**AGENTS WANTED.**

Send your address to us, and we will inform you how other men earn from \$75.00 to \$35.00 weekly. If you are endowed with an average amount of common sense, you can in a short time do as well, or better, by securing a county agency for one of our standard publications. If you want to start without delay, send \$1.25, and we will forward a copy of "Reversible Wall Map of the U. S. & World," 66x46 inches in size, eleven beautiful colors. A county map of the U. S. on one side, and a library map of the world on the other, should be in every home and office. This is the 1898 edition, to date; two five-dollar maps at a popular price.

We will also send a copy of our new wall map of Nebraska, showing counties, railroads, towns, etc., 1898 edition with a marginal index, locating every town on map and giving population, 28 x 44 inches in size, just issued.

Above two maps almost sell themselves, but printed instructions accompany samples. Later on you can try some expensive article. Write quick and choose your field.

**California Excursions**

Via Burlington Route. Cheap; quick; comfortable. Leave Omaha 4:35 p. m., Lincoln 6:10 p. m., Hastings 8:30 p. m., and McCook at 11:40 p. m., every Thursday, in clean, modern, not crowded tourist sleepers. No transfers; cars run right through to San Francisco and Los Angeles over the Scenic Route—through Denver and Salt Lake City. Cars are carpeted; upholstered in raton; have spring seats and backs and are provided with curtains, bedding, towels, soap, etc. Uniformed porters and experienced conductors accompany each excursion, relieving passengers of all bother about baggage, pointing out objects of interest and in many ways helping to make the overland trip a delightful experience. Second class tickets are honored. Berths \$5. For folder giving full information, call at nearest Burlington Route ticket office, or write to J. Francis, General Passenger Agent, Omaha, Nebraska. 4-25-98.

**Nebraska Irrigation Annual.**

The second number of this book contains 217 pages full of interesting and valuable information for the progressive citizen, wide awake farmer and business man, including a stenographic report of the fourth annual convention of the Nebraska Irrigation Association. There are many attractive features which limited space will not permit to be mentioned here. There are single pages in the book worth four times the cost of the book to any public spirited student of scientific agriculture. Recent demonstration in the practicability and utility of irrigation are given, and the results are so surprising as to make them read like extracts from a wonder book. Even the advertisements contain useful bits of knowledge. The constitution and by-laws of the Irrigation Association are given in full. Not less than twenty national and state authorities contribute special articles on various phases of irrigation experimentation. The popular address of Prof. Erwin Hinckley Barbour of the University of Nebraska, accompanied by fourteen illustrations touching the home-made windmill, is one of the priceless literary jewels in this line. Hon. Chas. W. Irish, who has had more than twenty years practical experience in irrigation, and for many years an expert of the United States government, has two valuable contributions on alfalfa and irrigation science. Prof. G. D. Swezy writes interestingly on the variability of rainfall, giving tables covering the history of humidity in this state from 1849 to 1894. There are upwards of forty portraits and pen pictures of prominent irrigators of the nation. The book may be had at the small price of 25 cents per copy and orders should be sent to A. G. Wolfenbarger, president Nebraska Irrigation Association, Lincoln.

**COLEMAN.**

E. R. Divine has bought a farm. J. W. Corner is putting more of his land under plow.

Will Bixler will break out part of the C. Phillips land.

W. M. Rozell was in McCook, Saturday, and brought out the material with which to build a hog lot.

A young man in an adjoining county caught the yellow fever and lit out for the dispensary—Alaska.

Wm. Bymer and John Divine will break up 80 acres for Gertie Coleman. Eighty acres are under cultivation now.

The other fellow says, "Blame the luck!" while the industrious man who puts intelligent thought into his work, prospers.

H. B. Wales has broken up a patch on the Cole land and has commenced to break sixty acres on the Ella Thrallkill place.

On last Monday afternoon, Roy Coleman, twelve years old, drove to McCook with pony and cart. On starting home, when just north of the base ball ground, one trace dropped which let one of the thills down. Roy jumped out and caught the pony by the bits but could not hold her. She whirled around and around the cart turned completely over twice. She got loose from the cart and started for home. The wind was blowing terribly and growing cold fast. The little fellow started for home, seven miles, afoot, facing the wind. W. Richardson's boy saw the pony go and jumped on a horse and went after her. Near the cemetery he met her leisurely walking back toward the cart. He brought her back and hitching her to the cart, Roy drove home. It was getting dark when he got home and the little fellow had nearly perished. He had gone to town without overcoat or mittens. The cart was damaged only slightly.

**FOR ALL WOMEN**

NINE-TENTHS of all the pain and sickness from which women suffer is caused by weakness or derangement in the organs of menstruation. Nearly always when a woman is not well these organs are affected. But when they are strong and healthy a woman is very seldom sick.

**McELREE'S Wine of Cardui**

Is nature's provision for the regulation of the menstrual function. It cures all "female troubles." It is equally effective for the girl in her teens, the young wife with domestic and maternal cares, and the woman approaching the period known as the "Change of Life." They all need it. They are all benefited by it.

For advice in cases requiring special directions, address, giving symptoms, the "Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

**THOS. J. COOPER, Tupelo, Miss., says:**  
 "My sister suffered from very irregular and painful menstruation and doctors could not relieve her. Wine of Cardui entirely cured her and also helped my mother through the Change of Life."

E. C. Goehring is preparing to plant an orchard, this spring.

The cold snap, this week, has interfered with farming to some extent.

Frank Green was riding around buying cattle, Tuesday. He said it was never too cold to trade.

E. C. Goehring raised some fine artichokes, last year, and they have kept good all winter without being dug.

"We will have war" and "We will not have war" are two sentences that we hear repeated over and over these days.

There is considerable discussion in this vicinity over the word "Altruism," and it is being discussed over on Red Willow also. One of THE TRIBUNE's correspondents says it means not as high a state of culture as Altruism; another one says it means spiritual education. We do not know what it means.

**A MERCHANT'S LETTER**

TO DR. HARTMAN, PRESIDENT OF THE SURGICAL HOTEL.

Marshall is a neat little city of 7,000 population in the state of Texas. Among its many enterprising merchants is Mr. V. E. Wyatt. In a recent letter to Dr. Hartman, Mr. Wyatt says: "I have been afflicted with the la grippe four times and the last time was worse than the first. I began to think, after trying several remedies without any relief, that the disease could not be cured. Two years ago was the last time I had an attack of it. I decided to try Pe-ru-na and got six bottles. The first bottle I took did me more good than all the medicines I had taken before. I recommend Pe-ru-na to all who are suffering with any disease it is advertised to cure. I am well and stout now. I want everybody afflicted as I was to know of the wonderful merits of Pe-ru-na." Unless treated by Pe-ru-na, la grippe leaves the system in a deplorable condition. It completely demoralizes the nervous system, deranges digestion and disturbs nearly every function of the body. Pe-ru-na is a perfect specific for this condition. It is an admirable remedy for the after-effects of la grippe. For further testimonials, see book entitled "Facts and Faces," sent free by the Pe-ru-na Drug Manufacturing Co., Columbus, O.

**ONE OF TWO WAYS.**

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

**CHIEF CAUSE.**

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney, and bladder remedy is soon realized. If you need a medicine you should have the best. At all druggists fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention THE TRIBUNE and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietor of this paper guarantees the genuineness of this offer. April 2-1 yr.
