

The McCook Tribune.

By F. M. KIMMELL.

\$1.50 A YEAR IN ADVANCE.

It's all over with Grover, and the Major is in it all over.

THE house of representatives gave Grover a farewell swipe by passing the immigration bill over his veto.

MCKINLEY'S inauguration, yesterday, was attended with appropriate pomp and display, everything passing off without unpleasant incident and marked eclat. A serious administration confronts the new president.

WHILE all feel like congratulating General Harrison on the advent of a brand-new daughter, yet the detailed reports of the commonplace event given by the newspapers must cause a smile of pity and commiseration. Commiseration for the general and pity for the newspapermen.

GROVER CLEVELAND stepped out of the White House, Thursday, by the largest plurality of any president since Buchanan. By the same token President McKinley walked in with the largest plurality ever received by any president since the Republic was founded. A distinction and a difference, both.

WITH two ex-state officials under indictment and in bonds for official irregularities, the people of Nebraska must feel like going into sackcloth for sheer humiliation and shame. The American people have been looking with complacency on official malfeasance too long, and the country is now reaping the reward of popular carelessness and moral turpitude.

THE proposed effort to prove ex-State Treasurer Bartley's bond invalid upon a mere, silly technicality is little short of infamous. Indications are not lacking that an effort is organizing for the purpose relieving Bartley's bondsmen from any and all liability, and this must cause the thoughtful citizen to fear that Nebraska is in grave danger of losing a cool half million dollars. If by any means the ex-treasurer's bond shall be declared void, what the state gets out of the vast sum involved, after Bartley and his numerous high-priced attorneys are squared won't wad a gun. We remember Mosher and weep for the blind(?) goddess's failing vision.

FAIRVIEW.

Another wolf hunt booked for March 4th.

Fairview Sabbath school still increasing; 45 enrolled.

Frank Frelove shot an eagle on Thursday while out wolf hunting.

There were 106 men in line at the wolf hunt, Thursday. Success, water-haul.

Mr. Darlington moved from north of McCook to the C. H. Meeker farm on the ditch, this week.

Martha Battershall had to turn her school over to Myrtle Kennedy, last Thursday noon, on account of sickness.

College Hill school in dist. 47 took one-half holiday, Tuesday, and visited Miss Pickering's school at the Fowler.

There is some complaint about the country appointments being neglected on account of the meetings at McCook.

Ye scribe commenced planting corn, last year, on April 2d and finished on May 9th. I think the season will be four weeks later, this year.

BARTLEY.

E. L. Dennis Sundayed with friends in the county seat.

I. M. Beeson is able to be out after a protracted siege of the grip.

Mrs. H. F. Tomblin has been very sick, but is improving at this writing.

The brothers Short moved on Thursday to the farm two miles northeast of town.

Rev. Mayfield will begin revival meetings here, next Sunday evening, to continue two or three weeks.

A. J. Lohr was called to Laurel, Iowa, Monday evening, by a telegram announcing the serious illness of his mother.

Freeman Utter has moved from the farm into the rooms under the I. O. O. F. hall, and will cultivate land near town, this season.

Rev. Mayfield attended the revival services now doing such great execution among sinners in the wicked county seat, first of week.

Daniel Ault died at his home in Alliance precinct, Thursday of last week, from the effects of a cancer on the face. The funeral occurred at Dry creek church on Friday.

Mrs. D. J. McKillip left, Friday evening, to make an extended visit with friends at Kennard, Neb., and Mr. McKillip started, Monday evening, for eastern Colorado, to look up a location. His brother, P. J., will assume the management of the extensive ranch east of town.

A bold but happily frustrated attempt was made, Wednesday night of last week, to steal a valuable mare and a saddle and two sets of harness from the barn on the McKillip ranch east of town. Some of the men arrived at the barn just in time to apprehend the thief who disappeared in the darkness.

The pencil-pusher of the Weekly Reporter is developing into a humorist of considerable note as is evidenced by an item in that paper of last week stating that Indianola is shipping four cars of stock to one of some of the small towns adjacent. Of course the writer meant towns like Stockville, Freedom, Box Elder and Tyrone.

Last week, one of our tonsorial artists concluded that his case of grip was serious enough to require a desperate remedy and he took the same in the shape of several fingers of coffin varnish, inwardly applied. The remedy had the peculiar effect of making the horse market lively for awhile as the knight of the razor and strop wanted to buy everything that resembled the noble steed.

J. H. Stephens returned, last Saturday evening, from a business trip through several counties east, and on Wednesday of this week moved part of their household effects to their farm in the edge of Frontier county, north of Box Elder. Mrs. Stephens and Bert will prepare for spring work there while Mr. Stephens is making spring deliveries for the nursery he represents, and the girls will remain here until school closes. Joe says he will engage in farm work by corn-planting time, but it is enough to make anyone sweat to even think of him chasing a lister.

