ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obstinate Disease.
There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.
The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.
Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be lanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific—
S. S. S. FOR THE BLOOD
—is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetter, Pimples, Sores, Ulcers, etc. Insist upon S. S. S.; nothing can take its place. Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.

McCONNELL'S BALSAM CURES COUGHS
A Just Complaint.
A number of the merchants of the city complain that the sign boards erected by them at various places throughout the county have been defaced and destroyed and they desire to call attention to the following law relating to the destruction of property:
"If any person shall wilfully and maliciously injure or destroy to any amount less than one hundred dollars, any personal property of any description whatsoever, or any building or other structure of any kind, owned by any other person, every person so offending shall be imprisoned in the jail of the proper county not exceeding thirty days and shall moreover be fined in double the amount of the damage of the property injured or destroyed."
They have expended sums in procuring and placing these signs and if the destruction continues, they intend to combine for the purpose of taking steps to discover and prosecute the guilty persons.

It's Easy To Take
Thin, pale, anæmic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL
WITH HYPOPHOSPHITES OF LIME & SODA

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anæmia. SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

We have known persons to gain a pound a day while taking it.

The company has had a force of thirteen two-horse scrapers and a large number of men at work, this week, filling dirt in the ground floor of the new shop building. Over 600 yards of dirt were used to raise the floor up to the desired level. Brick will be used to complete the floor. Besides an immense amount of dirt was hauled to make approaches to the building for tracks, etc. An opening has been made into the old shops building and a track has been built from it into the new building. The bath house has been moved a number of hundred feet south of the old location, and will be connected with the hot water plant in the near future. Another track will be made into the old shops, as well as a track along the south side of the new building. The tracks leading from the regular side tracks will also require considerable grading.
