FIFTEENTH YEAR.

McCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, JULY 17, 1896.

NUMBER 9

THEIR BENEFIT BALL

It Was Quite Well Patronized and Enjoyed by Everyone.

MUSIC BY BRIGADE ORCHESTRA

Cooling Refreshments Served by the Ladies--It Was a Dressy and Jolly Affair Notwithstanding the Heat.

The McCook club benefit ball, Tuesday evening in the Workman temple hall, was one of the pleasantest affairs of the kind held in the city in many moons. The only thing to mar the full enjoyment of the evening was the intense heat. There was a good-sized and gay company present. The music rendered by the Nebraska Brigade band's orchestra was excellent and inspiring. The refreshments, consisting of ice cream, cake, lemonade etc., served by the ladies, were most palatable and cooling; and everything passed off as felicitously as could be desired. The club realized a neat benefit, the credit for which remains largely with the ladies, who took an active interest in all of the arrangements, which they carried out to a successful and gratifying conclusion.

With a Moral.

"Jake Muller on a summer day, raked the meadow of clover hay. The mule with which he raked the hay was a muckel dun with spots of gray. Jake's shirt was hickory, his pants were brown, with a patch on the spot where he sat down. Jake cursed in a way that was sad to see and the mule wet "haw" when said "gee". A bumble bee's home in the stubble lay, where Jake and the mule raked clover hay. A tooth ran through the bumble bee's home, and the bees came out and began to roam in search of the man on a summer's day, who raked the meadow of clover hay. They swarmed inside Jake's hickory shirt, and quickly that mule took a mighty spurt. It was tough on the mule, it was worse on Jake and somewhat severe on the sulky rake; for the mule turned loose in a promiscuous way, and scattered the rake o'er the clover hay. And Jake as he ambled quick away, swore that he headed the race as champion jay".

Ate Sprayed Vines.

A. J. Stroud exhibited some honey at this office, Monday, in which there were quite a number of dead bees. He at first thought that the trouble was a "foul brood", but further investigation convinced him that the bees had died from eating foliage and vines that had been sprayed with Paris green and Purple mixture. He consequently will destroy honey, bees and hives, of which, fortunately, he only has a small stock now. It is a new experience for Mr. Stroud in the business, one that is not costly only because he has been selling off his bees during the past few years.

Infant Clifford Meyers Dies.

Little Clifford Meyers aged three months, died on Tuesday at the residence of Engineer William Francisco, uncle of the deceased infant. The child was the infant of the engineer's sister that quite recently died in Kansas. The remains were shipped to Seneca, Kansas, Wednesday morning, the engineer and wife accompanying the body.

Buried in Calvary.

The remains of John Flood of upper Driewood, Hitchcock county, were brought down from Trenton on the Monday afternoon freight, and were at once interred in the family plot in Calvary cemetery, where a child of the deceased is also buried. He was a victim of consumption.

The Bowery Dance.

The Bowery dance was fairly well patronized. Saturday night, but the expense account made the profits tired. The music was lively and inspiring, all having a jolly time until a late hour. Quite a pyrotechnic display preceded the dance. Refreshments were served on the side.

Lost Their Infant Daughter.

Engineer and Mrs. J. H. Moore lost their infant daughter, Lelia, aged about two months, Tuesday, with cholera infantum. The funeral was held on Wednesday morning from the house. They have the sympathy of many friends in this sad bereavement.

Brief but Brilliant.

C. E. Mathews has retired from the Courier staff. Cecil's newspaperial career was short but brilliant. We shall miss him.

Turnip seed 35c. a lb. at LaTourette's.

THE STAR OF JUPITER

Is Still Growing--Fair Attendance, Monday Evening.