RHEUMATISM QUICKLY CURED. After having been confined to the house for eleven days and paying out \$25 in doctor bills without benefit, Mr. Frank Dolson of Sault Ste. Marie, Mich., was cured by one bottle of Chamberlain's Pain Balm costing 25 cents and has not since been troubled with that complaint. For sale by L. W. McConnell & Co., Druggists.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

One Minute Cough Cure, cures.
That is what it was made for.

NORTH COLEMAN.

Mrs. William Epperly was a welcome caller at our ranch, last week.

The return of the mild weather is welcome, preparatory to spring work.

W. B. Whittaker of Frontier co. was in this vicinity, last Monday, on a business trip.

The singing class at Coleman school-house is still in a flourishing condition. There are several nights yet before the term is closed.

H. K. Bixler is going to plant milo maize instead of hog millet. He is going to sow about 100 acres of wheat and 30 acres of oats.

It seems that the farmers are anxious to get in their crops as the prospects are very encouraging for a full crop, this year, in which I hope they will not be disappointed.

There are quite a number of the Colemans attending the special meetings in McCook, conducted by Major Cole, which we hear is doing immense power of good.

Roy Stryker, who has been staying at H. K. Bixler's, part of the winter, returned home to give his parents a short visit previous to his going to W. B. Whittaker's to work through the summer.

Don't allow the lungs to be impaired by the continuous irritation of a cough. It is easier to prevent consumption than to cure it. One Minute Cough Cure taken early will ward off any fatal lung trouble. A. McMillen.

RED WILLOW.

Baby Helen Byfield is ill.

An Easter service was arranged for by the Methodists, last Sunday.

Martin Rinck Jr. has left Wm. Byfield's to begin farming for himself.

The Dickson family have departed in search of a land where crops are sure.

About a week since a little daughter made its appearance in Mr. Brailer's home.

After a severe siege of rheumatism and grip, J. F. Black is again able to be about.

Mr. Brant and McKey are grubbing the willows out of a piece of bottom land on the Buck farm.

Mrs. P. J. Taylor is having a house built, preparatory to moving, that Everett Moore may move into the house she now occupies.

The old neighbors of Everett Moore are pained to learn that he has recently buried his father. Of Mr. Moore's illness we have no account.

Jakie Longnecker has gone to New Mexico to learn the mysteries of mining. Jakie has grown up in this neighborhood and will be sadly missed, particularly in the Sunday school and Christian Endeavor where he was an active worker.

It is surprising what a "wee bit of a thing" can accomplish. Sick headache, constipation, dyspepsia, sour stomach, dizziness, are quickly banished by DeWitt's Little Early Risers. Small pill. Safe pill. Best pill. A. McMillen.

TYRONE.

The grip has been severe in this precinct.

Will House moved to Lincoln, last Tuesday.

Mrs. Kite of Bartley visited friends here, last Monday.

Mrs. Kimpton and Gust Broman are very sick with the grip.

Homer Smith's mother has been staying with him a few days.

There was a magic lantern show at the school house, Monday night.

The temperance meeting at the church, Thursday evening, was of unusual interest.

A male quartette has been formed here, consisting of Homer Smith, 1st tenor; J. C. Moore, 2d tenor; W. P. Crosby, 1st base, and Frank Moore, 2d base.

One minute is all the time necessary to decide from personal experience that One Minute Cough Cure does what its name implies. A. McMillen.

NORTH DIVIDE.

Spring's a-comin'. Hit's in the air.

Quite a crowd was more or less taken in at the show on Saturday night at the school house.

Roy King is at work up in the northeastern part of the state and may remain there during the year.

S. C. King is moving a portion of the live stock to his place near Culbertson for convenience in feeding.

Hilary McFadden is expected up from Alma to assist in the protracted meetings now in progress at Box Elder.

A. F. Reeves had his right hand injured in the sheller, some weeks since, which, together with a bad cold, has kept him closely confined of late.

Farmers are waiting to see two days alike and thus be encouraged to begin sowing small grain. A year ago at this time most of the seeding was done.

Mahlon Campbell has about two tons of choice broom corn of last year's crop, which he intends to work up into brooms; a pleasant and profitable employment.

James Brady is fattening a drove of fine porkers to be disposed of shortly to a gentleman in Frontier county at a considerable advance of the present market value.

A most delightful evening was spent at the cosy home of Major and Mrs. A. W. Campbell, Friday last. The Major can pop corn and tell stories equally as well as in '63.

M. A. Spalding has about decided not to remove to Riverton, as was intended some months ago. His fall wheat, some fifty acres, is now in very promising condition.

J. S. Modrell is making preparations to put out an unusually large acreage to crops in general and in addition to the home place Vanie has rented the quarter south of Henderson's.

Every one appreciates the value of a good library and the efforts of the League in trying to establish a circulating library at Box Elder is a good move, especially since books of any sort are a scarce article in this neighborhood.

