YELLOW fever is causing a panic in some southern cities.

THE National irrigation convention will convene in Lincoln, September 28th.

LINCOLN is now engaged in the laudable work of raising the wherewithal to build an auditorium.

THIS continued hot, dry and windy weather is costing the western agricultural states a nice penny. There is no disguising the fact that the corn crop is being materially shortened in amount and damaged in quality every day now. However, there is a large supply in these states of last year's corn crop.

THE Republican state central committee met in Lincoln, Wednesday, and reorganized for the campaign with Congressman David Mercer as chairman; Ed. R. Sizer, secretary; R. E. Schneider, treasurer. The headquarters will be in the Lindell hotel, Lincoln. An energetic campaign will be waged from now until election day.

THE effect of better times is shown in the increased attendance of non-resident pupils in the McCook public schools. The initial enrollment is almost double what it was, last year, when the tuition was free, while it now is \$2 per month. The McCook high school is destined to attract more pupils from without, each year, and the city thus will become quite an educational center, as it now is a commercial center.

THE state of Iowa has suffered so severely from hot winds in the last week that the director of the crop service estimates that the yield of corn has been cut down from about three-quarters of a full crop to half a crop. His investigations covered the best districts in the southeastern part of the state. The condition of the corn in Iowa has been much lower than in Nebraska all through the season. The higher percentage of good corn on this side of the river is due to the fact that as a rule it is farther advanced and had a better stand. The Nebraska crop has doubtless been cut a little short by the unseasonable weather of the past few days, but as a rule hot weather in early September is beneficial rather than otherwise.—Lincoln Journal.

THE Republican county convention held in Indianola, Saturday last, was one of the most earnest and harmonious gatherings of Republicans held in Red Willow county for a number of years. A gratifying and significant spirit of harmony, a distinct desire for united action on the part of the Republicans of the county, was the dominant feeling of the convention, and for the most part the nominations were made by acclamation. The spirit of strife, bitterness and discontent was notably absent and the operations of the body were characterized by order, decorum and good feeling. The candidates were chosen from various sections of the county and of material that will call forth a hearty support of the Republicans of the county, irrespective of locality. With the management guaranteed by the selection of Chairman Barnett and the vigorous cooperation of a united Republican party victory will perch high upon the Republican banner in November.

BANKSVILLE.

J. E. Dodge is threshing for Samuel Ellis, this week.

Rev. Tirrill preached at the school house, last Sunday.

Wm. Relph sold a car load of wheat at Cedar Bluffs, last week, for 75 cents per bushel.

A basket social is announced to be held at the school house, Friday evening, September 10th.

Dell West, an old-time resident of this place but now of Lincoln, was shaking hands with friends, last week.

The delegates from this precinct report a very harmonious Republican convention at Indianola, last Saturday, with a strong ticket placed in the field.

Mrs. Bull and daughter, Miss Plumb of Danbury, passed through here, last Sunday. We understand Miss Plumb will have charge of the school in the Elliott district just west of here.

Chas. Ryan, who lives just across the line in Kansas, has been assisting N. J. Johnson in the erection of a fine new granary, which improves the place and solves the problem for Mr. Johnson where to store his wheat.

The many friends of O. L. Thompson of Gerver will be pleased to hear of his nomination for county treasurer. O. L. is a popular man and well liked by all who knew him, and no doubt will poll a strong vote from this section.

RED WILLOW.

Wm. Byfield took his cattle to Omaha, first of the week.

Laura Woodworth and Eddie Byfield attend the McCook school.

Mr. Parsons is making arrangements to move to town, so we are informed.

The schools are fairly running now and the children are pleased with the new teachers.

Mr. and Mrs. Miller are making frequent trips across the river to be by the bedside of their son Lon, who is suffering with typhoid fever. Lon's old neighbors are hopeful for his speedy recovery.

Horace Taylor was properly surprised and made to remember that last Saturday was his birthday, by his young friends. It is not best to mention Horace's age as his matrimonial interests are at stake; suffice it to say he is old enough to marry.

NORTH COLEMAN.

J. W. Corner was in these parts, recently.

A goodly number of the schools have commenced their fall and winter term.

Miss Della Carothers yields the birch in district 74 for the next 6 months. Success to Della.

Louis Brown of Osborn precinct is now going to school in McCook. Hope he will succeed in his studies.

The show at McCook was patronized from our part of the country and pronounced very good. The writer was stacking hay that day like a good fellow.

So much work for the farmers threshing and haying that we have not much time to find the items that are interesting to the many readers of your valuable paper.

Several of the Colemanites are sporting new buggies these days. I suppose the young ladies will have a good time riding with their best fellows. Go slow, young man, new buggies do not always catch them.

Your correspondent traveled through Frontier county, recently, and found the clod-hoppers (as the farmers are called sometimes) very busy with threshing and haying. Found corn looking very promising, and prosperity reigning supreme.

Now on with the campaign.

It is evident that the annexation of Hawaii will be actively opposed, next session of congress. Among the opponents quoted are: Senators Thurston, White, Pettigrew, Mantle and others.

A TERRIBLE wreck occurred near Emporia, Kansas, Wednesday. A dozen deaths are reported and great damage. Accident happened on the Santa Fe, head-end, between the fast mail and California and Mexico express. All three of the locomotives exploded their boilers and fire adds its horror. W. J. Bryan an uninjured passenger.

WASTED LIVES.

Some people use their energies in a way that wastes the greater part of them. Hurry, worry, irritation, vexation, dejection, and foolish anxiety keeps them constantly wasting precious vitality. This is foolishness. People do not want irritation or stimulation. When anyone is tired he wants rest, not stimulants. When any one's energies begin to flag recuperation, not irritation, is wanted.

