

McCOOK TRIBUNE.

F. M. KIMMEL, Publisher.
McCOOK, NEBRASKA

NEBRASKA

Grand Island is planning for a good celebration on the Fourth of July. North Platte is arranging for a proper celebration of the natal day. There were six graduates at the Louisville high school commencement. Dr. George Ray, the new Presbyterian pastor at Fullerton, has been installed.

Columbus will give a fitting reception to Nebraska First regiment boys when they return. Cases of diphtheria have developed a few miles north of Leigh. There has thus far been one fatality.

The hardware store of W. E. Jackway at Kearney was entered by burglars and one dozen revolvers and \$14 in money taken. Twenty-five dollars reward is offered for the arrest of the party.

Fred Weis, a general merchandise dealer, was arraigned in the district court at Fremont and pleaded guilty to selling cigarettes to a minor. He was fined \$25 and costs. Mrs. Ruth Olds was complaining witness. This case went up from the lower court.

The remains of the wrecked car which was blown up by the train robbers near Wilcox, Wyo., was brought to North Platte and side tracked in the yard. It is a most complete wreck, the entire structure being shattered into millions of pieces. A large hole in the safe shows the object of the robbers' intentions.

The Knox County Fair association has been doing some excellent work on the race track at the fair grounds here during the last three weeks, which will put it in first-class shape. The association is making a special effort to make the fair this season one of the best in its history. Good premiums will be offered in all departments.

The mortgage record for Cumby county for the month just closed shows fifteen farm mortgages filed, aggregating \$32,779.90; released, thirty-four, aggregating \$70,212.81; city mortgages filed, eight, aggregating \$3,356; released, seven, aggregating \$2,175; chattel mortgages filed, thirty-nine, amounting to \$15,620.89; released, thirty-four, amounting to \$14,130.50.

The Methodist church society of Fremont is going to make extensive repairs on its church building this summer. Plans have been approved for the building of an addition twenty-three feet in width on the north end of the church and the interior renovated and new pews placed in the main audience room. The entire expense is estimated at \$6,000, nearly all of which has been subscribed.

For some time Landlord May of the Perkins hotel, David City, has been missing a small sum of money every day from his cash drawer, and quite recently several traveling men have notified him that samples were missing from their trunks. Last week Chief of Police I. J. West arrested Clyde Scott, night clerk at the hotel, and when his room was searched quite a large amount of goods was found in his trunk. He is in jail.

Miss Viola Horlocker of Hastings, who is under a \$5,000 bond on the charge of having attempted the life of Mrs. C. F. Morey by sending her a box of poisoned candy on Monday, April 10, is in New York city with her sisters, Miss Zora and Mrs. Lou Nance Phillips, where she has gone to recuperate. A report is current to the effect that Miss Horlocker's mind is becoming unbalanced and that she was taken to New York to be placed in a private insane asylum.

The city council of Tekamah at a late meeting refused to call an election for the purpose of voting the \$10,000 railroad bonds. The proposition failed of the necessary two-thirds vote by one. The bonds were surrounded by all necessary safeguards that the city would become a station on the proposed Sioux City & Omaha and many of the citizens condemn the action of the council as the road if it continues on the proposed line will pass about three miles east of that city.

Coroner J. T. Sampson and Deputy Sheriff Fred Elbner returned to Chadron from the western part of Dawes county where they had been called to hold an inquest over William A. Thornton, a well known farmer, who committed suicide by cutting his throat. Thornton has been conducting himself in a peculiar manner for several months past and has been under the constant watch of members of his family. At this time, however, he eluded their care by escaping from his room early in the morning hours and inflicting a death wound with a butcher knife. It is believed that his mind was unbalanced by religious subjects, in which he took a deep interest.

Sixteen head of cattle belonging to A. Sutton were stolen from the Van Horn pasture in Sherman county and were driven twenty-four miles to Boeuf and offered for sale at \$3.50 per hundred. Before the deal was closed a former herd boy recognized the cattle and telegraphed to Mr. Sutton at Loup City. The delay in the final consummation of the deal alarmed the two rustlers and they rode out of town, leaving the cattle. One of them sold his pony at Rockville and rode out west of town with Sam Fletcher, at whose house he put up for the night. Sheriff Patton arrested him before morning and brought him to Loup City and immediately started after the other, capturing him about twenty-five miles northeast of where the first was captured.

At the close of the papers, recess was taken for a few minutes before going into business session, to allow visitors to depart, after which the meeting was again called to order.

A FAMILY OF FIGHTERS

Honorable Record of a Gallant Father at Fullerton, Nebraska.

