G. A. Carpenter, of Fort Morgan, Colo., has been allowed a patent for a fly exterminator. A frame made of a single piece of wire and the ends of the wire twisted together and extended at an angle is covered with bibulous paper and the extension inserted in the top of a bottle in such a manner that the frame will be retained in a horizontal position and poisonous liquid will, by capillary attraction, keep the paper moist and flies taking the liquid will die.

C. F. Nelson, of Ekira, Ia., has been allowed a patent for a boot and shoe cleaner adapted to be fixed to a door step in such a manner that the bottoms, sides and heel portions of boot and shoes on the feet of wearers can be advantageously scraped and cleaned thereby. Flexible material fixed to the metal parts contacts with the "uppers" and prevents scratching or damaging the leather.

We do all the work required in preparing drawings, specifications and claims and filing and prosecuting applications for patents for inventions.

ALL OVER THE STATE

Leasing School Lands.

CHAPPELL, Neb., Aug. 12.—Commissioner Jacob Wolfe has been here for two days, leasing school lands. Out of 35,000 acres offered 32,000 were taken. Mr. Wolfe goes from here to Cheyenne county.

Wymore Will Have a Midway.

WYMORE, Neb., Aug. 12.—The reunion which will be held here August 21 to 26, inclusive, promises to be the biggest thing ever attempted in this part of the state. Thousands of people will be here every day and \$2,000 will be spent in entertaining them. Hundreds of dollars' worth of concessions have already been granted.

Driver Falls Under Wagon.

M'COOK, Neb., Aug. 12.—A sad accident occurred a few miles southeast of this city in which Harvey Kay Ludwig, a young man, lost his life. He was driving an ice wagon to the city, following another team similarly loaded. About 300 rods from the ice house he in some way fell from the wagon, the ponderous load passing over his body, killing him instantly.

Recruiting for the Thirty-Second.

HASTINGS, Neb., Aug. 12.—Major Mapes has secured another squad of recruits in Hastings for the Thirty-second regiment of the United States volunteers. Drum Major Theo Knapp took the following recruits in charge and started for Fort Leavenworth: Edward Barnhouse, Frank M. Fountain, Jacob Kortum, William C. Warden, Andy Ziegler, Walton F. Boyd.

Sam Pope Looks for Death.

FREMONT, Neb., Aug. 12.—Sam Pope, the man shot Tuesday morning, is still living and shows a remarkable vitality. He sent for his attorney and made his will. He also signed some papers in connection with some business matters. He says he knows he cannot recover and looks for death as a relief from his sufferings. An information was filed in the county court against Jerome by County Attorney Martin, charging him with assault with intent to kill.

Woman Dragged by a Horse.

RUSHVILLE, Neb., Aug. 12.—Last Friday Mrs. John Bear, who lives with her husband near Pine Ridge, was out riding when her horse became scared and ran away, throwing her out of the saddle. Her foot becoming caught in the stirrup, she was dragged some distance, and when rescued from her perilous position she was found to have sustained serious injuries, both internal and external, but her wounds were dressed and she is now progressing toward recovery.

Rob Widow of Chickens.

SUTTON, Neb., Aug. 12.—Probably as mean a piece of theft as has been committed here lately is the numerous cases of chicken stealing. Mrs. Penwegast, a poor widow, who has labored all spring and summer to raise a few birds for her use, was relieved of all but two of them. Michael Tessler, three miles southwest of town, was also relieved of two hundred young chickens which he was raising for the market and which he intended to sell in a few days.

Laying of a Corner Stone.

LOUP CITY, Neb., Aug. 12.—The corner stone of the new \$10,000 school house, now in course of construction in this city, was laid, the Masonic fraternity performing the ceremony according to its rites. Grand Master William W. Keyser of Omaha, was present. Hon. Aaron Wall of this city delivered the oration of the day. The ceremony was witnessed by about 300 people, many coming from neighboring towns. In the receptacles beneath the stone were placed many archives, consisting of sketches of the county, village and school districts, civic societies, business firms, etc.

Epworth Leaguers Protest.