"All tired out" some people say, "I need a stimulant." A very mistaken idea. No doubt such a one is in need of invigoration, recuperation, but not stimulants. Stimulants draw upon the vigor which one already possesses; they produce no vigor. When one is tired out, nervous, weak, and dejected, Pe-ru-na is what is needed in the system. Pe-ru-na invigorates, recuperates, builds up, vitalizes, enriches, reinforces. Unlike so many other remedies, it does not simply irritate and stimulate. Pe-ru-na is an invigorator to nerve and blood. Send for a copy of Dr. Hartman's latest book. Address, The Pe-ru-na Drug Manufacturing Co., Columbus, Ohio.

A trial subscription to the Semi-Weekly State Journal from now until January 1, 1898, only costs twenty-five cents. You can send stamps.

The Nominees.

The Republican voters of the county doubtless wish to know something about their standard bearers in the campaign, this fall, and we append brief biographical sketches of the nominees:

ESBEN P. DAY,

Who was unanimously chosen for the office of county clerk, is a resident of Lebanon precinct, a farmer by occupation. He has lived too long in this county and is too favorably known to need a formal introduction to our people. He is not only a successful farmer, but a rising young man of good business ability. He is amply qualified in every way for the efficient discharge of the duties of the office to which he aspires.

O. L. THOMPSON,

The unanimous choice of the convention for the office of county treasurer, came to Red Willow county five years since from Gage county, and has passed through the misfortunes of the past five years on a farm in Gerver precinct. He has had wide and various experience in banking, insurance, stock raising, farming etc., and is possessed of business experience and ability to adequately fit him for the discharge of the important duties of the office of county treasurer.

W. A. MCCOOL,

Candidate for sheriff, is an old resident of Red Willow county, and once served the people acceptably as sheriff. He was born near LeClaire, in Scott county, Iowa, on March 7, 1856. At the breaking out of the war, two older brothers having enlisted, the family moved to Davenport, Iowa, in 1862. Here he was educated. He married in 1879 and in April, 1879, moved to Red Willow county, Nebraska, where he has since resided with an absence of some months in 1892 in Missouri. He is a fine, experienced officer and if elected will make the people an efficient sheriff.

GEORGE S. BISHOP,

The nominee for county judge, was born in Livingston county, N. Y., May 9th, 1850. He was reared in Iowa, and graduated from the law department of the Iowa State University, class of 1872, and has practiced law eight years. He settled in this county in April, 1873, practicing his profession until January 1st, 1880, when he established the Courier at Indianola, and since which time he has been engaged in the newspaper business. To the older settlers of the county, Mr. Bishop needs no introduction, and to them he cheerfully refers all who are unacquainted with him.

CLARENCE N. WHITTAKER,

The nominee for county superintendent of public instruction, was born in Niles, Michigan, in 1872. His parents moved to Red Willow county in 1874, but

were driven out by the grasshoppers, returning again in 1879. Mr. Whittaker was graduated from the McCook high school in 1892, and has since been engaged in teaching in the city schools, one year in charge of the South McCook school, and the past four years as principal of the West ward school. He is well qualified to discharge the important duties of the county superintendency.

JOSEPH SPOTTS,

Nominee for coroner, is a native of Berks county, Penna. Came to Jackson county, Iowa, in 1854; moving to Nebraska in 1873. He has resided in McCook since 1885. He served three years and eight months in the late unpleasantness, enlisting in the infantry service from Iowa. Joe is a life-long Republican, a good officer, and will discharge any duties of that office that may fall to him properly.

ALBERT F. REEVES,

Our candidate for county surveyor, is a farmer of Box Elder precinct, and one of the most excellent young men in Red Willow county.

HENRY CRABTREE,

The choice for commissioner of the Second district, is one of the county's oldest settlers, and is a resident of Indianola. He has served the county nine years in that capacity, hence is a man of ripe experience for the office.

Methods of agriculture are not applicable to the work of the American farmer of today. If you wish to keep fully informed of the best crops and means of successful growing both here and abroad, must read a journal devoted to the particular subject. Do you wish to profit by what other farmers know at the expense of an immense outlay of time and money? The number of \$1 a year is the cost of the only magazine which will give you the desired information. It is hand some, practical and instructive. THE IRRIGATION AGE, CHICAGO. Published by G. L. To California, Comfortably.

Every Thursday at 11:40 p.m., M. T., a tourist sleeping car for Salt Lake City, San Francisco and Los Angeles leaves Omaha and Lincoln via the Burlington Route. It is carpeted, upholstered in rattan, has spring seats and backs and is provided with curtains, bedding, towels, soap, etc. An experienced excursion conductor and a uniformed Pullman porter accompany it through to the Pacific coast. While neither as expensively finished nor as fine to look at as a palace sleeper, it is just as good to ride in. Second class tickets are honored and the price of a berth, wide enough and big enough for two, is only \$5.00. For a folder giving full particulars, call at the nearest B. & M. R. R. ticket office, or write to J. Francis, Gen'l Pass'r Agent, Burlington Route, Omaha, Nebr. December 26-31.

To Subscribers of The Tribune.

Readers of THE TRIBUNE will please remember that cash is an essential in the publication of a paper. The publisher has been very lenient during the past few years, on account of crop failures and hard times, and as a consequence many hundreds of dollars are due on subscriptions. We are now compelled to request all who can to call and make settlement in full or in part. In view of the facts, our subscribers must feel the justice and urgency of this request. THE PUBLISHER.
