

HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwork; You Can Cure Yourself at Home.

There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of the sores and eruptions. This they do by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury. The mouth and throat and other delicate parts then break out into sores, and the fight is continued indefinitely, the drugs doing the system more damage than the disease itself.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces. I decided to try S. S. S. as a last resort, and was soon greatly improved. I followed closely your 'Directions for Self-Treatment,' and the large spots on my chest began to grow paler and smaller, and before long disappeared entirely. I was soon cured perfectly and my skin has been as clear as glass ever since. I cured myself at home, after the doctors had failed completely." It is valuable time thrown away to expect the doctors to cure Contagious Blood Poison, for the disease is beyond their skill. Swifts Specific—

S. S. S. FOR THE BLOOD

acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever, constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity. His Life Was Saved.

J. F. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken down with typhoid fever; that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise." This Chamberlain's Cough Remedy is the quickest cure in the world for all throat and lung trouble. Regular sizes 50c. and \$1. Trial bottles free at McConnell & Berry's drug store; every bottle guaranteed.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvet skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cts. at McConnell & Berry's.

SONG OF THE RYE.

I was made to be eaten,
And not to be drank;
To be threshed in a barn,
Not soaked in a tank.

I come as a blessing
When put through a mill;
As a blight and a curse,
When run through a still.

Make me up into loaves
And your children are fed;
But if into drink
I'll starve them instead.

In bread I'm a servant
The eater shall rule;
In drink I'm a master—
The drinker a fool.—Selected.

The union temperance sermon delivered by Rev. Turner was well attended and attentively listened to. May we be fearless of speaking the truths which are thrown in our daily path way, if we would do justice to our fellow-men and God.

Would you have the children—the future men and women of your community—educated to intelligent total abstinence from alcohol and kindred narcotics? Placing the necessary appropriate text-books in our public schools is the only scientific way. To do this four things are essential to enforcement of a temperance education law: First, Indorsed text-books adapted to grade, in the hands of all pupils using text-books in such other studies as geography or arithmetic, with oral lessons in the case of pupils unable to read; second, a course of study in this branch, with not less than three lessons a week for fourteen weeks of each school year below the second year of the high school, the lessons to be taught according to the best modern methods of teaching other branches; third, the same examinations or tests for promotion, in this as in other studies; fourth, the interested teacher. In a large majority of cases where we have the first three, we shall have the last; for the teachers of this country, as a whole, are ready to do their part, if they are given anything to do with.

No voter who calls himself a Republican can excuse himself for scratching a name on the ticket, next Tuesday. All are good, clean and capable candidates, and should receive the full vote. Support the administration with your straight ballot.

A. C. Shellenberger and J. T. McClure addressed less than three dozen citizens here, Tuesday evening. They spent most of the time denouncing the administration, and argued that a vote for "Slippery Si" Holcomb meant a vote to put Bryan in the presidential chair, next year.

One day last week, G. W. Jones accidentally unearthed some burglars' tools which had been buried back of his store. They were probably used in forcing an entrance to his store some time ago. Parties in town claim the tools and that they were stolen from them the night of the burglary.

W. E. Rollings drove up to Indianola, Saturday, to listen to Bryan's tale of woe, and started for home so enthused with Bryanism that he thought the telephone company was a "trust" and to show his opposition attempted to drive over a few of their poles, but after the impact the earth met him half way and his hands needed repairs. Any attempt to send a message with the kopeks will demonstrate that the company is not a "trust."

The "hello" man at the drug store and one of the Vickrey boys, accompanied by two Cambridge school-ma'ams, whose names they refuse to divulge, attended the entertainment and supper at East Valley school-house, last Friday evening. The programme, under the direction of the teacher, Miss Jessie Sipe, was a credit to all concerned. At the conclusion there came a wagon load of good things to eat, which were put up and sold to the highest bidder. "Bob" George was the auctioneer, and the boys say he was all right, for he buncoed that hungry mob out of \$17.50 without taking a long breath. Proceeds were devoted to the school library fund. Mrs. George was in town, this week, to get a bottle of Mrs. Winslow's soothing syrup for "Bob," who still cries out in his sleep, "Here's a basket, family size; fifty am I offered, who'll make it sixty?" just as he did down at the school-house, you know.

LaGrippe, with its after effects, annually destroys thousands of people. It may be quickly cured by One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia and throat and lung troubles. It will prevent consumption. D. W. Loar.

REMEMBER GOOD SERVICE.

THE TRIBUNE believes that the people seldom forget good service well rendered, and therefore expects to see County Judge Bishop reelected by a safe plural vote. He has, beyond doubt, filled his place successfully, carefully and with ability. He has always been found at his post of duty, ever ready to transact the business of the county judgship, according to law, promptly and fairly. He has merited a reelection at the hands of the people of Red Willow county, and he will get it, next Tuesday.

I am very pleased to state that since I took the agency of Chamberlain's medicines, the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it and know its value from the use of it in my own family. It is so pleasant to take that we have to place the bottle beyond the reach of the children.