QUARTETTE OF BRAVE SOLDIERS.

One Dies on the Field of Battle and Another is Recommended for a Commission in the Regular Army.—A Consolatory Letter From Secretary Meiklejohn.

Washington special to the Omaha Bee: The history of the Spanish-American war, when made up by future historians, will contain many deeds of heroism, often unequalled and seldom excelled. Many valiant acts, now almost unheeded in the rush of stirring events, will in calmer hours be told with the wing of romance now undreamt of. Great, however, as has been the courage of the soldiers in camp and field, all need of praise is not due to them alone. To the families of these brave men, serving their country in its hour of need, must also be accorded full measure of commendation for the superb self-contained fortitude with which they have borne the losses of their loved ones, as well as the minor deprivations of their society and services.

Among the homes where the spirit of patriotism found a rich harvest was that of Peter Storch, an honored citizen of Fullerton, Neb. When the call for volunteers came four sons of Peter Storch went forward and enlisted in Company B, First Nebraska volunteer infantry. One of these four brothers, Joseph A. Storch, was commissioned a second lieutenant in Company B and subsequently promoted to first lieutenant in Company C of that regiment. Another son, Arthur, was mustered in as second sergeant; the third, Oscar, served in the band, while the fourth, James F. Storch, became a quartermaster sergeant.

The history of the First Nebraska volunteers is too well known to the people of Nebraska to need extended comment upon its gallantry and dearly purchased triumphs. The glorious record of its entrance upon the field of active military operations in the Philippines to the day of its relief from further duty and return to Manila is but typical of the individual records of its members.

When the regiment departed from San Francisco about a year ago, a practically raw and undisciplined body of men, few could have predicted the deeds of daring which it has accomplished. Where all have displayed such gallantry individual instances of conspicuous heroism are as difficult to be performed as they are to be noted. Each and every man therefore may be regarded, if not a hero, at least a brave and courageous soldier in the fullest sense.

No testimony need therefore be offered that the Storch volunteers have faithfully served their government to the full measure of their duty. That they have been tried in the fiery ordeal and not found wanting is shown by the fact that one of them has already sacrificed his life for his country. At Quingua, on April 23, 1899, a date which will long be remembered with sadness as the occasion upon which the First Nebraska volunteer's lost their gallant commanding officer, Colonel John M. Stotsberg, another brave man was killed. Quartermaster Sergeant Storch, in the heat of the conflict and disregarding his personal safety assured him by his office, was bravely found among his comrades grimly facing insurgent bullets. His gallantry added another name to the roll of our country's cherished dead.

Upon receipt at the war department of the sad news Assistant Secretary of War Meiklejohn briefly notified Mr. Storch, by wire, of his bereavement and extended to him and his family deepest sympathy and condolence in their sad affliction. The assistant secretary also, upon the same date, addressed the following letter of condolence to Mr. Storch:

My Dear Sir: The sad intelligence that your son, Quartermaster Sergeant J. F. Storch, has been killed in battle was received by me with deep sorrow and regret, both personal and official. I knew him as a young man of high character, marked ability and great promise. That he should have met the doom of mankind at the very portals of manhood occasions grief to all who knew him. But that he met death in the line of duty, was killed in battle under the flag we all love, fighting for his country and participating in a gallant charge which drove the enemy from strong trenchments, will mollify, though it will not assuage, the grief you now endure. His life was commendable, his future full of promise, but his death was glorious. He has secured the highest honor a soldier can attain, and his name will be inscribed in the book of fame, whose pages will ever be read through tears.

To your boy's mother my heart goes out in sympathy. Neither glory, honor, nor fame can take the place of such a son with her. I can but hope that God will give her strength to say, as did the ancient Hebrew mother, suffering under a similar affliction, "It is well with the child."

To you and your entire family I extend my deepest sympathy. I wish it were in my power to do more. Yours most sincerely,
G. D. MEIKLEJOHN,
Assistant Secretary Meiklejohn, feeling that the gallant showing made by the Storch brothers should be recognized, if possible, by the government, within the last few days recommended to the president that Lieutenant Joseph A. Storch be commissioned as a second lieutenant in the regular army. The record of this fighting family and his sacrifices was brought by the assistant secretary to the personal attention of the president, who showed his thorough appreciation of their loyalty and patriotism by acceding to the recommendations of Mr. Meiklejohn and directing that his appointment be made. Accordingly, advices were promptly cabled to General Otis of the appointment of Lieutenant Storch to the regular army and directing his immediate examination for a commission.

Fred Barclay of Gordon has added a carload of thoroughbred short-horn bulls to his herd.

