

\$1.50 A YEAR IN ADVANCE.

LONDON town was visited by a very disastrous fire, close of last week, in which about \$15,000,000 worth of merchandise was destroyed in the warehouse district of the world's greatest city.

A CONTROLLING interest in the Chicago Inter-Ocean has been purchased by the great street magnate, Charles T. Yerkes. The baron wants to be able to talk back, if he thinks it necessary.

Delegates from the various states are gathering into Washington. The session of congress that opens up the first week in December promises to be a very lively and important one, in which the Cuban question and the finance question will likely take a large part of the time.

THE republicans could not well pick a stronger man for congressional honors in the Fifth district than Hon. W. S. Morlan of McCook. Mr. Morlan is an able man. Were it not for the fact that he is a "sound money" republican, he would find many friends outside the republican party.—Hastings Democrat.

Correct in all but one particular: his "sound money" leanings is one of his pillars of strength.

"OUR minister preached a sublime sermon on Sunday," recently remarked a Chicago woman. "I did enjoy it so much. And right in the middle of it I hit on how to have my black serge fixed over. The whole scheme came like a miracle, and will work out no end of swell. That frock has been such a torment I have had no good of it at all. I hung in the wardrobe, a reproach and a waste of material. Sermons are so beneficial. You really ought to go to church oftener. I am ashamed that you missed that one last Sunday."

An American who visited Birmingham, England, not long ago, found that in constructing the street trolleys there the rails are made in Pittsburg, the cars in Philadelphia, the boilers in Erie, the engines in Schenectady. Our railway equipments are in use in Bremen, Berlin, Hamburg, Brussels, Madrid, Dublin, Florence, Naples, Milan, Rouen, Lyons, Marseilles, and other cities of Europe. A similar demand for our electric manufactures, especially in traction and lighting, exists in the West Indies, South America, South Africa, China and Japan.

A HEALTHY WOMAN.

A perfectly healthy woman is a rare sight. Such a woman is always beautiful. Health brings clear complexion, a clear eye, steady nerve, elastic step, and graceful movements. A healthy woman is a woman with healthy mucous membranes. Mucous membranes line the whole body. The slightest catarrh of one of these membranes produces languor, sallow skin, listless eye, and weakening discharges.

Mrs. Alvina Hanenkrat, Ribb Falls, Wis., in a recent letter to Dr. Hartman, says: "I was troubled for ten years with chronic catarrh. I used Pe-ru-na for about eight months, and I must say that I am perfectly cured of the disease. It will be two years next June since I was cured, and I have not been troubled with any of my old symptoms."

Dr. Hartman's latest book on chronic catarrh will be sent free to any address for a short time by The Pe-ru-na Drug Mfg Co., Columbus, Ohio.

Read What The Ladies Say.

For the benefit of the gentlemen who handle Sheridan Coal we wish to say that we have used Sheridan Coal for over a year in the heating stove in the office, in the grate and for cooking purposes. In all of this time we have never found a clinker. The coal is cheaper than any fuel we have ever used and absolutely without soot, which is a great blessing in a cook stove. We say this without solicitation and from actual experience. We hope if there are any women who have not done so, that they will at least give this coal a trial.—Editorial Woman's Weekly, Omaha. ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease, except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE. Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored, too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy is soon realized. If you need a medicine you should have the best. At all druggists fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention THE TRIBUNE and send your address to Dr. Kilmer & Co., Binghamton, N. Y.
