GENERAL NEWS NOTES.

General Miles has received an invitation to be present at the coming military maneuvers at Windsor, England. New York authorities are making it warm for the "healers," but the "healers" are still having things largely their own way.

The late ex-Governor Flower was once asked by a less successful financier how to succeed in Wall street. "By working harder than at any other trade or profession on earth," was the answer. "But won't that wear you out?" "Not before your time."

General Von Falkenstein, commander of the Fifteenth army corps of Germany, garrisoned in Alsace-Lorraine, rose from a bed of serious illness to receive the emperor last week, labored hard at parades and maneuvers for one day, dined the emperor in the evening and was found dead in bed the following morning.

General Funston was recently spoken of about the conduct of some Kansas soldiers on leave in Manila. They were very noisy and harmless. "Yet don't you think they're keeping it up pretty late?" "Not for Kansas. They always keep it for forty-eight hours there. It may be a little late for night before last, but for tonight it's right in the shank of the evening."

The difficulty of getting men to serve on juries has reached such a point in New York that the appellate court justices have obtained from the clerk a complete return showing how many talesmen responded to the calls upon them, with the number excused and the exact reasons therefor. It is said that in many cases fifty to sixty out of every hundred talesmen are excused.

The United States ambassador, General Horace Porter, gave a dinner in Paris, at which the invited guests included Count and Countess de Castellane, Count and Countess Laugier-Villars, Count and Countess Tornelli, Mr. Astor, Mr. and Mrs. Potter Palmer, Prince antauzene, Miss Julia Dent Grant, the Duke of Arcos, the newly appointed Spanish minister to the United States, and the Duchess of Arcos.

Bills of indictment were submitted to the grand jury in the United States district court at Philadelphia against the principals and alleged conspirators in the great revenue cigar stamp counterfeiting case recently exposed by secret service men. Included among the bills are one charging former United States District Attorney Ellery Ingham with conspiracy and his law partner and former assistant in the district attorney's office, Harvey K. Newitt, with bribery of Secret Service Operative McManus.

Andrew Carnegie left London for Skibo castle. In an interview just published he is quoted as saying: "I am looking forward to protection in my highland solitude from the army of mendicants that every hour is importuning me for subscriptions to every conceivable object. Even were I disposed to accede to these applications for promiscuous assistance my resources for philanthropy have already been fully hypothecated and bombarding me with further appeals is simply adding to the postal revenue."

The United States transport McPherson, which left San Juan May 9, Ponce May 10, and Santiago May 12, arrived and anchored at quarantine, in New York, last week, having on board General Guy V. Henry, the former military governor of Porto Rico, staff and family; Lieutenant Commander A. Ward of the United States steamer Pan'ner and family; Colonel C. C. Hood, United States army, seventy-five cabin passengers and 650 discharged soldiers belonging to the various regiments.

A trial which has caused a great sensation at St. Petersburg, owing to the high station of the prisoner, has just been concluded. The evidence disclosed that the accused, Maria Merchizka, a woman of noble birth, had led an extraordinary career of intrigue and crime. The court found her guilty of poisoning her lover and two women, owing to jealousy; with kidnapping a child and with forging documents and bills of exchange. She was sentenced to fifteen years' penal servitude in Siberia and to be deprived of her title of nobility.

The richest gold strike in Custer county, S. D., is not in the Black Hills, was made a few days ago by Rancier Carr and his son on their ranch, three miles southwest of this city. An eighteen-inch vein of free milling ore, which assays up to \$10,000 per ton, was discovered, and in addition to the gold there is considerable sylvanite. A small gulch, which heads near the vein, was extremely rich in placer gold, but the vein from which it came, though supposed to be near, was never before located. The vein is only about 100 feet from the public highway.

"When Col. Richard I. Dodge," says the Kansas City Journal, "was in command of one of the southern Kansas forts many years ago, he was astonished one day to receive a delegation of Indians who complained to him of the quality of the soap issued to them by the government. Thinking it would be impossible to make soap too bad for an Indian, Dodge investigated, and with the result of finding that the tribe had been eating their soap allowance and didn't like the taste."

Lots of girls are single not from choice, but because they were born so.

HOME duties to many women seem more important than health.

No matter how ill they feel, they drag themselves through the daily tasks and pile up trouble. This is heroic but a penalty has to be paid.

