An Unqualified Success.

The audiences that greeted the public school entertainments in the opera house, Friday and Saturday evenings of last week, were quite unprecedented for size and appreciation. Perhaps never before in the history of the city have two such large and attentive audiences attended performances of any kind by either home or professional talent on two successive nights. And THE TRIBUNE feels entirely free to state that the entertainments merited the patronage accorded and that the pleasure given those present amply repaid for the effort and expense of attendance. The scope of the plans, the variety of the programme, and the multitude of those engaged, give a faint idea of the labor and time expended in the preparation and indicate the measure of credit due to the teachers and pupils—in fact to all who assisted in the labor connected with the affair.

Perhaps no better idea can be communicated than by giving the programmes of the two evenings. Below we give them in full:

NOTES.
The orchestral work was fine but rather too heavy for indoor enjoyment in the musical line.

Here are congratulations to all parties concerned on the splendid success of the large undertaking.

Over one hundred and seventy pupils of the various grades were engaged in the performances of the two nights.

The scope of the entertainments would have appalled less sturdy stuff than the teachers and pupils of the McCook public schools are made of.

The concerts were distinctly creditable to Superintendent Valentine and all who assisted him in getting the various numbers ready for the stage.

The "Little Shaking Quakers" took the audience by storm, while the "Little Tramps" and the "Klondykers" fairly divided the honors with them.

The gross receipts of the two evenings were about two hundred dollars. After paying all expenses incident to so large an undertaking, a very neat sum will remain to the credit of the music fund of the school.

Tuesday evening, Supt. Valentine entertained a small company, embracing helpers at the concerts not named in the programme, at the home of Mrs. Vina Wood. It was a pleasant, informal affair, much enjoyed by the guests.

The scenic effects were new and attractive, the creations of Hogan & Starr, and added materially to the general results. The costuming, while not elaborate and expensive, was pretty and altogether effective, much pains and time being required to make the many garments for the children as they appeared in the several concerted pieces. The school lantern, for which a number of colored lights had been prepared specially for this occasion, made many of the effects more charming.

Much credit is due Mrs. A. P. Bonnot in the preparation of the musical part of the programme, although on account of sickness she was compelled to retire from the active direction of affairs shortly before the concerts were given. Dr. S. C. Beach, Mrs. W. B. Mills and Miss Edna Dixon come in for a due meed of praise in this connection.

McCook Public School, Feb. 23, 1898.

TO THE PUBLIC: The kindly interest displayed in the concert recently given by the children and the generous patronage bestowed on two successive evenings is hereby gratefully acknowledged.

The receipts for the two concerts were \$227.90; the expenses \$79.25; leaving a balance to the special school fund of \$148.65, out of which we are enabled to make a large payment on our piano, which is very satisfactory to the teachers and pupils whose exertions in hours added to the regular working time made the entertainment possible.

For the helpfulness of the parents of the two hundred children who took part and to those who furnished the lunch for the little ones between the acts we tender our hearty thanks.

To the newspapers for liberal notices, to Mrs. Westland and Mrs. Brewer for their artistic work, and to the musical friends who so cheerfully rendered their services we are under a deep sense of obligation. To the Brigade Band and H. P. Sutton, the director, to Mrs. W. B. Mills and Miss Edna Dixon, to Dr. S. C. Beach, Messrs. F. A. Pennell, G. R. Snyder, Fred Beardslee, Roy Smith, and J. R. McCall and to Mr. F. M. Kimmell we express our gratitude, which may prove, as a witty Frenchman has said, to be an acknowledgement of favors received in the expectation of asking for more in the future; to Mr. Ray Hall and the Electric Light Co., who at no little annoyance and trouble enabled us to illuminate our tableaux, and to Messrs. Wm. Snyder, John Wentz, Wm. Richardson, Coleman & Cochran for articles loaned we convey our thanks.

All of which is submitted on behalf of the teachers and pupils of the McCook Public Schools by your obedient servant.

WM. VALENTINE,
Superintendent.

The Watson-Sanborn Wedding.

On Tuesday evening of this week, at the residence of the bride's parents, Engineer and Mrs. John E. Sanborn, Mr. Lewis S. Watson and Miss Grace E. Sanborn were united in marriage, Rev. George Scott officiating. The marriage ceremony was performed in the presence of a few intimate friends of the contracting parties, and was followed by the serving of light refreshments, after the usual congratulations were tendered the young people.

The groom is a well known employe of the Burlington and the bride has grown up from early girlhood in our city. THE TRIBUNE joins with many friends in wishing the young couple a bon voyage.

They left on the early morning train, Wednesday, for Lafayette, Indiana, where they will make a visit of a week or two at his old home.

The Imperials.

No one should be misled by the fact that the printed matter of the Imperials is the same as they used at their last appearance here, as the management has absolute guarantee that the programme will be entirely new. Manager Miller of the original Tennesseans says they followed the Imperials in Iowa, Missouri and Kansas, and they were highly recommended everywhere. The warm reception and enthusiastic approval given the Imperials on their last appearance here give assurance that a crowded house will be their portion at the Congregational church on Thursday, March 3rd, when they will again sing here under the auspices of the Endeavor society. The Imperials sing not only popular music but high grade and artistic selections as well, so that they entertain and please all. Remember, at the Congregational church, March 3rd.

The Captain Buys a Farm

This week, Captain W. J. Evans purchased the H. H. Meyer farm over in Valley Grange precinct, consisting of 100 acres of as fine land as can be found in the country, and well improved. A splendid house, barn, cribs, granaries, windmill, fencing, alfalfa, etc., are among the improvements of this desirable place, which the captain will take possession of about the first of April. The purchase price, we understand, was \$3,500. Mr. Meyer and son still have 400 acres practically adjoining the place sold, which is known as the old Eaton ranch, and we hear it stated that they will build upon and improve some other portion of their land. THE TRIBUNE is pleased to see Captain Evans decide to make his permanent home with us.

A Disappointment.

There is no disguising the fact that there is considerable comment and some dissatisfaction over the fact that W. R. Starr was not appointed attorney to defend Edward Lorenz, who will on April 11th be given a new trial for the murder of Michael Travers. Mr. Starr has given the case very close attention and it was owing largely to his efforts that the new trial was secured, so it was generally expected that he would be appointed to defend the boy on his new trial. There is no particular fault urged against Mr. Starr, who was appointed, but the idea prevails that Mr. Starr was entitled to the appointment by reason of the time and money he has put into the case already.

Will Hold Joint Services.

Commencing with next Sunday evening the Christian Endeavor society and members of the Congregational church will hold joint services in the church at the regular hour of evening services, eight o'clock. These services will be held until a new pastor is installed. There will be special music by the church choir and a programme of interest and instructiveness. All are invited to these services.

Had a Liberal Patronage.

The ladies of the Methodist church enjoyed a liberal patronage at their Washington dinner and bazaar on Tuesday. They served both dinner and supper and their tables were crowded on both occasions. The ladies spread wholesome food in rich abundance, as usual. The counters of the bazaar were well filled with useful articles which had a ready sale, and enriched the Aid society accordingly.

Have Issued a Call.

At their meeting on Wednesday night the members of the Congregational church decided to issue a call to Rev. William J. Turner of Mt. Vernon, Ohio, who is expected to assume the pastorate of this church about April 1st.

"An Antaltrurian Miss"

Kindly requests the Utopian Centipede to put in an appearance all at once, so it may be known how many kinds of shoes are needed. There are not enough of the masculine sizes to go around, and it may be well to call attention to the old rule for measuring,—"If the shoe fits, wear it, but don't stretch it on and tear it."
