recently gathered statistics informs us, says the Gibbon Beacon, that about 280,000 sheep are being fed for market in this state this winter, and at least 200,000 of the number are along the line of the Union Pacific between Gibbon and Fremont, and that nearly one-third of the latter number are in the immediate vicinity of Shelton.

BUSINESS has been rushing the past six months in the United States land office at O'Neill. Receiver Williams says that the receipts of the office for the first six months or the fiscal year, from July 1, 1895, to January 1, 1896, were \$98,076.54. There were seventy homestead entries and 260 final proofs. The receipts for the past six months are about \$50,000 in excess of the first six months of 1895. The register and receiver and their clerks are kept very busy attending to their duties and the indications are that at the end of the present fiscal year, June 30, the O'Neill office will be up near the head of the hist.

JOSEPH KILLIAN, local manager at Grand Island for the Anheuser-Busch Brewing association mysteriously dis-

Omaha and Winebago Reservations.

Washington dispatch: The Nebraska delegation members have been receiving letters from parties in Nebraska requesting them not to let the matter of the proposed congressional investigation into affairs at the Omaha and Winnebago reservation in Nebraska drop. This the delegation decided to do at their meeting in Senator Allen's room at the Maltby building at the beginning of this session. They cannot, however, move in the matter until the evidence taken by the committee during their recent visit to Pender has been forwarded by those who have it in charge to the delegation here. Upon receipt of the evidence it has been agreed by the Nebraskans in congress, Senator Allen will introduce a resolution in the senate and Representative Meiklejohn in the house, looking to the appointment of a congressional investigation committee.

Irrigation by Artesian Wells.

One of the determined movements in Knox county this year will be irrigation by means of artesian wells. Capacres of land to have an artesian well, and since this is almost always a sure feet, less than \$1,000 thus invested in a well, a reservoir and necessary laterals is considered the safest security that can be found for capital. This is no longer a matter of experiment, wells having been found in many parts of the north half of Knox county and as far west as old Fort Randall. The Niobrara wells are wonders in their power and supply, the eight-inch well having a pressure of ninety-five pounds, and the one finished this winter having 107 pounds pressure. Others are in con-

templation during the year. It is believed by all who have made this a study that the insurance of crops by means of artificial moisture will enable that community to prosper more effectually than in any other way.

Nebraska at Washington.

Washington dispatch: Adjutant General Barry of the Nebraska national guards writes to the Nebraska delegation urging that they secure an appropriation for the arming of the guard with the new government rifle.

He states that the arms now in use are obsolete and of different calibres. and that the money available from the government appropriation for the mili-tia is barely sufficient for equipment and clothing.

Wilber I. Crain and Frank A. Webster of Burwell, Neb., have been appointed appraisers of the Fort Hartsuff abandoned military reservation. The compensation will be \$4 per day and traveling expenses.

Settlers May Rest Easy.

The apparatus accomplishes this by means of tiny, but powerful electric alteration of his condition.

Ex-Mayor Abram S. Hewitt of New York recently visited Mr. Tesla's laboratory in East Houston street and complained that he was troubled with his liver.

"I have been taking something for it for some time," said Mr. Hewitt. 'but I don't seem to be getting any better.

"I think I can fix that: just sit down here and excuse me a minute," replied Mr. Tesla, pointing to a chair and handing Mr. Hewitt a newspaper.

Then Tesla went out, ostensibly in search of some nostrum he had tried, but in reality to turn on the electric current. When he returned, in a minute or so. Mr. Hewitt seemed an entirely changed man. He said, after Tesla had explained that the chair whereon Mr. Hewitt had been sitting was loaded with electricity, that he had felt a sort of creeping sensation. but of a rather pleasant nature and not at all associated with the ordinary notion of the way in which electricity manifests itself. And as to his illness Mr. Hewitt acknowledged that it seemed to have entirely vanished.

Mr. Telsa calls his apparatus an oscillator and describes the treatment as "a system of mechanical vibrations." The principle upon which the apparatus is based was enunciated by Mr. Telsa several years ago, and was immediately taken up and put into practice in a crude way by an Austrian professor, who asserts that "vibrations" had the inevitable effect of killing the bacteria which prey upon the lungs and constitute consumption.

