

REPUBLICAN TICKET.

STATE.

For Supreme Judge, ALFRED M. POST. For University Regents, CHARLES W. KALEY. JOHN N. DRYDEN.

COUNTY.

For Clerk, ESSEN P. DAY. For Treasurer, O. L. THOMPSON. For Sheriff, W. A. MCCOOL. For Judge, G. S. BISHOP. For Superintendent, C. N. WHITTAKER. For Surveyor, A. F. REEVES. For Coroner, JOSEPH SPOTTS. For Commissioner—Second District, HENRY CRABTREE.

AMONG the new postmasters appointed are: E. D. Einsel at Holdrege and E. R. Bee at Cambridge.

A. F. REEVES will be ready to do any work that may be required of the surveyor, promptly and accurately.

THE campaign may not be said to be on yet. When it is, however, it will be interesting and lively enough for any one.

E. P. DAY is a young man of the careful business qualities that go to make a capable county clerk. Keep your eye on his gait.

W. A. MCCOOL is a typical, experienced officer. He has won his spurs. He will serve Red Willow county most efficiently as sheriff.

G. S. BISHOP has the legal training and experience requisite for the office of county judge and the newspaper man's faculty of winning.

WHEN it comes to casting a political horoscope of Red Willow county, Colonel Phillips of the Indianola Reporter is some pumpkins himself.

C. N. WHITTAKER is a school teacher of experience and ability, and is in every way well fitted for the important office of county superintendent.

COLONEL DAVE F. SMITH of the Wilsonville Review is receiving congratulations over his appointment as Nasby at Wilsonville, and THE TRIBUNE joins in the chorus. The Colonel is competent and deserving.

THE new school land law, which has withdrawn from sale all the school lands of the state and confines the land commissioner to leasing the school lands, is to be tested as to its constitutionality, by a gentleman from Pawnee county.

"WHAT?" asks Colonel Phillips of the Indianola Reporter, holding his breath for 'steen consecutive minutes, "if the Democrats should vote the Republican ticket! Is it not true that the Republicans have nominated Democrats, and elected them; in fact, have done more along that line than the Populists."

THE editor of the Lincoln Daily Call visited the Lincoln public schools, the other day, and came away convinced of at least two things: Firstly, that Supt. Saylor can swear some; and secondly, that the faddist teacher of a new system of reading is a genius. And it almost cost him a "licking" to glean that much information.

EX-STATE AUDITOR EUGENE MOORE has pleaded guilty to embezzling insurance fees from the state in an amount exceeding \$23,000; and will now go before the supreme court and contend that he had no right to collect the money he embezzled, in the hope of escaping punishment. He had no right to steal the money, that is certain, and should do time like any other culprit.

A STRONG Populist office holder who draws a big salary in this judicial district, told the Quiz man just before the Republican state convention that the brainiest man on the supreme bench was Judge Post. He also called attention to the fact that Judge Post seldom rendered a dissenting opinion, for his opinions were usually the opinions of the court. Such a man is the kind of a man to keep on the bench.—Ord Quiz.

O. L. THOMPSON has the qualifications for an excellent county treasurer and he is making a winning campaign. He will be in at the killing.

BOX ELDER.

Threshing is being pushed forward as rapidly as the scarcity of machines will admit of.

Numerous parties and socials are enlivening the monotony of our otherwise work-a-day community.

While patent medicines may be an excellent thing (for the manufacturer and druggist) we do not approve of taking up the time of church services in advertising them.

A large congregation was present to hear Rev. Vivian's farewell sermon, but owing to his being detained at Garden Prairie by a funeral, he did not get back in time to preach as was expected.

A MEDICAL STUDENT.

Each student of medicine, before graduating to become a doctor, has to undergo a catechism to see if he is competent to practice medicine. Here is a sample of what he must answer:

A Growing Insurance Order.

The Star of Jupiter continues to invite the attention of our people. Its meetings each Monday evening are full of interest and well attended. The social entertainment at each meeting is quite a feature, and the new degree is especially attracting attention at this time. The degree will be conferred again, next Monday night, and none of the members should fail to avail themselves of the opportunity thus afforded them of seeing this work. New applications for membership are coming in rapidly, and new members initiated almost every meeting. McCook may well be proud of this organization with its headquarters in our midst, and may reasonably expect that in the course of time, the institution will be of considerable importance to our fair city.

Remember Lot's Wife.

Clerk of the District Court G. C. Boatman and Deputy County Clerk J. A. Hammond were out "scorching," Wednesday evening; and for a while everything went as merrily as wedding bells. In a moment of over-confidence and excessive elation, the court clerk, who was doing some tall sprinting, looked back. In the twinkling of an eye he was debilitated with the two-wheeler on top. A badly sprained arm, an abnormal knee development and a large fund of experience are the net results. He had forgotten the admonition to Lot's wife. In the immediate future at least he will let Dick and Jerry do the bicycle act, and confine himself to nursing the sorespots.

E. F. Duffey and wife, who have been visiting relatives over on the South Side for the past few weeks, will leave for the east, early next week.

Mr. and Mrs. Phillips departed, Friday, for their home in Iowa. They spent some time here visiting their daughter, Mrs. Mary Corner.

G. Ralston of Illinois spent several days here looking over the country and was so well pleased that he selected a farm before returning.

Several weeks ago while Ellis Divine was feeding a thresher, a straw flew back and hit him in the eye and very nearly blinded it. He has gone down to Omaha to have it doctored. We hope the sight may be completely restored.

Orr Earley of Iowa writes: "A good many are going to get out of here and I don't blame them. Not half the renters can pay their rent, this year. I don't know how they are going to get through the winter as everything they raised will not pay the rent."

JOSEPH SPOTTS is an officer of many years' experience. The duties of coroner will be properly discharged by him.

HENRY CRABTREE has nine years' experience in that office to urge as his qualification for the office of commissioner.

Haying, fall plowing, threshing and seeding keep the farmers from getting the "blues" in this section at present.

J. E. Dodge had a slight breakdown with his thresher, first of the week, which delayed him a half day. This is Joe's first accident this season.

Rev. White has been returned by the U.B. conference for another year and will preach at the Dodge school house every two weeks beginning September 19th.

The late rains put the ground in fine condition for fall seeding.

The letter was received some time ago. It is all right. There are quite a few ready to join the lodge. Push on, boys, you are all right.

To Subscribers of The Tribune.

Readers of THE TRIBUNE will please remember that cash is an essential in the publication of a paper. We are now compelled to request all who can to call and make settlement in full or in part. In view of the facts, our subscribers must feel the justice and urgency of this request. THE PUBLISHER.

You ought to get the Semi-Weekly State Journal during the campaign. Doings of all parties fully reported. Lincoln is the political center of the State and the Journal gives this class of news ahead of other state papers. Twenty-five cents will pay for this splendid paper from now until January 1, 1898.
