This fall will be a good time to get in line and cast your ballot for the G. O. P.

PENNSYLVANIANS are all properly proud of the state of their nativity, hence all Red Willow county Pennsylvanians should be prompt to organize a Pennsylvania club. Call at THE TRIBUNE office and enroll yourself, and join the proud sons of the magnificent Keystone state.

TEDDY ROOSEVELT was nominated for governor of New York state, Tuesday, on the first ballot by a decisive vote of 753 to 218 for Black. The gallant "Rough Rider" will be elected, and the state of New York will be the better for the introduction and carrying out of his splendid and aggressive methods and policies. Here's to the intrepid Teddy. We might add that he is all right; but it is unnecessary. Everybody believes but Platt. And he will.

CAPTAIN CLAIRE ADAMS, the Republican nominee for congress in this district, it will be observed by all Republicans with pleasure, is making a winning campaign over the district wherever he has been. The captain is a thorough gentleman, able yet retiring and modest; successful, yet not boastful; Republican to the core, yet fair and respectful; indeed physically, mentally and morally the captain is royally equipped to make this district just such a congressman as the district deserves to have. An old soldier, an upright citizen, a successful business man, a loyal Nebraskan and a clean Republican, the captain is entitled to the votes of the people of this district.

REPUBLICANS may well devote themselves to the work of electing the legislative tickets over the state. The election of a Republican to succeed Senator Allen is of paramount importance. In Red Willow county we are favored with a strong and able candidate on the Republican ticket, in Dr. J. E. Hathorn, and he should be elected by a goodly majority. All differences and personalities should be laid aside to that end. And in E. N. Allen, the Republicans have a splendid candidate for state senator, a man who will represent the district with honor and efficiency. Everything is in first-class shape for a clean victory, this fall, in this county and senatorial district. Let the party only do its duty and both our legislative candidates will read their titles clear to seats in the next legislature.

BARTLEY.

Dane Fletcher made a business trip to Cambridge the first of the week.

Bartley was represented by a large delegation at the reunion in McCook, yesterday.

Mrs. C. Cowles made a business trip to Cambridge, Tuesday, returning the same evening.

Agent Enlow was called to Cambridge, Wednesday, to attend the funeral of his grandfather.

Mrs. E. F. Hamilton and Sadie returned, Sunday evening, from their visit to the exposition.

Harry Maxon, of the night force at the depot, is visiting at the reunion in McCook, this week.

W. V. Vickrey and family returned, Monday, from a week's sight-seeing at Omaha and the exposition.

Will Grisell departed for Kansas City, Tuesday morning, to enter upon and finish his course in the medical college.

A. L. Sexton of Stockville loaded a car of cattle here, Tuesday, for the Omaha market. His son Lewis went down with them.

The people of our village and vicinity will be glad to learn that Rev. Foutch has been returned to this charge for another year.

The exposition visitors, this week, all returned within their limit and report a fine time and value received for money expended.

The daughter of Mrs. C. E. Williams, who is at Hastings undergoing treatment for the loss of an eye, is doing nicely and is expected home soon.

J. R. Sipe is absent, this week, making a visit to his old home in Iowa. Jim Rosenfelt of Cambridge has charge of the business during Mr. Sipe's absence.

E. E. Smith has several cases of blackleg among his cattle and has procured some of Pasteur's vaccine from Chicago and will experiment with it. It is hoped that good results may be obtained.

Miss Daisy Stoddard "elocuted" in the hall, Friday evening of last week, under auspices of the Epworth League. The attendance was light and the same might also be said of the receipts.

Mrs. J. D. Mangus has purchased the hotel of Mrs. Olmstead and will take possession as soon as Mrs. Olmstead can gain the occupancy of another house. Mrs. Mangus expects to conduct a first-class hostelry, and we predict for her success in the enterprise.