WAR TROPHY FOR NEBRASKA.

The Governor to Ask for a Cannon from Manila.

Governor Poynter has directed Adjutant General Barry to apply to the war department for one of the Spanish cannon captured at Manila. The state of Nebraska is entitled to two guns. The allotment is supposed to come from Santiago and one gun from that place has already been credited to Nebraska. Congressman Dave Mercer has secured a gun for Omaha and this is the one supposed to have been credited to the state. The war department has informed the governor that one gun is still due the state and gives the choice of guns taken from Manila or from Santiago. General Barry will apply for one taken at Manila because Nebraska troops have made such a good record there that the people of the state naturally take more interest in the Philippines than in the Santiago campaign. Postmaster H. M. Bushnell of this city was recently in Washington and practically secured one gun for the university campus, but nothing has been heard about the matter since Mr. Bushnell returned. The letter received by the governor is as follows:

War Department, Office of the Secretary, Washington, June 5, 1899.—Dear Sir: The secretary of war directs me to say that it has been decided to loan to the several states certain of the condemned and obsolete ordnance captured in and about Santiago in the war with Spain, and in this allotment two guns will be assigned to your state to be loaned to such soldiers' monuments associations, posts of the Grand Army of the Republic, or municipal corporations as you may designate. There is no provision of law by which the government can bear any part of the expense in connection with any such loan. The state or the monument associations, posts of the Grand Army of the Republic, or the municipal corporations must bear all the expense in connection with the transportation of the guns from where they are now located. The guns will be forwarded in most cases from the Waterville arsenal, near Troy, N. Y., or from the New York arsenal, at Governor's Island, N. Y. There are no mounts or carriages, simply the bare guns.

If it is your wish that your state receive the guns allotted, will you kindly designate the names of the monument associations, G. A. R. posts or municipalities which you desire to receive them.

As a matter of information to you, the following cities or towns in your state have made application for Spanish guns as trophies: Lincoln, Havelock, and the Nebraska and Kansas interstate associations.

In this connection I am informed by the navy department that your state has already received from the navy one of the captured Spanish guns. I enclose you herewith copy of the law under which this distribution is made. Should it be your wish instead of receiving one of the Santiago guns to receive one taken in the Philippines, it is possible that in the future some of the guns captured there may be brought to the United States. If so, the secretary of war directs me to state that any request received from you for one of those guns will receive very careful consideration, as he has no doubt that as the troops of your state served so gallantly in the Philippines they would prefer as a trophy one of the guns taken there.

By direction of the secretary of war, will you kindly address your reply to me. Very respectfully,
GEORGE H. HOPKINS,
Major and A. A. G.

Reception to Soldiers.

Lincoln dispatch: A well organized movement has been started by a number of prominent citizens of Lincoln to tender the members of the First regiment a rousing reception in this city soon after their return from Manila. The intention of those who have undertaken to carry out the plan is to bring to this city, if possible, all members of the three regiments of Nebraska volunteers who are in the state at the time. Colonel Viquain and other officers of the Second and Third regiments have signified their willingness to co-operate with the citizens who have perfected an organization and will be once more to arrange for the reception. An executive committee has been appointed to formulate plans for the occasion and to see that they are carried out. It is the opinion of those who originated the movement that it will be possible to bring together such a large number of veterans of the different wars as to make the occasion without doubt one of the greatest in the history of the state and it is anticipated that nearly 20,000 men may be brought into line to greet them. All patriotic orders in the state will be urged to co-operate. The name of the organization having charge of the reception is one suggested by ex-Mayor Weir: "Nebraska's Reception to the First Regiment."

On account of the uncertainty as to when the First regiment will sail from Manila no date has been fixed for the demonstration. It is believed that the regiment will embark within the next two weeks and the committee has made allowance for a stay of about a month in San Francisco while the men are being mustered out. As all the soldiers will doubtless desire to first visit their friends and relatives the reception will probably be held some time in August. Colonel Viquain has addressed letters to the captains of the different companies of the Third regiment to notify their men of the reception and endeavor to have as many as possible attend. The state military authorities have already taken steps toward giving the soldiers from Manila a reception on their return, but they have consented to co-operate with the citizens.

Nebraska Boys Promoted.

Lieutenant P. James Cosgrave of Lincoln, says the Lincoln Journal, first lieutenant of Company D, First Nebraska volunteers, has been promoted to captain. He was given command yesterday of Company I, the Bennet company. This promotion and two minor ones were cabled yesterday to Manila by Governor Poynter. Captain Cosgrave was first sergeant of Company F, the Lincoln light infantry,

THE ROLL NOT CORRECT

Much Confusion Attends the Work of Paying Cuban Soldiers.

