OUR next governor will be present at the congressional convention at Holdrege, August 30th, and make an address which will be worth the full price of admission.

THE Democrats of the 29th senatorial district announce their convention to be held in McCook, Thursday, August 25th. The Democratic disposition to play second violin has about disappeared.

THE Populists of the Twentieth district placed Senator Graham of Frontier county in renomination in their convention in Culbertson, Saturday last. On the twenty-sixth instant the Republicans will nominate a man who will show Mr. Graham a fleet pair of heels.

THE speech delivered by Senator Thurston before the late Republican state convention is described as being one of the happiest ever delivered by the senator, who has an enviable reputation as a speech maker. It was particularly apropos and effective in language and was delivered in splendid voice and fine form. The senator promises to be in the fight, this fall, to the finish, and effective results may be expected.

COLONEL MITCHELL closes a nasty and cowardly assault on W. R. Starr and a fulsome praise of S. R. Smith with the child-like and innocent statement that "S. R. Smith is an active worker in the Methodist Episcopal church." We had hoped that the church racket would never again be worked in Red Willow county politics. Vain hope. But if Mr. Smith has nothing better to present in his behalf than that he is an active worker in the Methodist church, an agitator of the county seat removal cause, and an assailant of his opponent's personal character, his chances of election to the office of county attorney are very slim indeed. It is a question of qualification, not one of church membership or non-church membership; and Methodists will resent the plain effort to ride into office on the strength of membership in their church.

Unless our salary as local reporter is raised all our items must end like the above. We must have means to travel about the neighborhood and sift matters to the bottom. We shall consider it a personal favor if folks will stop congratulating George Loomis and Ida Hawkswell. There is no call for it. A neighbor told us they were married, but it is false, and the broken-hearted boys and girls are convalescing.