ALL honor to the American volunteer; but if the Cuban war has taught one thing more clearly than another it has made plain the necessity of having a larger regular army. No matter what the valor and esprit du corps of the volunteer, it cannot compensate for the discipline and training of the regular service. Equal personality cannot be found in any other soldier on the face of the footstool. The American regular has proven himself unsurpassable. With proper seasoning and training the American volunteer makes the veteran.

THE FAMOUS CLOTHING COMPANY.

The Curse of Familiarity.

In their strife for mental equality with men women have unintentionally broken down a fine reserve of manner which previously lent them an air of mystery, of superiority, in the best sense, than which no element is more successful in holding a man's interest, love and respect. The young woman who greets a man friend with "Hello, old man!" or its equivalent in modern slang, might in return be called "a peach," but she would be a peach with the bloom rubbed off.

Every day I become more convinced that the root of the increasing evidences of whispered marital unhappiness would be found in familiarity that breeds contempt. When a boy climbs a tree for green apples or cherries, whichever he prefers, he constantly sees a better one higher up beyond his reach, until he nearly breaks his neck to get the one out of his stretch, partly hidden by foliage. And so man's ideal woman hangs at the tip-top of the tree of knowledge. If the ideal drops into his hands he throws it to the ground as worthless and begins to climb again. Would it be reasonable to think, after working so hard for cherries, that he would value them long if he ate a surfeit of them?—Frances Evans, in the October Ladies' Home Journal.

"Many have said their children would have died of croup if Chamberlain's Cough Remedy had not been given," write Kellam & Ourren, druggists, Seaview, Va. "People come from far and near to get it and speak of it in the highest terms." This is equally true of this remedy in every community where it is known. Buy a bottle at McConnell's drug store and test it for yourself.

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. A. McMillen.

EAST RED WILLOW.

E. A. Sexson was a county capital visitor, Tuesday.

J. Longnecker is putting out 150 acres of fall grain.

Will Myers is taking in the exposition at Omaha, this week.

T. F. Quigley has his big house raised. Golden of Indianola is doing the work.

R.H. Thomas and family started by wagon, last Saturday, for the Omaha exposition.

Will Sexson and family were camped at McCook during the reunion, taking in the sights.

At the date of the last report Carlo Korn was in the hospital at Jacksonville, and Albert Helm was some better.

Chris. Jenson's baby has been quite sick with typhoid fever and inflammation of the stomach, but is improving under Dr. Logan's care.

Frank Rundus has changed the tone of his letters quite materially. We wonder how much Bryan's followers pay him for such stuff.

Lewis Longnecker of Company "L" is home on sick leave, but at present is feeling some better. He says the soldier boys are well fed and cared for.

We do not believe that Captain Lamborn ever took anything from the boys to fix up his own quarters and left the boys to get along the best they could. We have it from good authority that he took his own money and bought provisions for the sick soldiers and did all he could for them.

We have put our entire line of California novelties into one lot and will close them out at 10c. each. They are going like hot cakes at The "BEE HIVE."

80 Degrees

above zero the last week in September is not conducive to early buying of winter things, but it is wise to remember the many times you've been caught by the sudden changes at this time of the year, and still wiser to profit by that experience. The long-headed and fore-handed providers are already at work making their selections of Dress Goods and Trimmings, of Capes, Jackets and Collarettes, of Blankets and Underwear, of Ties, Ribbons, Belts and Buckles, of Gloves, Hosiery and Corsets, and all the innumerable items of family needs at this time of year.

And the Main Point is that those same bright buyers have already found that our store is the Right Place.

We sell not only all the lines of Dry Goods that interest the women-folks, but are strong on Men's and Boys' wear such as Hats and Caps, Clothing, Underwear, Gloves, Sox, Handkerchiefs, Blanket-Lined Coats, Jackets, Overalls, Neckwear, Collars and Cuffs, Etc., Etc.

Did you get a sample of that extra drive in muslin that we are now offering? If not, we will be glad to show it to you if you will visit our store. Soliciting your trade,
