**A Furnas County Instance.**

Andrew Majewski came to Furnas county twenty two years ago from Seward county. We did not inquire how much money he brought with him, but presume not much. He now owns eleven quarters of land, much of the level land being under cultivation. (Mr. Graham closed a deal with Mr. Majewski for two of the eleven quarters during our stay for dinner.) He handed us an opera glass to view his cattle in the distant stalk fields. The yards were full of fat porkers and an air of German thrift pervaded the place. The house, a three story brick, was supplied with water faucets fed from a cistern on a hill at the rear of the house—Stockville Faber.

**Do You Want a Calendar?**

The biggest—and best—calendar ever issued by the American railroad is now being distributed by the Burlington Route.

It has twelve sheets, one for each month of the year. On each sheet is a striking illustration of some feature of the Burlington's service or of the territory reached by its lines—the government fast mail running at full speed; a tourist car on its way to California; engine 1591, the largest passenger engine in the world; a library car; a compartment sleeper; the Burlington station at Omaha; a dining car; a monster freight train; Estes Park, Colo. the plunge bath at Hot Springs, S. D.; Yellowstone Falls, etc.

The drawings from which the pictures were made are by Louis Brannhold, of Chicago, and cost several hundred dollars.

The size of the calendar is 22x28. The dates are in big type which can be read at a distance of 50 feet. For business offices the Burlington calendar is simply invaluable.

Purchased in large quantities, the calendars cost the Burlington Route 27 cents apiece. With postage, packing, etc., they represent an investment of about 35 cents. Our price is 25 cents—10 cents less than cost. Write for free stamps will do. If it is not satisfactory, send it back and your money will be promptly refunded. 2-26t.

J. FRANCIS, General Passenger Agent, Omaha, Neb.
