

CANCER IS DEADLY!

Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever. The Cancer growing worse all the while numerous remedies were used for it but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction though many years have elapsed. S. S. S. is the only cure for Cancer.—Mrs S. M. IDOL, Winston, N. C.

Three Doctors in Consultation.
From Benjamin Franklin—"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e. theory) says is best, to be chosen in the last place. But if you can get Dr. Inclinatum, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold, Dr. Inclinatum would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by McConnell & Berry.

A Night of Terror.
"A awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die of pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life and had cured her of consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung troubles. Only 50c and \$1.00. Trial bottles free at McConnell & Berry's.

Kodol Dyspepsia Cure is a scientific compound having the endorsement of eminent physicians and the medical press. It "digests what you eat" and positively cures dyspepsia. M. A. Hutton, Bloomsdale, Tenn., says it cured him of indigestion of ten years' standing. D. W. Loar.

A Frightful Blunder.
Will often cause a horrible burn, scald, cut or bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures old sores, fever sores, ulcers, boils, felons, corns, all skin eruptions. Best cure on earth. Only 25c a box, cure guaranteed. Sold by McConnell & Berry.

W. C. T. U. COLUMN.
Mrs. MINNIE FINITY, Press Supt.
"God, Home, and Native Land."
I apologize for not having a representation in our column, last week, but the "grippe" having taken possession of the body, the mind was incapable of doing its duty. But since the election of officers I am still to resume the work. I hope to receive aid from my co-workers in making this one feature of our union a success.

The last business meeting which was devoted to the election of officers, was not a difficult task, as all the old officers were re-elected. This surely indicates entire satisfaction on part of the officers in discharging their duties.

The following temperance resolution was adopted at the session of the Methodist conference at Los Angeles: "We will vote for no man who will not pledge himself not to repeal the present local option laws upon our statute books."

Other resolutions declare the army canteen to be an unmitigated curse and that the dilatory methods of the administration with the canteen question are worthy only of the united condemnation of the millions of christian people who have called for its suppression.

It has been decided by the administration to expel all white men and others who sell liquor to the Pillager and Chippewa Indians from the reservation at Bear Island, Leech Lake, Minn. An investigation shows that whiskey was at the bottom of the trouble which occurred between the Indians and whites last October, when Major Wilkinson and six soldiers were killed. All saloons have been ordered removed, and if any one is found selling liquor to the Indians, he will be prosecuted to the full extent of the law.

The degenerating influence of dime novels and cigarette smoking are assigned by police officials as the cause of one of the most dastardly and cold-blooded murders ever committed in Chicago. In his signed confession one of the murderers says: "Ever since I was able to read I have read dime novels. I have read every number of 'Old Sleuth' series and the Jesse James and his gang did their best work in and about our county," etc. May their appeal reach all our good, moral rews dealers to stop the purchasing and placing before the young minds all debasing literature such as dime novels and their kind.

DANBURY.
High winds prevailed, first of the week. A. Hornkohl is selling off his crop and will soon start for Washington, to make his future home in that state.

E. T. Woods has secured J. Simonson's engine and a grinder from the old Decatur mill, and intends to do some grinding in the future.

A number of Lebanon Christian Endeavorers paid a visit to the workers on Sunday evening, and a profitable evening was spent.

W. Van Nortwick's new house, in course of building, burned down, last Sunday night. The cause of the fire is not yet known and announced.

Credit is due Rev. Mayfield of this place for the young men and boys, Sunday evening. The church was well filled with young people, who listened with much interest.

Joe Dolph and John Leisure drove in, last Friday night, with 117 head of last spring's calves, which they raised out near Newton, Colorado, this summer. They drove them in from Colorado, the bunch arriving in fine condition.

On Wednesday evening, as was announced, Hon. Judge Tucker of Humboldt delivered a fine address on Republican principles to a crowd of goodly proportions at this place. He is an able and eloquent speaker, and was much applauded by the points made in his comparison of the two parties since their organization. It was one of the best addresses the people of Danbury have heard for some time, and will undoubtedly clear the minds of those who have been in doubt for the last year or so. Nominees Kinghorn, Cordeal and Clark were also here making friends among the people and are receiving much encouragement from those they meet. The band provided plenty of music for the evening, and a general good time was had.

