

MEMORIAL day has an increasing interest to all thoughtful, patriotic Americans.

It is libelous per se for Colonel Mitchell to insinuate even that any of its local contemporaries are guilty of cribbing from such a dull and dreary waste as the Courier.

SENATOR THURSTON'S recent plea for Cuba and humanity touched a tender and responsive chord in every American heart.

THE Republican party has a great opportunity now. If it will pass a wise, conservative tariff bill, one that will afford ample revenue and sufficient protection without being oppressive in any respect, it will be accepted by the country as a settlement of the tariff question for at least eight or ten years.

WE have it on the authority of the Kansas City Star that the "helpful hen" is attracting more attention in Kansas, just now, than the initiative and referendum.

Of the \$200,000 appropriated by Congress for the relief of the flood sufferers on the lower Mississippi, but one-half has been used.

COLONEL TIMOTHY SEDGWICK of the York Times undertakes to mildly lecture THE TRIBUNE because its publisher does not, like him, go through the poignant pangs of parturition at every mention of the word Pop.

BARTLEY.

The Burlington's extra gang has been stationed here during the past week.

W.E. Rollings moved his family and household effects here from Indianola on Tuesday.

Miss Frankie Stump and Mrs. Nellie Hodgkin of Cambridge spent Sunday with friends here.

Quite a number of our young people attended the commencement exercises at Indianola, last Friday evening.

A youthful nephew of Mr. and Mrs. E.E. Smith arrived here from Denver, Monday evening, to make them a visit of several weeks' duration.

Section Foreman Kern will go to Holdrege, this Friday evening, to move his family here. They will occupy Dr. J.E. Hathorn's two-story house in the eastern part of town.

About fifty of the friends and neighbors of Mrs. S.W. Clark made her a surprise visit on Friday evening of last week, it being the occasion of her thirty-eighth anniversary birthday.

It is probable that no town in the state shows its soldier population more respect than does Bartley. The size and decorum of the crowds, Sunday and Monday, give evidence of the truth of this assertion.

Miss Ida Smith closed a nine-months school, Friday of last week, in the district just northeast of town. She will spend several days visiting in this vicinity and at Indianola before going to Red Oak, Iowa, her home.

O. Frost returned from the eastern part of the state, latter part of last week, and spent a few days here, leaving again, Monday evening, on a business visit to Omaha and Lincoln and points in Howard and Sarpy counties.

Station Agent Tomblin spent Friday with relatives in Arapahoe and Saturday and Sunday with his brother-in-law and sister, Mr. and Mrs. J. F. Forbes in McCook. Extra Agent Hall had charge of the Burlington's affairs here during Mr. Tomblin's absence.

Miss Grace Curlee left, Thursday morning of last week, for University Place, to attend the commencement exercises of the Wesleyan university. She will return, latter part of next week, accompanied by her brothers, Guy and Edward, who have been attending school there.

Miss Kate Smith of the Intermediate department of the schools left for her home at Wilcoxville, last Saturday, and I. E. Wymore, principal, for his home at Freedom on Monday. Miss Nellie Stephens of the Primary department left on Tuesday, with the rest of the family, for the farm in Frontier county, north of Box Elder. The departure of these young people is generally regretted, and they will be greatly missed in social and religious circles.

Those who have labored so assiduously in our schools during the past nine months laid down their cares, last Friday, and the vacation so long anticipated with mingled feelings of satisfaction and regret is at hand. The graduating class consisted of Sadie Hamilton, Carrie Scott, Maud Vickrey, Olive Ogg and Maud Miller. Owing to financial considerations it was decided best not to have public graduating exercises, and the class, with the exception of Miss Ogg, who did not wish to graduate, were presented with diplomas without formality by Prof. Wymore. The school's patrons seem to be very well pleased with the work accomplished by the teachers.

Mrs. J. H. Stephens and Ethel spent Sunday and Monday here with the girls, and Bert arrived on Monday evening, with teams to move their household effects to the farm, leaving with them on Tuesday afternoon. While the loss of this estimable family is regretted, all hope for them contentment and prosperity in their new home and vocation, and trust that they may in the future become residents of Bartley.

