Some of the farmers are wondering if they will have to sow, harvest and thresh grain during a snow storm, this year.

Some of the Ridgites attended Easter services at the sod church on the Driftwood, others at McCook, and a few at Culbertson.

We borrowed that "farewell whirl of winter" sentence from THE TRIBUNE. We liked it because it suited the weather so well.

Elmer Eipper and wife, W. H. Starks and wife, and E. W. Harris visited after church, Easter Sunday, with Mr. and Mrs. J. M. Baldwin.

Charley Burton passed through this neighborhood, Sunday, en route for Prospect Park. Charley does not get lost like some of the other boys.

Old Mr. Winter is loafing around trying to get a glimpse of Miss Spring and we think the old gentleman is acting in a very undignified manner. Poets may sing all they please about Winter lingering in the lap of Spring, but for our part we will say, in the language of THE TRIBUNE, that we are tired of the "farewell whirls" he's been giving us, and feel perfectly willing to sever diplomatic and all other relations with the cross old man.

Mrs. L. J. Burtless was among the guests of the Endeavor, Sunday evening.

The Christian Endeavor was well attended and the Easter programme very good.

Ed. Hoover went to literary, the other night, and didn't lose himself,—but his seat and buggy-top.

Miss Lillian Welborn, county superintendent, was the guest of Mrs. Eliza Nettleton, fore part of the week.

Frank Fitch knows how to mend his buggy in the darkest night, when there's nothing more than a fence post or two broken off.

EAST RED WILLOW.

Christ Jensen has bought a quarter of good land.

Stormer Brahaler is negotiating for another quarter of land for pasture.

E. A. Sexson and son William were county seat visitors on business, last Friday.

Horace Taylor has two thoroughbred horses: one of the draft class and one of the trotting class; and they are both good ones.

The wheat sowing was temporarily suspended for a few days, close of last and early part of this week, on account of the stormy weather.

Samuel Ball has returned from looking for a ranch to which to move his cattle; but did not find anything, if we are correctly informed.

Mother Earth is slow in spreading her mantle of green, this spring.

John Sly presented Rev. Vivian with his compliments and a fine dressed porker, last week.

MAJOR MABSON

DECLARES PE-RU-NA THE GREATEST REMEDY EVER PREPARED.

Pe-ru-na attained great popularity among the officers of the army during the late war with Spain. A great many letters were received from field and hospital corps, indicating that this popular climatic remedy has become well nigh indispensable to them. Pe-ru-na is not only a national remedy, but has proven itself a national blessing.

Major Algernon A. Mabson, of the Tenth Volunteer Regiment, stationed at Macon, Ga., in a recent letter to Dr. Hartman, from Washington, D. C., says: "I think there is no better medicine on earth than your Pe-ru-na for catarrh. It has surely cured me. It would take a volume to tell you all the good it has done for me. Pe-ru-na is the greatest remedy ever prepared, and I think I have tried them all."

Chronic catarrh is often a very stubborn disease to cure. Some cases will resist the best of treatment during the winter months. To catch cold during the treatment of chronic catarrh is to delay the cure if not entirely defeat it. The spring months are far more favorable for the treatment of this disease. Two weeks treatment now may prove to be of more value than two months' treatment during the winter season. No one should neglect this opportunity.

A free book on catarrhal disease sent by Dr. Hartman, Columbus, O.
