Be it Ordained by the Mayor and City Council of the City of McCook, Nebraska, that the Nebraska Telephone Company, its successors or assigns, be and are hereby granted right of way for the erection and maintenance of poles, wires and all the appurtenances thereto, for the purpose of transacting a general telephone business through, upon and over the streets and alleys of the City of McCook, Nebraska, for the term of twenty-five years, under the terms, conditions and limitations in this Ordinance herein mentioned. Provided, that said Telephone Company shall at all times, when requested by the Streets and Alleys Committee of said city, permit its poles and fixtures to be used for placing and maintaining thereon, free of charge, any wires which may be necessary for the use of the police or fire department of the City of McCook, Nebraska, and further provided, that such poles and wires shall be erected so as not to interfere with ordinary travel through such streets and alleys.

SECTION 2. All poles, supports and wires shall be placed under the supervision of the Streets and Alleys Committee of said city, and shall be placed in such streets and alleys as the said Streets and Alleys Committee shall direct. No part of said poles, supports, wires or other appurtenances, shall be so placed as to interfere with the proper use of said streets, for the ordinary purposes for which said streets are used, and the said poles and supports shall be reasonably straight and maintained with good care.

SECTION 3. Whenever it shall be necessary for any person or persons to move along or across any of said streets or alleys, any vehicle or structure of such height or size as to interfere with said poles and wires, the Telephone Company using and operating such poles and wires, shall upon the receipt of twenty-four hours notice, served in writing upon its Agent or Manager at McCook, Nebraska, temporarily remove said poles or wires from such streets or alleys, as must necessarily be crossed by said vehicle or structure; said removal and the replacing of said poles or wires to be at the cost of the said Telephone company owning, using or operating the same; provided, that this section shall not be construed to apply to circus or other parades upon the public streets or alleys.

SECTION 4. The said Nebraska Telephone Company shall fix reasonable and just charges for telephone service within the corporate limits of the City of McCook, and shall not charge for telephone service within the corporate limits of said city, exceeding the maximum rates hereinafter mentioned, which rates shall be paid in money, checks or money orders of par value. The maximum rate charged for long distance metallic circuit service shall not exceed three and 50-100 dollars per month, the maximum rate charged for single line service in places of business or offices shall not exceed two and 50-100 dollars per month; the maximum rate charged for single line service in residences shall not exceed two and no-100 dollars per month. Provided, however, that a rebate of fifty cents per month shall be allowed from the monthly rate named above, when bills are paid at the office of the Nebraska Telephone Company's Agent in McCook, Nebraska, by or before twelve o'clock, noon, of the fifteenth day of the month for which they become due.

SECTION 5. Said poles shall not be placed so as to interfere with the construction, placing or proper operation of any water pipe, gas pipe, drain or sewer that has been or may be authorized by said city, and in the case of bringing to grade or changing of grade or curbing of any street or alley wherein said poles have been erected or placed, then the said Telephone Company, its successors or assigns, shall change said poles and re-set them to conform to such changes.

SECTION 6. Provided, however, that all rights granted under and by virtue of this Ordinance shall cease and become inoperative in case said Nebraska Telephone Company shall not have said telephone exchange completed and in operation within six months from the passage and approval of this Ordinance.

SECTION 7. Any person who shall interfere with, cut, injure, harm, break or destroy any poles, instruments or other property of the said Telephone Company or its successors, or any other telephone or telegraph company duly authorized to erect and maintain any such poles, wires, fixtures or instruments within the corporate limits of said city, shall be deemed guilty of a misdemeanor, and on conviction thereof, shall be fined in a sum not less than ten dollars and not more than one hundred dollars, and any person who shall paste, tack or fasten on the said poles or fixtures as aforesaid, any poster, advertisement or banner, shall be deemed guilty of a misdemeanor, and on conviction thereof, shall be fined in any sum not less than five dollars, nor more than fifty dollars.

SECTION 8. This Ordinance shall take effect and be in force, from and after its passage, approval and publication as required by law.