LINCOLN, Neb., Aug. 12.—The Nebraska Epworth League assembly, adopted resolutions on the army canteen as follows: "The Nebraska Epworth assembly, 7,000 strong, representing a constituency of 50,000, condemns the infamous decision of Attorney General Griggs in nullifying the act of congress abolishing the army canteen and appeal to President McKinley to exercise his authority as commander-in-chief to carry out the will of the people, as expressed by congress, and protect our soldiers from the injury and outrage inflicted on them and their families by the shameful blot on our military system."

Will Get Their Pictures.

LINCOLN, Neb., Aug. 12.—Acting Chancellor Bessey and Financial Secretary Dales of the state university have interested themselves in an effort to secure photographs of all former university students who lost their lives while serving in the army during the war with Spain and in the Philippines. An excellent likeness of the late Col. John M. Stotsenburg has been received from Mrs. Stotsenburg and now occupies a place in the acting chancellor's room. Seven university students lost their lives during the war and to the memory of these men a memorial tablet has been prepared which now occupies a place in the acting chancellor's office. It is felt that photographs of the boys would be much more suitable and lasting and an effort will be made to secure them.

Creamery Manager Decamps.

CHADRON, Neb., Aug. 12.—C. E. Ingalls, who recently came here from Illinois and established the Chadron creamery, has decamped from the city, taking with him about \$3,000 which belonged to the creamery company. In order to induce Ingalls to establish a creamery here a bonus was made up by the business men and liberal subscriptions were made. The affairs of the institution seemed to have been progressing satisfactorily and branch separator stations were established at Whitney and Hay Springs.

Bonds Called In.

NEBRASKA CITY, Neb., Aug. 14.—The county commissioners gave orders to call in \$22,000 of the \$50,000 Oteo county refunding bonds, which were issued April 1, 1889. This reduces the bonded indebtedness of the county to \$463,000.

Gun Was Loaded.

TILDEN, Neb., Aug. 14.—George Whitney returned from a week's outing minus the fourth and fifth toes of the right foot. While on horseback and carrying a shotgun attached to the saddle the firearm was discharged, the shot passing through the foot and rendering amputation necessary.

Jumped the Track.

SUTTON, Neb., Aug. 14.—While the freight train was pulling out of the switch tracks with a train of fifteen cars, the hind car jumped the rails, tearing up the ties and demolishing the switch. The car then rolled down the twelve-foot embankment, scattering its contents of wheat, the car being a total wreck. No one was injured.

Sent to the Reform School.

HASTINGS, Neb., Aug. 14.—A young man giving his name as Earl Crigger and his residence as 2929 Champa street, Denver, was arrested for stealing a bicycle belonging to A. Roberts. The wheel was found at Leroy where he had sold it for \$3.50. He was taken before County Judge Bowen, entered a plea of guilty and was sentenced to the reform school.

A New Depot.

FRIEND, Neb., Aug. 14.—The new depot in course of construction by the B. & M. in this city will be the finest of its class between Lincoln and Kearney. The building is 97 1/2 x 26 feet, with the foundation of grout. The building will be of pressed brick, with metal roof and will be strictly fireproof. The floors will be of brick and tile, with brick platforms and approaches. The ground outside will be platted with flower and lawn plats. The brick work was commenced today.

The Injured Firemen.

OMAHA, Neb., Aug. 14.—Albert Livingston and George Farmer, the only firemen who were struck by the terrible electric shock at the Mercer Chemical fire and lived to tell about it, are once more on their feet. They visited for a few minutes with their comrades at engine house No. 3. They are still weak and nervous and say they experience at recurring intervals the stinging thrill of the electric current running down their limbs.

Died in Colorado.

NELSON, Neb., Aug. 14.—News of the death and burial of Lauretta, wife of E. A. Newton of Alamosa, Colo., was received here. She has lived in Nelson since early childhood until her marriage to Dr. Newton, who is the editor of the San Louis Valley Courier. She was the only daughter of Mr. and Mrs. C. R. Stoner. She leaves two small children. Her brother, Bert Stoner, of Company H, First Nebraska, received a special discharge from his regiment to enable him to reach her bedside before her death, but it is not known whether he did or not.

Due to the State.