A quiet little Populist rally was held here, last Saturday afternoon, by a few of the party who are still holding on. The announcement had not been very well circulated, for some reason, and consequently it was a very quiet one. It seems that no one here would take hold of this important event and "pull it off" in good shape, so Deputy Sheriff Smith took charge of affairs and arranged for the speaking by securing the town hall, introducing the speakers, providing music, and other details. A party who overheard the remark replied that "There used to be a few here, but they are scarce nowadays." On coming up the street he found a few of the aspiring county candidates, and they began to make arrangements for the day. The band was aroused from its slumber and caused to play a few tunes on the street to make known to the people that something was going to happen, after which they marched to the hall, headed by our gallant deputy sheriff. Mr. Vocum made the first talk, which consisted principally of jokes having no bearing on what they were here for. John T. McClure followed, dishing up some statistics intended to show where all the marvelous McKinley prosperity we have been enjoying for the past few years is going. Ike Sheridan made the closing speech, calling for a full vote and as good a showing as possible at the coming election; after which they sang the national anthem and departed—except those who had already disappeared. In summing the whole thing up it would be hard to say if any increase in the Populist strength was made, but it is the general opinion that none was.

Spain's Greatest Need.
R. P. Oliva of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest blood and nerve remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing, you need it. Every bottle guaranteed, only 50c. McConnell & Berry.

That Throbbing Headache
Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for all headache troubles. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by McConnell & Berry.

He sells cheap soap; the sale, once made, Brings larger profits for to-day. The soap, when used, offends his trade, Which deals, henceforth, "across the way"— Both purchaser and seller lose; But Ivory Soap makes steadfast friends; 'Tis best to sell, and best to use, And brings best profits in the end.

A WORD OF WARNING.—There are many white soaps, each represented to be "just as good as the Ivory"; they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

SOUTH SIDE.
Dry and dustless. John Hartless finished putting in wheat Wednesday of this week.

Enoch Hoover left Tuesday night for his old home in Wisconsin where he will spend the winter.

Frank Fitch visited the Epworth League of McCook Sunday night, and reports the society doing well.

The prize given by Cochran & Coleman for the best stalks of cotton raised in Red Willow county was taken by Geneva Fitch, who has proven beyond a doubt that it is possible to raise cotton in this state. The prize consisted of a fine set of silver knives and forks.

The hearts of the people of South Side go in sympathy to Mr. and Mrs. Dutton in their late bereavement. The saying, "Death loves a shining mark," is surely true in this case, for little Acl was both bright and beautiful. Mr. and Mrs. Dutton have many friends in this vicinity and there was a large turn out at the funeral.

We noticed some very interesting news in the Sunday Morning Call of Pittsfield, Mass. As the Call says, in a special correspondence from South Lee, Mass., "A quiet but very pretty wedding was solemnized at the home of Mrs. William Breed in this village on Wednesday evening October 11th, at 7 o'clock, the contracting parties being her daughter, Miss Amy Jane Breed and Mr. Archie Nettleton of Waterbury, Conn."

REDWILLOW.
While driving in a cart, Sunday evening, May Stangland, Julia Baker and little Ellen had the misfortune to be thrown out. All were badly shaken up but able to be at school, next day.

Benj. Baker and wife, who were visiting their daughter, Mrs. Nesbit, in Frontier county, returned home, Monday of this week. By the way, that was not a pleasant day to go anywhere or return either.

Clark Boatman was electioneering in the neighborhood, first of the week. If he had not burned the pies while discussing the political situation with him, in place of our absent prop and mainstay, his election would have been assured. Owing to burnt pies, we shall now exert our mighty influence for the G. O. P. Do you hear, Clark?

PROSPECT PARK.
Julia Sly commenced teaching in district 30 last Monday.

Many of our farmers are waiting until it shall rain before sowing small grain.

Fannie Meyer is somewhat better at this writing. Four more of the family are sick.

Enoch Hoover is around bidding his friends good-bye before leaving for his home in Wisconsin.

Roy Jacobs has secured the Anderson school for this school year. He comes well recommended.

Mrs. Harrison and family and the Hauswells from the Willow were guests of the Sly family over Sunday.

Grandfather Wade and wife are visiting their daughter at Danbury. They have a daughter from Chicago who is visiting them.
