

Republican State Convention.

The Republican electors of the state of Nebraska are requested to send delegates from their several counties to meet in convention in the city of Lincoln, Thursday, August 26th, 1897, at 2 o'clock p. m., for the purpose of placing in nomination candidates for the following offices:

One judge of the supreme court. Two regents of the state university. And to transact such other business as may properly come before the convention.

THE APPOINTMENT.

The several counties are entitled to representation as follows, the apportionment being based upon the vote cast for Hon. Albert J. Burnham, for presidential elector in 1896, giving each county one delegate-at-large and one for each 125 votes and major fraction thereof:

Table with columns: Counties, Delegates, Counties, Delegates. Lists counties like Chase, Dundy, Frontier, Furnas, etc.

It is recommended that no proxies be admitted to the convention and that the delegates present be authorized to cast the entire vote of the delegation of the county which they represent.

It is requested that the county conventions select their committees and perfect their county organizations at the first convention in counties in which two conventions are held. J. T. MALLALEU, GEO. W. POST, S. L. ALLELU, Chairman.

Republican County Convention.

The Republicans of Red Willow county are hereby called to meet in delegate convention in the City of McCook, on Saturday, August 21, 1897, at 2 o'clock p. m., for the purpose of selecting nine delegates to the Republican state convention to be held in the city of Lincoln on August 26, 1897; to select a Republican county central committee; to provide a time and place for holding the Republican county convention to nominate candidates for the various county offices, and to transact such other business as may properly come before the convention.

The representation will be one delegate for each fifteen votes, or fraction thereof, cast for William McKinley at the election held November 3, 1896, and two delegates at large for each voting precinct.

The several precincts are entitled to representation as follows:

Table with columns: Precincts, Delegates, Precincts, Delegates. Lists precincts like Alliance, Beaver, Bondville, etc.

It is recommended that the precinct primaries be held on Thursday, August 19th, at such time and place as the local committee may designate. E. A. SEXTON, Chairman. C. W. BARNES, Secretary.

THE TRIBUNE favors the re-nomination of Judge Post because it has confidence in Judge Post. Because it knows him to be an able and just judge; an honorable and upright citizen; a judge who has added solidity and dignity to the to the supreme bench. Hence we hope that Red Willow county Republicans at their convention, next week, name a unanimous delegation for Judge Post, whose nomination by acclamation seems to be assured. And there is no good or sufficient reason why Judge Post cannot and will not get every vote available for any Republican, this fall.

THE promptness with which the Republican party has carried out its pledges in the five months since the inauguration of President McKinley is in marked contrast with conditions at this time four years ago. Then there were depression and gloom, and business troubles of all sorts. Now there are activity and cheerfulness, money seeking investment, good prices, and general activity. The depressing conditions of four years ago were met only with legislation which intensified the troubles. The equally distressing business conditions which confronted the McKinley administration were promptly met by vigorous Republican measures, causing immediate business confidence and activity, which have called money from its hiding places and set the wheels of industry in motion.

THE St. Louis convention which met and adjourned over a year ago declared in its platform that the civil service law was placed on the statute books by the Republican party and that the party renewed its "repeated declarations that it should be thoroughly and honestly enforced and extended wherever practicable." President McKinley evidently took this platform and the seven million people who supported it at their word, and because of this declaration took the first opportunity to amend the civil service law by his recent order, which prohibits the removal of faithful men and women without specific charges and an opportunity to answer them. This action, while it distresses some who had hoped that positions might be opened to them by removals, is generally commended by the leading men and newspapers of the country.