LINCOLN, Neb., Aug. 14.—There is still some prospect that the judgment held by the state against the bondsmen of ex-Off Inspector Hilton will not be satisfied to its full amount. Through Judge Wakley of Omaha the bondsmen have paid into the district court of Lancaster county a little over \$7,000. This is about \$500 less than the judgment calls for, which amount is disputed by the bondsmen. Hilton retained a large amount of fees received for inspection of gasoline, claiming that as the law did not require him to inspect it, the state was not entitled to the money. The courts held differently.

School District Lands.

LINCOLN, Neb., Aug. 14.—State Auditor Cornell has announced that under the law he cannot register school district bonds which draw interest at a higher rate than 6 per cent. There is a very general misunderstanding regarding this law, nearly all of the school directors holding that the act limiting the interest rate to 6 per cent is ineffectual on the ground that it does not repeal a former act fixing the rate at 7 per cent. The attorney general holds that the act of the last legislature indirectly repeals the former law, even though it does not contain the repealing clause. Acting on this opinion Auditor Cornell refuses to register any school district bond drawing interest at a higher rate than 6 per cent.

District Campmeeting.

LYONS, Neb., Aug. 14.—The Norfolk district campmeeting, which has begun services here, has every indication of bringing a multitude of people from both far and near. Neighboring towns are becoming interested and whole families are in attendance daily. Tents are numerous and filled to overflowing with people who seem to be enjoying the meeting. The singing conducted by Mr. and Mrs. Elderkin of Chicago is wonderful. The noted divines who arrived with their families to take active part in these meetings are Rev. A. Hodgetts, D. D., Norfolk, Neb.; Rev. E. E. Shaffer, Oakland, Neb.; Rev. A. Brient, Laurel, Neb.; Rev. O. P. Miller, Coleridge, Neb.; Rev. E. T. Antrim, Leigh, Neb.; Rev. C. H. Moore, St. James, Neb.; Rev. C. M. Griffith, Pender, Neb.; Rev. A. S. Gray, Decatur, Neb.; Rev. F. M. Clark, Dakota City, Neb.

Old Corn Goes Out.

OMAHA, Neb., Aug. 14.—Manager Philippi of the Missouri Pacific says: "The old corn has begun to move quite rapidly. Everyone knows there is a new crop ahead ready for it. Thursday the Missouri Pacific hauled out 150 carloads of shelled corn from points between Atchison and Omaha. That makes over 92,000 bushels for that small portion of our line, and I understand other roads are doing a good deal, too." The corn referred to by Mr. Philippi went east to New York, being intended for export.

Losses Hand in Circular Saw.

SUTTON, Neb., Aug. 11.—While John Nichol, sr., was using the large circle saw in Jake Snider's wagon shop he had the misfortune to lose the three first fingers of the right hand. A crank on the shaft struck his elbow and threw his hand into the saw. Mr. Nichol is an old citizen.

Set Date for Reception.

YORK, Neb., Aug. 11.—In response to the request from the reception committee, Company A sent a telegram from San Francisco fixing Wednesday, September 6, as the day for the people of this county to hold a reception for the company. Everything is being done by the committee to make the entertainment a success in every respect.

Governor Will Extend Welcome.

LINCOLN, Neb., Aug. 11.—The committee of citizens who have in charge the arrangement of all details for the reception of the First regiment, which will be given in Lincoln in September, has extended Governor Poynter an invitation to deliver the address of welcome to the Nebraska fighters. This invitation the governor promptly accepted.

Assaults His Mother-in-Law.

WYMORE, Neb., Aug. 11.—A warrant was sworn out for Frank Von Cleave, charging him with assaulting his mother-in-law, Mrs. DePine. The warrant was sworn out by William Laffery, a neighbor, who swore that young Von Cleave badly beat his mother-in-law yesterday. Von Cleave was arrested a year ago for assaulting his stepmother.

Need Rain at Carleton.

CARLETON, Neb., Aug. 11.—Wet weather reports fill the newspapers just now and this section of Nebraska would like a share of it. There has not been any rain in this vicinity, for the last seventeen days. The sun merely cooked the corn and acre after acre is beyond redemption.

Columbus Soldiers' Monument.

COLUMBUS, Neb., Aug. 11.—At a meeting of the committee Kimball Bros. of Lincoln were awarded the contract for building the soldiers' monument which will adorn Frankfort park. The contract price is \$2,235, and the monument will cost about \$2,500 when finished. Work will be commenced at once, as the contract calls for completion by December 1.

