

Up-to-Date Baby Buggies.
The New York infant born to a fortune takes his airing nowadays in the newest thing in English baby carriages. It is called the "Princess Victoria," and in price it ranges from \$69 to \$75. It is sold at a swagger English place uptown, and is warranted to be the king of things used in the British royal family. It is built in carriage style, with "C" springs, and is either white, gray or black. The vehicle is the perfection of comfort for the precious baby, and is as aristocratic looking as it is comfortable.

Agitation Against Overstudy.
Mrs. Theodore Birney, national president of the Mothers' congress, is urging the members of that body to do all in their power to investigate and remedy the evils of overstudying among children. It is her opinion that children study too hard and that overwork has often made pupils hysterical.

The War in South Africa.
Has demonstrated the great foresight of the Boers, in availing themselves of all the opportunities in times of peace to prepare for war. Similar foresight should lead you to improve the opportunity of securing better farms than there are in this country. They are on line of the Chicago, Milwaukee & St. Paul railway in Marquette county, Wisconsin, where the crops are of the best, work plenty, fine markets, excellent climate, pure, soft water; land sold cheap and on long time. Why rent a farm when you can buy one for less than you pay for rent? Address C. E. Rollins, Land Agent, 161 La Salle St., Chicago, Ill.

Important Inventions.

Patents have been allowed upon applications prepared and prosecuted by us for interesting subjects as follows:
To C. W. Cross, of Grinnell, for an auxiliary air heater adapted to be connected with a stove in such a manner that it will receive and direct the products of combustion and aid in warming and circulating air in a room, as required to maintain a uniform temperature, by admitting cool air at its bottom, heating it and discharging it at its top. An undivided half is assigned to W. S. More of same place.
To J. Morgan, of Atlantic for a plant planting machine adapted to be advanced across a field by horses to set out cabbage and tobacco plants in rows at regular distances apart. A boy on the machine hands plants in succession to automatic plant holders on a wheel and as the wheel revolves it places the plants in a furrow in advance of the wheel by a furrow opener and furrow closer immediately covering the roots and rollers pack the ground around the roots. An undivided half has been assigned to E. Whitney, of Chicago.

REORGANIZING FLOUR TRUST.

Assessment on Stock to Provide Working Capital.

NEW YORK, Feb. 5.—It is reported that a plan for the reorganization of the United States Flour Milling company has been perfected and will soon be publicly announced. There will be assessments on both common and preferred stock to provide the working capital, which was depleted through the purchase of additional mills. It is also proposed to retire the outstanding \$7,500,000 first mortgage 6 per cent gold bonds and replace them with another issue. Interests identified with the Great Northern railroad, it is said, will subscribe to the new bonds.
The alternate proposition of selling the recently acquired mills, the report of which led to the statement that the company was disintegrating, has been abandoned. President George Urban, jr., of Buffalo, is expected to retire and Vice President Jacob Ames will be identified with the corporation in another capacity.

FORCING ISSUE IN KENTUCKY.

Republican Legislators Will Get Contest Into Senate.
FRANKFORT, Ky., Feb. 5.—Chairman John Barrett of the republican joint caucus has issued a call for a session of the caucus at the court house in London, Monday at 4 p. m. This is taken to indicate that there will be an attempt to organize the legislature and to elect a new set of officers. To make a quorum it will be necessary for the troops to arrest and bring to London enough of the democrats for that purpose. A leader of the party said "We will elect all the legislative officers, elect Governor Bradley to the United States senate, thereby getting a contest in the senate, which will bring a decision from competent authority."

Civil Rule in the Philippines.

NEW YORK, Feb. 5.—According to the Washington correspondent of the Tribune President McKinley has decided not to wait for congress to act on the matter of replacing the military government by a civil administration in the Philippines, recognizing that much time will be consumed in deliberating over the details before any comprehensive plan can be adopted and that more than a month would be required after that time for the officials to reach their stations. It has been decided therefore to send out three or at most five commissioners to establish provisionally the form of territorial government recommended in the report of the Philippine commission sent to congress today.

Land Swindler Captured.

MARSHALLTOWN, Ia., Feb. 5.—W. L. Rhoades, a much-wanted land swindler, was brought here this morning from Chicago, where he was arrested by the sheriff of that county. Rhoades operated here two years ago by giving a bogus deed to Cherokee county (Kas.) land, on which he realized \$1,000. At that time Rhoades was his victim. In that time Rhoades was the name of David Martin. When confronted by his victim and real estate agents he confessed. Rhoades has been sought by officers from various states where he operated.

Here's a Genuine Lie.
When a false statement of a man or woman blisters the tongue (the conscience) it is a lie, declares "Tip," of the New York Press, who unquestionably ought to know. A father once instructed his son in this wise: "Is not the tip of your tongue sore?" "No, sir," "Then you are telling me the truth?" "Yes, sir." "Well, remember that if you lie the end of your tongue will be blistered. It will become so sore that you cannot talk." "What's the matter with Mr. Johnson's blisters, pop?" You say he's the biggest liar under heaven. "Oh, well, his blisters have turned to flint long ago."

Lydia E. Pinkham's Vegetable Compound
Relieves the Suffering from Overwrought Nerves.

"DEAR MRS. PINKHAM:—I am so grateful for the benefit derived from the use of Lydia E. Pinkham's Vegetable Compound that I wish you to publish this testimonial that others may know the value of your medicine. I was suffering such tortures from nervous prostration that life was a burden. I could not sleep at all and was too weak to walk across the floor without aid. The disease had reached a condition where my heart was affected by it, so that often I could not lie down at all without almost suffocating. I took Lydia E. Pinkham's Vegetable Compound and it worked like magic. I feel that your medicine has been of inestimable benefit to me."—Miss ADELE WILLIAMS, 196 N. Boulevard, Atlanta, Ga.

Thin, Sallow and Nervous

"DEAR MRS. PINKHAM:—I was thin, sallow and nervous. I had not had my menses for over a year and a half. Doctored with several physicians in town and one specialist, but did not get any better. I finally decided to try your medicine, and wrote to you. After I had taken three bottles of Lydia E. Pinkham's Vegetable Compound and three of Blood Purifier, my menses returned, and I feel as well and strong as I ever did, and am gaining flesh."—Miss LENA GAINES, Visalia, Tulare Co., Cal.

New Order as to Army Hats.
The latest order from the War department seems to point to greater uniformity in army headgear than has been the vogue hitherto. No more may the private soldier knock two or three dents into his campaign hat, or pin up a flap of the brim on one side to give him a rakish air. The new regulation provides against the wearing of these hats in any other than their original shape, which is on the alpine order, a shape that experience has proved to be the most becoming to the average soldier's head.

What a lot of trash is sold as cough cures. The hollow drum makes the loudest noise—the biggest advertisement often covers worthlessness. Sixty years of cures and such testimony as the following have taught us what Ayer's Cherry Pectoral will do.

I then tried Ayer's Cherry Pectoral, and I began to get better at once. I now sleep well, my old flesh is back, and I enjoy myself in every way at the age of seventy-four."—R. N.
