W. E. MULLER came in from Sheridan, Wyoming, last Friday night, on a visit to the family. His many well wishers here will be pleased to know that he is doing well in the law up in that country. He left for Wyoming, this morning.

An Oklahoma editor made the following announcement in the columns of his paper: "Yesterday we were married. It will be remembered that both our former wives eloped with the foreman of our office. To avoid any further inconvenience of this kind we have this time married a lady who is herself a compositor, and she will set type while we hustle for the ducks who are keeping their goods on the shelf because they don't advertise."

We understand that a meeting of farmers of the Dodge neighborhood was held on Tuesday evening of this week for the purpose of talking over the idea of emigrating to eastern Wyoming or some other more congenial clime. Further deponent sayeth not.

A Heavy Loss in Hogs.

W. A. Minniear of Danbury has lost about 175 head of hogs within the past two weeks from the cholera. By strictest sanitary measures and thorough medication it is thought the disease has been checked and gotten under control. Mr. Minniear's loss has already been very heavy. It is to be hoped the disease will not spread in that neighborhood, where thousands of hogs are being fed for market. It would indeed be a catastrophe.

BARTLEY.

We earnestly hope our City Dads will mow, or cause to be mowed, the mammoth growth of weeds now standing on the vacant lots on Main street. The present condition gives our thoroughfares a ragged appearance.

Some of the farmers south of Bartley say that the corn in patches in their fields is dying and on examination find a small green insect at work in the tassel. This is something new and we sincerely hope its work will be confined to limited areas.

Another fine rain has fallen on Bartley and vicinity thus practically placing the corn crop beyond a doubt. While another good rain when needed will materially increase the yield, yet a sufficient amount for home consumption is now assured.

J. H. Stephens moved Wednesday to the "Seeley House" opposite O. Frost's residence. We say this for the benefit of Harry and Harry, who no doubt will appreciate the change of location, and this "kindness" in us in thus notifying them.

A. G. Dole and wife drove to McCook, Wednesday, on business. Mr. Dole is one of our energetic business men that believes he can best stand up for Nebraska, home and nation by voting and standing by the time-honored principles of the Republican party.

On Sunday afternoon, during the rain, lightning struck the residence of J. A. Curlee, completely demolishing the chimney, doing but little other damage. The family were in an adjoining room, but did not experience any ill effects beyond being greatly frightened.

Our ball team goes to Freedom, Neb., next Saturday, to cross bats with the Stockville team. There will be three games there that day: At 10 a. m., 2 p. m. and 5 p. m. The Bartley team is billed for 2 p. m. A number of our citizens are going out to witness the game, as well as to note the forests of corn on either side of the road.

As reported in last week's issue, the Freedom ball team crossed bats with the Bartley boys in Bartley, last Saturday. The game was called promptly at 3 p. m. and, barring the first inning, was such a game as Cincinnati and Chicago might be proud of. Bartley made three errors in the first inning but then settled down and both teams acquitted themselves creditably, with honors about even. A large crowd of ladies and gentlemen witnessed the game, and all speak in highest terms of home and visiting team. Following score by innings: Bartley—0 0 0 0 2 0 0 0 . . 2 Freedom—5 0 0 2 0 0 0 X . . 7

On Tuesday evening a number of the Republicans of Bartley and vicinity met in College hall for the purpose of forming a Republican club. Bartley cornet band was present, and after playing a few choice selections, C. W. Hodgkin was elected chairman and E. L. Dennis, secretary. After discussing ways and means, E. L. Dennis, A. L. Cochran and H. E. Dole were appointed a committee to draft constitution and by-laws and to report to an adjourned meeting to be held in College hall, Wednesday, August 5th, at which time a speaker is expected to be present and discourse on some of the issues of the campaign. All are invited to attend.

Don't Stop Tobacco.

How to Cure Yourself While Using It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is to give a shock to the system, as tobacco to an inveterate user becomes a stimulant that his system continually craves. "Bacco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Bacco-Curo." It will notify you when to stop. We give a written guarantee to cure, or permanent cure, with three boxes, or refund the money with 10 per cent. interest. "Bacco-Curo" is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.

Cured by Bacco-Curo and Gained Thirty Pounds.

From hundreds of testimonials, the originals of which are on file and open to inspection, the following is presented:

Clayton, Nevada Co., Ark., Jan. 28.
Eureka Chemical & Mfg. Co., La. Crosse, Wis.—Gentlemen: For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit, but couldn't. I took various remedies, among others, "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Gold," etc., etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Bacco-Curo" and it has entirely cured me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved of all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feelings and condition.

Yours respectfully,
P. H. MARRINER,
Pastor C. P. Church, Clayton, Ark.

Sold by all druggists at \$1.00 per box; three boxes, (thirty days treatment) \$2.50, with written guarantee, or sent direct upon receipt of price. Write for booklet and proofs. Eureka Chemical & Mfg. Co., La. Crosse, Wis., and Boston, Mass.

Notice is hereby given that on June 15th, 1896, I took up, on my farm in Willow Grove precinct, Red Willow county, Nebraska, being the southeast quarter, section twenty-one, township three, range twenty-nine, two stray horses, described as follows: One gray gelding, supposed to be about 8 or 9 years old, weight about 900 pounds, front feet shod. One white mare, supposed to be about 10 or 11 years old, weight about 800 pounds, left front foot has a ridge which appears to be the result of a barbed wire cut, had leather halter on when taken up. If said horses be not reclaimed by the owner, they will be sold according to law, after due notice.

HENRY H. MITCHELL.

How to Treat a Wife.
(From Pacific Health Journal.)

First, get a wife; second, be patient. You may have great trials and perplexities in your business, but do not therefore, carry to your home a cloudy or contracted brow. Your wife may have trials, which, through of less magnitude, may be hard for her to bear. A kind word, tender look, may do wonders in chasing from her brow all clouds of gloom.—To this we would add always keep a bottle of Chamberlain's Cough Remedy in the house. It is the best and is sure to be needed sooner or later. Your wife will then know that you really care for her and wish to protect her health. For sale by McConnell & Co., druggists.

Mr. D. P. Davis, a prominent liveryman and merchant of Goshen, Va., has this to say on the subject of rheumatism: "I take pleasure in recommending Chamberlain's Pain Balm for rheumatism, as I know from personal experience that it will do all that is claimed for it. A year ago this spring my brother was laid up in bed with inflammatory rheumatism and suffered intensely. The first application of Chamberlain's Pain Balm instantly relieved him, and one bottle completely cured him. For sale by McConnell & Co., druggists.

For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question every one must solve for himself. We believe, however, that no better use could be made of one of these quarters than to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with. For sale by McConnell & Co., druggists.