Object to the Santa Fe Lion.

GUTHRIE, Ok., Jan. 20.-Oklahoma division, Ancient Order of Loyal Americans, in territorial convention at Mulhall yesterday, adopted the following resolution:

"Resolved, That the A. O. L. A., in annual convention assembled, most earnestly condemn and protest against the actions of the officials of the Atchison, Topeka and Santa Fe railway for the insult offered every loyal American citizen by placing on their charts and maps the English lion. typical of British power and authority in our free America.'

Jameson Raiders Off for England.

LONDON, Jan. 20.- A Cape Town dispatch to the Times says ... "Dr. Jame-son's men are now being handed over to a military escor! at the national border. Each mar signs a declaration promising Natal to proceed to England as a prisone, and not to raise any question respecting his legal custody en route, nor to attempt to escape."

The Pickler Bill Indorsed.

WASHINGTON, Jan. 20.-Members of the pension committee of the Grand Army of the Republic occupied the attentior of the house committee on invalid bensions yesterday. The Pickler bil, which is designed to bring out needed reforms. about the changes desired by the Grand Army, received the committee's indo;sement.

OKLAHOMA FREE HOMES.

The House Will Pass the Lacey Bill Slightly Amended.

WASHINGTON, Jan. 18 .- The "free homes" bill, which was prepared by sessing a license of \$25 per month on Mr. Lacey and which differs from the each dealer for the sale of liquor. The Flynn bill only that it is general in prohibition people threaten to appeal application and not restricted to Okla- Quotations From New York, Chicago, St. homa, will be favorably reported to the House with amendment. That was decided at to-day's meeting of the committee on public lands. Flynn's bill, it will be remembered, was ordered reported without amendment. Speaker Reed has completed his unofficial consideration of the latter bill and declares privately that he favors it, which is but another way of saying that it will pass the House. On the other-hand, Secretary Smith said he was opposed to the measure and the whole theory upon which it is based. He has not yet prepared the statement of his views which the House requested, and may not be able to for several days, but when it is received it will be found to be an uncompromising condemnation of the bill and its principle. Under the Flynn bill, none of the settlers who have purchased lands of the government in Oklahoma, which includes the great bulk of the settlers. will be required to pay a dollar of the purchase money he has agreed to pay. Nothing more than the customary land office fees will be exacted. Under the Lacey bill the release extends to all such settlers in every state and territory.

The Great Electrician Pounds Mr. Hewitt's NEW YORK.

a brief hearing to Representative Me-Cormick, Admiral Irwin and others to-day in favor of the Pacific Cable company of New York, for the construction of a telegraphic cable from the Pacific coast to Hawaii. They represented that this company would undertake to construct the line provided for within three years, upon the condition that the United States would pay the company annually for 20 years. a sum equal to \$25 for each nautical mile of the line.

The Nicaragua Canal Scheme.

WASHINGTON, Jan. 16 .- The Nicar-Agua canal scheme received some little attention yesterday from the House committee on interstate and foreign commerce, when Chairman Hepburn designated a sub-committee of seven to have special charge of all proposed legislation for building the canal. It is intimated that a special message giving President Cieveland's views upon the canal and transmitting the report of the canal commission, will be sent to Congress within a month.

Talmage May Resign.

WASHINGTON, Jan. 16 .- It would not surprise the members of the First Presbyterian church to hear within the next few days the announcement that the Rev. T. DeWitt Talmage has resigned from the copastorate of that church. The former Brooklyn divine has, it is said, stated to several members of the board of trustees his desire to withdraw from the field. He dislikes to be a party to the trouble which has arisen in the church.

Fatal Saw Mill Explosion.

STEWARTSVILLE, Mo., Jan. 16.-The boiler of a portable saw mill, belonging to Fred Dabner, ten miles southwest of here, exploded last evening, instantly killing two of his children and badly injuring the proprietor.
