SENATORIAL.
State Senator... E. N. ALLEN, Arapahoe COUNTY.

Representative... J. E. HATHORN, Bartley
County Attorney... W. R. STARR, McCook
Commissioner—3d district... STEPHEN BOLLES

Mr. E. N. ALLEN, of Arapahoe, was nominated for state senator by the Republicans at McCook, Friday, August 26. Mr. Allen is a native of Wisconsin, having been born in Dane county, that state, in 1853. A few years later his parents moved to Sauk county where he secured a common school education and afterward he attended the Baptist Seminary at Evansville, Wis., for a time. On August 4, 1873, he arrived in Furnas county and for a few years was a student in the State University, working in the harvest fields during vacation to keep up expenses. He was elected county superintendent of schools in 1879, receiving every vote in the county. This office he held for two terms and during that time organized or re-organized nearly every school district in the county. In this position he was a faithful, efficient worker and his administration of school affairs was highly satisfactory. After his term of office expired he was interested in the stock business for a few years, but the past twelve years has been engaged in the hardware business at Arapahoe, and has one of the largest and best paying business enterprises in southwestern Nebraska. Mr. Allen is in every respect a business man and his success has been remarkable; starting at the bottom, he has through his untiring energy and diligence, built up an excellent business. Two years ago Mr. Allen was nominated for state senator and run over 600 votes ahead of his ticket. That should be sufficient evidence of his qualifications for the office as well as his standing among his fellow citizens. His re-nomination this year indicates that he is an exceptionally strong man and he goes into the campaign with every advantage. He has the entire support of his own party and he will draw largely from the other tickets. He is an excellent campaigner and a staunch Republican, and there is every indication of a lively senatorial campaign with favorable chances for Mr. Allen.

The Republicans of Red Willow county ask the suffrages of the voters of the county for J. E. Hathorn for representative with all confidence and assurance. The doctor is especially well equipped to make the people of the county an active and efficient representative in the state legislature, and the people should see to it that the doctor has the necessary votes to make him their representative.

The office of governor of the state of Nebraska demands a man of large and high-class ability. The splendid qualifications of Judge Hayward, the Republican nominee, are admitted by foe and friend. His immeasurable superiority over his opponent is evident. A vote for him will be a ballot for a man who will do honor to the great state of Nebraska in the governor's office.

CAPTAIN ADAMS has made a success of life in all its relations. He will make a successful congressman, for he will carry into that office the same methods and energy and judgment that have brought him success in other walks of life. Remember the captain, election day, with your X.

W. R. STARR is so well qualified for the office he seeks that it were entirely unnecessary to mention the matter for the consideration of the voters of Red Willow county. The people of the county know his fitness and ability for the position and will no doubt elect him to it by a sure and safe majority.

THE returns in Maine show that the state has no desire to retire even temporarily from the Republican column, although the majorities will be considerably reduced through the failure to conduct a vigorous campaign and the feeling that the result was virtually settled before the ballots were cast. This is a good year to look out for the over confidence that so often loses doubtful states to the republicans. The habit of going to the polls every time an election is on is an excellent one for every good citizen to cultivate.—Journal.

SUCH fiendish deeds as the cowardly assassination of Empress Elizabeth of Austria, last Saturday, cruelly reminds the world of the stern necessity of handling anarchists with the utmost vigor and rigor. The deed was an inconceivably atrocious one, exhibiting the wolfish nature of the malignant "red." There is small room on earth for such unfeeling brutes and society and governments may well protect themselves from their heartless, remorseless attacks. A "man-eating" tiger is tender of heart and merciful compared with the dastardly blood-thirstiness of such as the unspeakable Luigini.

OCTOBER 5th will be Pennsylvania Day at the Omaha exposition and October 6th is the date for the "Old-fashioned Basket Picnic" at Hanscom park. Governor Hastings and staff and noted people of the state of Pennsylvania will be present. Postmaster-General Smith will orate. It will be a great day for Pennsylvanians. Let the Pennsylvanians of Red Willow county organize a club, as is being done all over Nebraska, and make a special effort to have this county well represented at that time and on that occasion. All interested may call at this office and enrol themselves in the Pennsylvania club—no fee for registration—and their names will be forwarded to the headquarters of the society in Omaha.

A CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by L. W. McConnell & Co.