Crete Planning a Reception.

CRETE, Neb., Aug. 11.—The citizens of Crete assembled at the city hall upon a call of Mayor W. R. Buck and made arrangements to hold a reception here upon the arrival of the Crete boys now in the First Nebraska regiment to all soldiers who enlisted in the service from this county, no matter to what regiment they belonged. Invitations will be sent out to all Saline county citizens to assist in making this reception the greatest day in the history of the county.

May Cause a Damage Suit.

WYMORE, Neb., Aug. 11.—The trouble which will arise on account of the fire department tearing down three buildings belonging to Frank Label, under instructions from the mayor, has only begun. Mr. Label went to Beatrice and consulted General Colby, with the result that a damage suit will be instituted against the city. The buildings were partially destroyed by fire last February, and as they were frame the city council refused to allow Mr. Label to repair them.

Close Call for His Life.

NEBRASKA CITY, Neb., Aug. 11.—Frank Humphrey, an employe of the King Press Drill company, had a narrow escape from losing his life. He is in charge of a machine called the "rattler" which removes rough edges from castings. He had filled the machine and climbed up on a short ladder for the purpose of adjusting a belt and had just got the machine in motion when he slipped, his right foot getting between the "rattler" and the wood work. He was thrown down but fortunately struck the belt as he fell, knocking it off and thus stopping the machine.

To Welcome First Nebraska.

GRAND ISLAND, Neb., Aug. 11.—The citizens of Grand Island have organized for a proper welcome to the members of the Fighting First Nebraska regiment when they pass through this city enroute home, about August 26. Mayor Platt has been selected as chairman of the organization and City Clerk Hopper as secretary. A committee of six of the most prominent business men has been appointed to complete arrangements. It is possible that two companies of the regiment will stop off here to make connections with the B. & M., and if so the boys will be royally entertained.

Boy Meets Terrible Death.

GORDON, Neb., Aug. 11.—This community was shocked to learn that Earl, the 12-year-old son of J. C. Jordan, one of Gordon's most prominent business men, had met a terrible death. While riding on horseback with a crowd of boys and girls to attend a Sunday school picnic four miles from town, his horse stumbled and fell and the boy's foot was caught in the stirrup. He was dragged half a mile and kicked and bruised in a horrible manner, his body being a mass of bruises and one leg being broken and the bones protruding. He was dead before his companions could reach him.

Proves to Be a Counterfeit.

GRAND ISLAND, Neb., Aug. 11.—Bert James, arrested by the sheriff of Hall county some weeks ago, charged with complicity in horse stealing, was found to have counterfeiting tools in his possession. Since incarcerated he has once attempted to break jail, but was prevented by the watchfulness of the sheriff. He was yesterday arraigned on the charge of having the tools before United States Commissioner Bode and bound over to the United States district court for trial at Omaha. He was taken, handcuffed, to that city today.

In Williamport, Pa., there is a house, valued at \$3,000, without an apparent owner. The property once belonged to Andrew McCabe, who bequeathed his housekeeper a life interest in it. She became weak-minded and went to a home in New York state. Efforts to find her have since been unavailing, and the tax collector asks to be exonerated for assessments against the property.

Governor Joseph D. Sayers, of Texas, owns the first Federal flag captured by the Confederates in the war of the rebellion. He intends presenting it to the State Historical Society.

Ancient American Sleeping Cars.

L. Xavire Eyma, a Frenchman, who came to this country in 1847, wrote an article in L'Illustration of Paris, published July 22, 1848, giving his experiences on the railroads of the United States. He says that at that time the Baltimore and Ohio Railroad had a length of seventy leagues and that the cost of the road was \$4,116,744 francs, the receipts 3,988,456 francs and expenses 1,964,741 francs. He also gives considerable space to the interior arrangements of the sleeping cars used at that time and says that, "they are actually houses where nothing is lacking for the necessity of life and are divided into compartments and sleeping rooms, some for men and some for women." Each room held six beds or rather little couches in three tiers along the sides. He winds up his account by saying that valuables were not particularly well taken care of, as in America there "were no such things as sneak thieves."