GOOD ORDER ON THE ISLAND.

General Brooke Pays the Natives a Compliment—Brigandage Not Known in the Ordinary Acceptance of the Term and the Law is Generally Upheld.

HAVANA, June 19.—The greatest confusion exists in the lists of Cuban soldiers at Canajani. Many of them cannot collect their \$75, as they appear on the rolls as having been promoted to the ranks of officers, of which fact they had no knowledge previously. The Remedios regiment contains apparently over 2,000 men, while the lists only give the names of 700. Soldiers who have fought since 1895 are not shown on the lists, while boys who served as camp followers are able to secure payment. A petition has been sent to Governor General Brooke asking him to order a revision of the list.

With reference to the report of brigandage, of thieving, and murders freely circulated, Governor General Brooke says that brigandage, in the American acceptance of the term, does not exist in Cuba. As for other deeds of violence he thinks it extraordinary, considering the war had devastated the island from end to end, that hardly a Cuban family has not suffered hardship or something worse, and that multitudes have been on the verge of starvation, that crimes of theft and bloodshed have been so few. General Brooke believes the percentage of crime among the Cubans today is probably less than among any other people in the world where conditions have been so gravely disturbed.

The governor general has ordered a number of much needed changes in the administration of justice. Heretofore the principal court in the various provinces, known as the audiencia, has had jurisdiction of criminal cases. Under the new arrangement the audiencia of each province will have jurisdiction in both civil and in criminal matters, with a right of appeal to parties, to the supreme court. Other reforms are now under consideration, particularly changed in the courts of first instance, where the laws now in force do not allow the judges such power as they have been invested by custom.

Dr. Brunner, chief sanitary officer in Havana province, will probably resign his position this month, the city of Havana having offered him a tempting salary to take charge of sanitary affairs here. The general opinion here is that every effort should be made to retain his services. He understands the local situations and the Cubans thoroughly. The keen sense of duty is recognized to the public as especially serviceable in the community, where there are so many attempts to evade the sanitary regulations.

Regarding the recent death of a United States marine from yellow fever, Major General Ludlow, the military governor, says that isolated cases are bound to occur occasionally, but he thinks it impossible that any infectious disease should occur without being received by the sanitary department within a few hours.

According to advices from Guanajay, province of Pinar del Rio, the insurgents, after receiving their money, start for home, many of them on foot. One man was found murdered near Chicharron. Three were found near Quibrochaca. All had been robbed.

Armed bodies of Cubans continue to arrive here in large numbers, claiming that only within the last few days had they learned that money was awaiting them. Most of them have readily accepted the proposal of General Brooke that they should turn half their arms over to the civil governor, and receive ten days' rations, which will enable them to live until Lieutenant Colonel Randall returns to Havana and recomences payment here.

General Gomez expresses his willingness to aid the governor in arranging the lists. General Brooke is inclined to appoint a commission of Cuban officers, whose integrity would be guaranteed by Gomez.

Sales of Union Pacific Lands.

OMAHA, June 19.—During May the Union Pacific land department sold 113,691 acres of land in Nebraska, Colorado, Wyoming and Utah and 6,899 acres in Kansas. Since the first of the year 62,842 acres have been sold in the latter state. C. E. Wantland, special agent for the department, who has charge of most of the sales in the west, says they will average about 100,000 acres a month during the year, making the total for the year 1,000,000 acres. The greater portion of the land is being sold to stockmen and this industry never had such a boom in the west as it is having now. Farmers everywhere in that section seem to be giving up a large portion of their agricultural operations and devoting more time to raising cattle and sheep.

Death of a Tornado Victim.

BLAIR, June 19.—Mrs. Andrew Anderson, who was badly injured in the Herman cyclone, died here at 9 o'clock tonight. She was brought here to the Clifton hotel with her husband, who was also injured the night of the storm, and was removed to the home of Mr. Anderson's sister in the city, since which time she has been unconscious, blood poisoning having set in before death came.

Mrs. Anderson was 56 years of age and had been a resident of this country for a number of years. Her husband still suffers from his injuries, having several ribs broken at the time of the cyclone. They had a comfortable home in Herman, which was totally destroyed.

Congressman Bland Buried.

LEBANON, Mo., June 19.—Congressman Richard Parks Bland was laid to rest here Saturday with honors befitting his illustrious career. The town was crowded with thousands of his friends who came to honor his memory. The funeral services were participated in by the ministers.

ROBBERS TURN BAGK SOUTH.