A warm welcome is accorded every body in all the churches round about not only during revival times but always. Every person should identify themselves with some church as a member or regular attendant. It seems no one is excused from duty in this direction, and our moral and religious faculties should keep pace with the times.

The Divide school closed, last Friday, and with the exception of a dissenting voice now and then during the late term everything was lovely. Washington's birthday should have been properly observed as a holiday but for some reason it wasn't. Pupils and patrons were alike disappointed on having no closing exercises which have been customary at the end of every term.

Reece Harrison, who has been in Chicago during the past five years or so, returned home close of last week. His eye sight which has given him so much trouble and anxiety for many years, is very much improved. A short stay was made in Omaha on his way back to consult with an eye specialist in that city where an operation was performed a few days ago with gratifying results.

They are so small that the most sensitive persons take them, they are so effective that the most obstinate cases of constipation, headache and torpid liver yield to them. That is why DeWitt's Little Early Risers are known as the famous little pills. A. McMillen.

Many cases of "Grippe" have lately been cured by One Minute Cough Cure. This preparation seems especially adapted to the cure of this disease. It acts quickly thus preventing serious complications and bad effects in which this disease often leaves the patient. A. McMillen.

INDIANOLA.

J. C. Spencer had business at McCook, Wednesday.

B. B. Duckworth heard the band in McCook, Thursday afternoon.

Rev. Crago attended some of the revival meetings in the county seat this week.

Sheriff J. R. Neel returned home on Friday night last, from a business trip to Lincoln.

Marion Powell, F. H. Strout and R. H. Thomas were county seat business visitors, Wednesday.

J. S. Phillips of the Reporter had business in the great revival city on our west, Monday.

Mrs. C. B. Gray came down from McCook, Sunday night, on a visit to her mother, Mrs. C. B. Hoag.

County Attorney Keyes had legal business at the county seat, yesterday. His wife accompanied him.

J. J. Lamborn arrived home, Saturday night, via McCook, to spend Sunday at home with the family.

We hear it again rumored that S. R. Smith will move to McCook, to continue his profession and business of abstracting.

A. Shackleton has bought the well known and rapid pacing horse owned by W. Y. Johnson of north of McCook. This is one of the most promising flyers in Western Nebraska, and great performances may be expected from him.

Mrs. John Billings of Bondville evidently decided a few days since that she didn't care to live with her husband any longer. She drove to Bartley, at which point she wrote her husband to come and get the horse and vehicle, but not to look for her. He went and brought home the horse and gig.

If you have ever seen a child in the agony of croup, you can appreciate the gratitude of the mothers who know that One Minute Cough Cure relieves their little ones as quickly as it is administered. Many homes in this city are never without it. A. McMillen.

ASH CREEK.

Rogers' orchestra has been playing in North Star Sunday-school lately. Tom Orton of the Hatfield ranch assisting.

Mrs. J. H. Warfield departed on Thursday for Warren county, Ill., for a six weeks visit with her aged mother just widowed.

W. D. Williams is having hard luck in his moving. Some unknown person borrowed part of the boards from his hog pens, a double-tree belonging to a riding plow, one from a lister and all the barbed wire from a fifteen-acre pasture. But as yet they have not returned the articles, nor can anything be heard of their whereabouts.

School closed at Ash creek, last Friday, with an interesting entertainment in the afternoon. The teacher, Miss Clara Happersett, presented the scholars with handsome cards as farewell tokens. The following were visitors: Mr. and Mrs. J. C. Happersett, Misses Lulu Beardslee and Lottie Lamborn and Messrs. Chas. Beardslee, Guy Lamborn, Will Dolan, Arthur Beck and Fred Grass of Indianola, also quite a number from Ash creek neighborhood. Miss Happersett returned to her home in Indianola. She will be greatly missed by her friends here.

E. E. Turner of Compton, Mo., writes us that after suffering from piles for 17 years, he completely cured them by using three boxes of DeWitt's Witch Hazel Salve. It cures eczema and severe skin diseases. A. McMillen.

PROSPECT PARK.

O. L. Thompson has been having quite a siege of rheumatism.

Some of the boys of this neighborhood have organized a boxing school.

Miss Hattie Bunnell closed a four-months term of school in the Anderson district, recently. Miss Bunnell is one of Red Willow county's best and most successful teachers.

ROYAL BAKING POWDER
Absolutely Pure.
Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO., NEW YORK.

DANGERS OF THE GRIP.
The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for La Grippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventive of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cents sizes for sale by L. W. McConnell & Co., Druggists.

Begin the New Year right by subscribing for THE TRIBUNE.

FROM CRIPPLE CREEK.
After the big fire in Cripple Creek, I took a very severe cold and tried many remedies without help, the cold only becoming more settled. After using three small bottles of Chamberlain's Cough Remedy, both the cold and cough left me, and in this high altitude it takes a meritorious cough remedy to do any good.—G. B. Henderson, editor Daily Advertiser. For sale by L. W. McConnell & Co., Druggists.
