THE THOMPSON DRY GOODS CO.
Our Goods Excel
in many respects—COLORS for instance: Who cares to be always choosing from the same old line of colors?—No one! What greatly pleases everybody is a choice from the new shades of the season. You get them in our assortments—fast, too!
Then there's SIZE. Isn't it aggravating to buy a pair of Silk Mitts, for example that turn out to be so narrow that two or three times on and off ends them—sure thing! Well, ours are adjusted in that respect—some narrow, some medium, some wide.
FRESHNESS, TOO! that makes plenty of difference! Get fresh, new goods. A Kid Glove, for instance, that has lain in stock too long gets dry and stiff—won't form to the hand—won't wear. Our Kid Glove stock is nimble!
ALTERATIONS COUNT, don't they?—perhaps you see a pretty belt, like it—want it—but it's too long. We know how to alter it! A skirt you would buy needs shortening—we do it! A tuck in that Wrapper would make it fit you to a dot. We tuck it!
FITTING ON GARMENTS: What a pleasure to buy a Kid Glove and get it fitted on then and there! No disappointment about it. Proper size! Perfect fit! Good wear and satisfaction in consequence. Just as convenient, sometimes, to try on a Waist or Skirt. You can do it in our store.
STOCK NOW VERY COMPLETE.