A woman in New Matamoras, Ohio, Mrs. ISABELL BRADFIELD, tells in the following letter how she fought with disease of the feminine organs until finally forced to take to her bed. She says:

"DEAR MRS. PINKHAM—I feel it my duty to write to you to tell you that I have taken Lydia E. Pinkham's Vegetable Compound and think there is no medicine in the world like it. I suffered for nine years, and sometimes for twelve weeks at a time I could not stand on my feet. I had female troubles of all kinds; backache, and headache all the time. Seven different doctors treated me. Some said I would have to go to the hospital and have an operation performed. But oh! how thankful I am that I did not, that I tried your Vegetable Compound instead. I cannot say too much in its praise, nor thank you enough for what it has done for me. I want you to publish this in all the papers for the good of other sufferers."

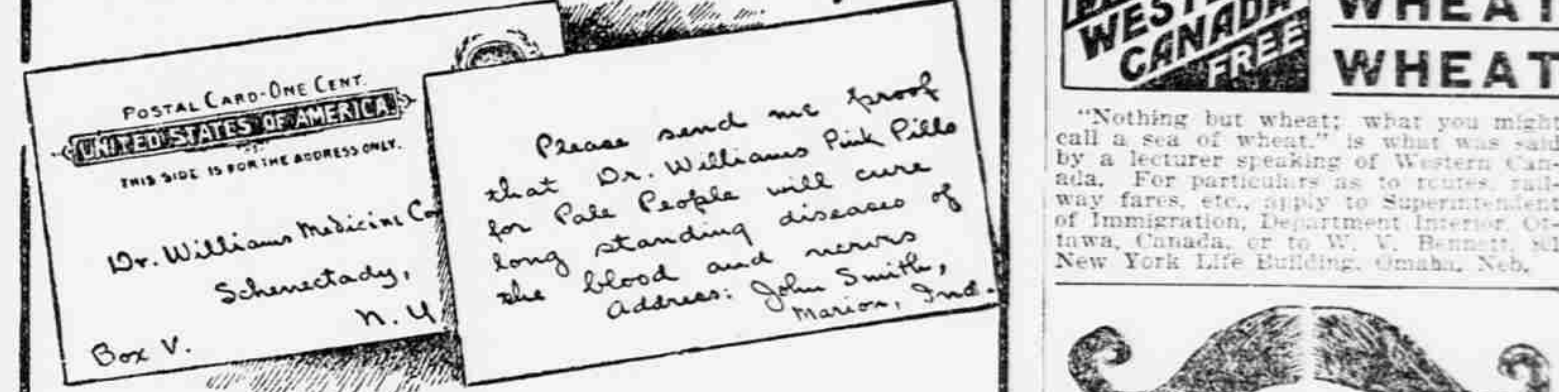

The wives and mothers of America are given to overwork. Let them be wise in time and at the first indication of female trouble write to Mrs. Pinkham at Lynn, Mass., for her advice.

Her advice is promptly given without charge.

The present Mrs. Pinkham's experience in treating female ills is unparalleled; for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, advising and helping by letter as many as a hundred thousand ailing women during a single year.

Absolute Proof

Your name and address on a postal card will bring you absolute proof that Dr. Williams' Pink Pills for Pale People will cure you if you are afflicted with any disease of the blood or nerves. Mention the disorder with which you are suffering and we will send evidence that will convince and satisfy you that Dr. Williams' Pink Pills for Pale People will cure you.

These pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, St. Vitus' dance, sciatica, neuralgia, rheumatism, partial paralysis and all forms of weakness either in men or women.

To a Lawrence Journal reporter Mr. G. B. Snyder, a well known citizen of Lawrence, Kan., related a wonderful story. He said: "I am now seventy years of age. About three years ago I experienced a coldness or numbness in the feet, then creeping up my legs, until it reached my body. I grew thin, appetite poor and did not relish my food. I became unable to move about. Consulted several distinguished physicians, one telling me I had locomotor ataxia, another, creeping paralysis. I took their medicines but continued to grow worse. A friend advised me to try Dr. Williams' Pink Pills for Pale People. Before I had finished my first box I found that they were benefiting me. I used twelve boxes and was perfectly cured. Although over six months since I used my last pill there has been no return of the disease. My appetite is good and general health better than for many years."