Pursuers Twelve Hours Behind Them at Sullivan's Sheep Ranch.

CASPER, Wyo., June 19.—Eight of the posse hunting the Union Pacific trap robbers in the Hole-in-the-Wall country returned to Casper today. The robbers have left the Hole-in-the-Wall mountains and are traveling back south. The last heard of them was at Powder river, coming south. They seemed to be heading toward Wolton. A large party is following them now. Today guards were placed at all the bridges across the Platte river and new men with fresh horses started for the Wolton country. The pursuing party at Sullivan's sheep camp, where the robbers ate breakfast and took a pack horse and bed, were twelve hours behind. The robbers are traveling in a very broken country, with numerous washouts and a model place to hide. At Sullivan's camp only two robbers put in an appearance.

CHEYENNE, Wyo., June 19.—Couriers who arrived yesterday from the pursuit of the Union Pacific train robbers report that the fugitives are now several days in advance of the pursuing posse. The robbers were supplied by a rustler friend near E. K. mountain, in the Hole-in-the-Wall country, with fine riding horses and two pack animals, plenty of food and a camp outfit. They were last seen starting across the main range of the Big Horn mountains, evidently making for the Jackson's Hole county, an admirable hiding place south of the Yellowstone National park. Their trails were lost on account of snow storms on the mountains. The course of the robbers, it is believed, will be across the Shoshone Indian reservation and the Indian police are out guarding the mountain passes.

Posses of Idaho and Montana officers have been started toward the Jackson's Hole county to co-operate with the Wyoming officers, who, under the direction of United States Marshall Hadsell, are still following the trail across central Wyoming. The authorities and Union Pacific management are determined to catch the robbers and the chase will be continued until they are run down.

BIG FIRE IN OMAHA.

One Man Fatally and a Number Seriously Injured.

OMAHA, June 19.—Fire in Allen Bros.' wholesale grocery establishment, accompanied by a terrific explosion of gunpowder, caused the fatal injury of one man and the more or less serious injury of eight others, at an early hour Sunday morning. Damage of \$250,000 was done to the building and stock.

Fatally injured: Thomas J. Ruane, fireman, 1929 South Tenth street, burned about head and shoulders; died in a few hours.

Injured: Lieutenant John Sullivan, hose company No. 3, residence 820 South Seventeenth, badly burned and lacerated about face, arm hurt.

Frank Hardy, fireman, living at 2104 Harney street, burned and cut about arms, neck and face.

Harry Redell, son of Chief Redell, residence 318 South Twentieth, legs badly cut and torn.

John Ormsby, living at 4027 Charles street, burned and cut about face and hands.

Mike Bird, fireman, 1016 Jackson street, forehead; severe.

Joseph Hoffman, fireman, No. 3, arm and forehead; severe.

Captain M. J. Dineen, No. 6, residence 623 South Twentieth.

—Kofsky, cut about face and hands.

A Section Hand Hero.

CLEVELAND, O., June 19.—Blaz Patrie, a railroad section hand, proved himself a hero today and was fatally injured in an attempt to save a woman from death.

Mrs. Jennie Price, who lived on Webster street, was riding a wheel across the Lake Shore tracks at the entrance to Gordon park, and fell in front of an approaching train. Patrie, who had been detailed to assist the flagman at the crossing, ran to Mrs. Price's assistance, but both he and the woman were run down. Mrs. Price lost a leg and an arm and suffered a fracture of the skull, while her rescuer was struck by the pilot of her engine and was picked up insensible from a bad wound in the head. The woman retained consciousness, but the physicians say both will die.

Shiloh Battlefield Monuments.

SPRINGFIELD, Ill., June 19.—A meeting of the Illinois Shiloh battle field committee was held today in this city, with Major A. F. McEwen, of Litchfield, as chairman, to select designs for monuments to be erected on the battle field to the Illinois troops participating. General John A. McClernand, of this city, presided, and Major George Mason of Chicago, is secretary. There will be a general monument to cost \$10,000, and 27 monuments to the infantry, 10 to the cavalry and 12 to the artillery.

BLAIR, June 19.—Mrs. Andrew Anderson, who was badly injured in the Herman cyclone, died here at 9 o'clock tonight. She was brought here to the Clifton hotel with her husband, who was also injured the night of the storm, and was removed to the home of Mr. Anderson's sister in the city, since which time she has been unconscious, blood poisoning having set in before death came.

Mrs. Anderson was 56 years of age and had been a resident of this country for a number of years. Her husband still suffers from his injuries, having several ribs broken at the time of the cyclone. They had a comfortable home in Herman, which was totally destroyed.