Notwithstanding the extreme heat, Monday evening, the meeting of McCook lodge No. 1, Star of Jupiter, was fairly well attended. There were three initiations and two applications for membership in the order. The regular business concluded, the entertainment of the evening was given; it consisted of an oldtime Spelling School and some vocal music by a lady quartette, Mrs. Frank Brown, Mrs. H. P. Waite, Miss Mary Watson and Miss Hannah Stangeland. The ladies sang some music of Mrs. Brown's own composition, which was well received. The Spelling School was the source of much amusement. Altogether the session was enjoyable and lively.

A Profitable Lawn Social.

The ice cream social, Saturday night, by the ladies of the Methodist church, at the residence of Miss Rachel Berry, was a profitable and pleasant affair. There was a large attendance and patronage.

THE COUNTY INSTITUTE

A Successful Session of Two Weeks Will Close This Evening.

OVER A HUNDRED ENROLLED

Examinations Will be Held Tomorrow--No Third Grade Certificates, Next Year--A Few Notes.

The county institute for teachers will close this evening with a lantern entertainment and the happy particulars Supt. Valentine throws into the same with his infectious enthusiasm.

Tomorrow the regular examinations will take place; and we are advised by County Superintendent Carnahan that next year no third grade certificates will be issued by him, as the number of second grade certificates held in the county will by that time fill all demands for teachers in this county.

The programme of last week has been for the most part that of this week, save in the lecturers: On Tuesday evening, President Beatty of the Peru state normal lectured on the subject, "Our Government," in which he entertained a fair audience at the East ward assembly.

Thursday afternoon, State Superintendent H. R. Corbett delivered an interesting, earnest and instructive address before the teachers, which was well received and will doubtless prove profitable to the teachers.

Friday afternoon, Mrs. A. K. Goudy, ex-assistant state superintendent, talked to the teachers in her enthusiastic, earnest way that always pleases as well as instructs her hearers.

Friday evening, Supt. Valentine and the lantern will close the session with an entertainment none should miss.

Quite a number of school directors attended different sessions of the institute. Supt. Valentine made one of his telling talks to the teachers, Monday afternoon. Lantern class tonight at 8:30. Open to pupils, their parents and friends. Pictures, music and readings.

Prof. Brown of Doane college and State Supt. Corbett both addressed the teachers, Thursday evening, in a profitable manner.

Prof. Brown of Doane college was one of the visitors, Wednesday. He was en route to Trenton to assist in the county institute work in Hitchcock county.

Prof. Dow of Orleans has been filling Dean McBrien's place, this week. The Professor is a graduate of Orleans college. He will teach in the Orleans public schools, next year, as assistant principal, and is well spoken of.

A lecture course for the teachers of the county is being arranged for by Supt. Carnahan, embracing William Hawley Smith and Dr. Berry for McCook, Dr. M. M. Parkhurst of Chicago for Bartley and Bowler for Danbury. It is thought that this talent can be secured and paid for by proper effort.

The officers of the Red Willow County Teachers association for the ensuing year are: Clarence Whittaker, president, McCook; G. F. Godown, vice-president, Danbury; Grace Curlee, secretary, Bartley; Nora Stroud, treasurer, McCook. State Supt. Corbett's course of study was adopted. Next meeting will be held in Danbury on the Saturday nearest the full moon in October.

A VERY SAD DEATH.

Fred Wagner of Frontier County a Victim of Appendicitis.

Fred Wagner, the 13-year-old son of John Wagner, who lives in the neighborhood of Quick postoffice, in Frontier county, died in east McCook, Tuesday night, shortly after midnight. It is thought that appendicitis caused the boy's death, although no post mortem was held. The deceased also had marked typhoid symptoms. The doctors considered the surroundings impossible to an operation. But about midnight, Tuesday night, the boy was brought to this city in a lumber wagon and in a dying condition. No arrangements had been made for the reception and care of the sick boy; but a vacant house in east McCook was hastily prepared. However, death came to the relief of the sufferer shortly after his removal from the wagon to the house.

Interment will take place in the Garden Prairie cemetery in the Quick neighborhood, today, unless the condition of the body demands earlier burial, which is highly probable.