Sunday and Monday, the 30th and 31st, were observed here as Memorial days, and the attendance on both occasions was very large. Rev. M. T. Maze, presiding elder of the Evangelical church for this district, discoursed to a very attentive audience at 11 a. m. on Sunday, and at 10 a. m. on Monday a large procession went to the cemetery to decorate the resting places of the honored dead. A large audience assembled in the hall to witness the afternoon programme consisting of music and recitations and a brief address by Rev. Asa Sleeth of Cambridge.

Robert Moore has had two tubular wells sunk, this spring, and both "stuck" before water was reached, and so he has no water.

The only defense found in the Bible for the abominable, filthy habit of tobacco chewing is in the last chapter of Revelation, and reads, "He that is filthy, let him be filthy still". Ugh!

Miss Anna Irvin taught school in district 58, last winter, and gave such excellent satisfaction that a "recommend" was tendered her, last week, signed by the most prominent and influential residents of the district. Miss Irvin is a thorough teacher, and has the best interests of her pupils always in view.

Those three girls that were weighed at Uncle Joseph Menard's store, the other day, were a little above the average in size. Their combined weight was 682 pounds; an average of over 227 pounds apiece—the little midgets! One weighed 205, one 222, and one 255, and none of them looked at all peaked.

A man went to McCook, and his wife sent a basket of eggs to get some household necessities. He traded the eggs for three papers of smoking tobacco and a plug of chewing about a foot long, and a cake of soap worth five cents. He don't live in this township. If his wife or daughter should get a five-cent ribbon to wear around her neck to make her look pretty, he'd scold off and on for a week.

Rev. J. A. Badcon of the Methodist church of McCook preached in the Coleman school house, last Sunday at three o'clock. It was a clean, pure, unadulterated gospel talk, just the kind the people here want, and they would highly appreciate the privilege of listening to such sermons often. It was his first sermon here, but he promised to come and preach again. He will meet a warm welcome.

Rev. Jacob Long failed to fill his appointment at the Coleman school house, Sunday a week. He was to have been there, last Sunday, but failed again, although he got within a mile of school house. It is very trying to be disappointed so often, and now we suggest that the appointment be filled regularly and on time, or else just drop it at once and quit, as that is preferable to disappointments so frequent. We want an appointment, and we want it filled, regularly too.

I presume I shall be obliged to procure a typewriter, for I see ye typos could not read my writing, last week. I wrote Cosgro and Rollings, and it was set up Crago and Phillips, but mistakes will happen, you know, even in printing offices.

Decoration day was observed here, Saturday, the seventeen soldiers' graves in our cemetery being properly decorated in the forenoon, and in the afternoon the oration was delivered by Rev. B. S. Haywood, which was one of the best ever delivered here. As an orator Mr. Haywood has few equals, and his superiors are scarce.

On Friday evening last, as previously announced, the commencement exercises were held at the opera house. There were six graduates, as follows: Bessie Holland, Lou Beardslee, Claude Hatcher, May Rider, Alfred Crago and Fred Grass. Each did credit to themselves and the school from which they graduate. The speaking was fine, the singing excellent, and the orchestra extra good. We were pleased to note several visitors from McCook and Bartley, and we are certain all were well entertained. We should be proud of our public schools.

B. B. Mosher has traded a Colorado farm for town property in Indianola.

On Sunday last the Methodist pulpit was filled by Rev. E. P. Quivey of Omaha, representing the Nebraska Children's Home society. This society looks up homes for orphan children, and children for homes where children are wanted. General Charles F. Manderson is state president, and Rev. L. P. Ludden is secretary. A local board was organized here, consisting of: Mrs. L. M. Beardslee, D. W. Schoenthal, Mrs. M. J. Happersett, Marion Powell, Mrs. D. Stone cypher, Hattie McClung, Lucy J. Cramer, Thomas Duncan and C. W. Beck. The first four in order named are its officers. A subscription was taken in the Methodist church and it amounted to over \$260, payable in five annual payments of \$52. Subscriptions in the other church will be taken later. This is a worthy object and we are glad our people responded so nobly.
