MR. DUBOIS WILL BOLT.

THE IDAHO SENATOR THREATENS TO BOLT FOR FREE SILVER.

HE STANDS WITH TELLER

The Republican National Convention Must Declare Plainly for Independent Free Coinage or the Far Northwest Statesmen Will Repudiate Its Action—May Split in Idaho.

Boise, Idaho, May 11.—The Evening Mail printed last night parts of a long letter written by United States Senator Dubois to F. A. Penn of Boise, one of the leading Republicans of the state, in which he stated: "In the event the St. Louis convention adopts a gold bug or straddle platform, or nominates a gold bug or straddle candidate, I shall bolt the convention. I believe that I have sufficient personal following in Idaho, added to the following which I will get from the other parties on the silver movement, to defeat the Republican party in Idaho."

Dubois's friends here are much exercised over the declaration. Straight up Republicans who are expected to go to the Pocattello convention next Saturday say that under such a declaration they will bolt the convention there if Dubois's friends succeed in securing the adoption of a resolution endorsing the action of the senator in the Senate. The bolters will elect a set of delegates and send them to St. Louis, as a straight Republican delegation for McKinley. The Ada county convention here to-day will instruct for McKinley.

DICKINSON ANSWERS VEST

CHARGES CONCERNING MICHIGAN MADE IN THE SENATE STRONGLY DENOUNCED.

DETROIT, Mich., May 11.—Ex-Postmaster General Don M. Dickinson, replying to the strictures of Senator Vest and other free silver men as to the alleged corruption of the late Democratic State convention by officeholders, denies that Mr. Stevenson (Dickson's law partner) or anybody else issued a circular to officeholders in connection with the convention. Through free silver congressmen, he says, free silver men were put in all the offices of their districts, and in both county and state conventions outnumbered the others two to one. According to the law the places of delegates could not be filled by proxies, as stated by Mr. Vest. The 16 to 1 men never had a majority of the delegates elected and the talk of the use of money by the sound money men is "pure and unadulterated slander and libel." If any money was used, it was in behalf of a free silver syndicate, organized and existing outside of this state and furnishing money to carry on the campaign in this state. In conclusion, he says: "I am proud to say the party in this State is properly represented by its delegation to Chicago and in favor, by an overwhelming majority, of maintaining the pledges of Congress on this question whenever there has been silver legislation since '73, that the policy of this government is to maintain the purity of the metals. Our party will not favor repudiation in any form, or take any chances of favoring a policy that by any possibility would lead to repudiation. The Chicago convention will not favor the policy of free coinage at the ratio of 16 to 1."

VEST TALKS OF A BOLT IN CHICAGO.

Will Not Countenance Any Official Dictator—Mostly Defends the Free Silver Democratic Convention Against "Snaps" Insinuations—Federal Office Holders Not to Run the National Convention.

The Democratic Factions.

WASHINGTON, May 9.—The first fight of the silver and gold factions of the Democratic party for control of the Chicago convention was the subject of an animated debate in the Senate yesterday. Senator Palmer in opposing the Peffer bond investigation resolution, referred to the inadequacies of the platform declarations of 1892 on the financial question, and declared that they were not satisfactory at the present time. Reference was made to the "snaps" conventions held at Pertle Springs, Mo., and Springfield, Ill., last year at which the Democratic party was committed to silver.

This brought Senators Vest and Cockrell of Missouri to their feet, and the former delivered a speech of characteristic vigor and explosiveness. He charged that the recent Michigan Democratic convention which declared for sound money, was controlled by federal officials, who were instructed for silver, but voted for a gold standard declaration. After denouncing the influences brought to bear on conventions in general Mr. Vest concluded with the following startling declaration of his own position: "I am a delegate to the national convention," he said, "an unwilling delegate, chosen by my people, and I serve notice now that if that convention at Chicago is to be made up of officeholders to stifle and prevent the expression of the will of the people, then it is no Democratic convention to me. The Democratic party is the party of honorable expression, not of federal patronage."

Mr. Vest spoke with great earnestness, and his unlooked-for declaration created much comment. By some it is interpreted to mean that if the Chicago convention shall declare for sound money, the Missouri Senator will not feel bound to abide by its action. Mr. Cockrell is also a delegate from Missouri, but he made no declaration as to his position.

Besides being State president for Missouri, Stevens is chairman of the national judicial board and of the political committee of the national advisory board. He now aspires to be national president.

AS MR. HARRISON WISHED.

The Indiana Republican Convention's Action Held to be Just Right.

INDIANAPOLIS, Ind., May 9.—F. T. Roots, who presided during the greater part of yesterday's convention and who is very close to ex-President Harrison, made to-day the following statement regarding the significance of yesterday's action: "The question has been frequently asked what significance attaches to Mr. Harrison's absence from the convention. In answer it may be said, his absence is a confirmation of his statement, 'There never has been an hour since I left the White house that I desired to return to it,' and further, frees him from the charge that might have been made, insincerely, in answer to the question what will be the effect of the resolution instructing for McKinley, it can be truly said it must be beneficial for all concerned. First, it is a truthful reflection of the sentiment of the voters of Indiana concerning McKinley which has crystallized since Mr. Harrison's letter of February last, and if the unexpected should happen at St. Louis, and there should be a call for the ex-President, he would be in a position to accept such a call, and the followers of McKinley would be the supporters of General Harrison since Indiana in no uncertain terms has instructed and declared for McKinley at her State convention."

MICHIGAN REPUBLICANS.

DETROIT, Mich., May 9.—An animated fight over the money question was the most striking feature of the Michigan Republican convention. McKinley was endorsed most unequivocally and the delegates were strongly instructed in his favor.
