HARPER BROTHERS of New York, one of America's greatest publishing houses, have recovered from their recent financial distress, and the company has been reorganized upon an impregnable basis, it is announced.

W. C. T. U. COLUMN.

Mrs. MINNIE FINNEY, Press Supt.

"For God, Home and Native Land."

The union memorial service in honor of our departed leader, Frances E. Willard, was well attended and worthy of favorable comment. To the speakers is due great praise for the manner in which they brought the life of Miss Willard before the people. The Union extends its heartfelt thanks for the interest taken and the courtesy shown.

Our next meeting will be a fathers' meeting to be held at Mrs. M. Thorgrimson's. All fathers are cordially invited to come.

Twenty-six thousand arrests for drunkenness a year and eight thousand imprisonments is the appalling record of one of the most enlightened of American cities. It means an arrest for every four families. What it means to the taxpayers may be reckoned from the fact that, while the fines collected amounted to less than twenty-five thousand dollars, the cost of maintaining the prisoners took from the public more than one hundred and twenty-five thousand dollars.

To save beer barrels, they are now making them with aluminum linings. What is needed is such a patent contrivance for the beer-drinker's stomach.

Sixteen saloons in Cedar county have been closed on temporary injunctions secured by the Anti League.

A saloon-keeper at Fort Dodge built a partition, the full length of a room, at the cost of \$100, in order to head off a prohibitionist who refused to sign his consent to allow the saloon to operate within forty feet of his place. The saloon without the partition would have been nine inches too close.

Des Moines is the model city of Iowa. It hasn't a licensed saloon or a gambling den.

The sentiment of the Iowa senate is strongly in favor of the bill prohibiting saloons within four miles of any educational school.

Because of the new liquor law of Iowa the Sioux City Brewing company has decided not to make the \$200,000 addition to its plant just yet.

Nearly one thousand people at Kansas City have signed the temperance pledge, and the end is not yet.

Albany, Mo., will not have a saloon, a permit having been refused a Stanberry man to open one there.

Mrs. Hannah J. Bailey, superintendent of the peace and arbitration department of the World's W.C.T.U., has addressed a memorial to Queen Victoria asking that the South African war be submitted to arbitration. It was also signed by the national officers and the corresponding secretary, who forwarded the document to Ambassador Choate, with the request that he bring it to her majesty's attention in the way which his judgment deems best.

A. F. McCord, who recently bought the A. C. Walsworth farm south of town, arrived on Wednesday from Missouri with his stock and household goods, and is moving on to the place. We welcome him to our vicinity and hope he will prosper on the fine ranch he now owns.

An invoice is being made of the F. S. L. Walsworth stock of drugs, and L. S. Gravel will take possession next Monday. Mr. Walsworth will go to Denver, the first of the month, where his future headquarters will be. He has engaged with C. H. Howe & Co., wholesale druggists, as traveling salesman. The entire community will regret his departure. He has proven himself a perfect gentleman, a competent druggist and obliging business man, making all his acquaintances his true friends.

"I had bronchitis every winter for years and no medicine gave me permanent relief till I began to take One Minute Cough Cure. I know it is the best cough medicine made," says J. Koontz, Corry, Pa. It quickly cures coughs, colds, croup, asthma, grippe, and throat and lung troubles. It is the children's favorite remedy. Cures quickly. D. W. Loar.

Rev. J. E. Terrill will preach at the school-house, next Sunday at 11 o'clock.

H. I. Peterson, Ed. Lawthers and Alex. Ellis succeeded in capturing another wolf, one day last week.

The past two weeks have been right for our local sportsmen, much to the discomfort of the jacks.

The dance and oyster supper at Abram Peters, last Friday night, came off all right—minus the oysters.

J. H. Relph, A. M. Benjamin and others from this place, transacted business in the county capital, first of the week.

John Durr, Poseyville, Ind., says, "I never used anything as good as One Minute Cough Cure. We are never without it." Quickly breaks up coughs and colds. Cures all throat and lung troubles. Its use will prevent consumption. Pleasant to take. D. W. Loar.

### DANBURY.

Last Friday was the coldest day of the season, the thermometer registered 14 below. During the past two weeks, the winter has been severe, snowing most of the time here. No reports of any stock perishing from the effects.

Six cars of live stock, four of cattle and two of hogs, were shipped to Kansas City and St. Joseph, Wednesday morning. Three of the cars of cattle, belonging to Messrs. and Mrs. Roach, are the ones that had the misfortune to be pounded into beefsteak by the hail storm, last June.

W. O. Bond was an invader of the big town on the western border, Monday, on business bent.

A well defined case of intoxication in this city, last week, was traced to an innocent person of the Reporter. The ginger-bread, gew-gaws and other amusingly incongruous and inartistic "art strokes" in the paper had made him "dizzy."

It makes the average citizen turn pale with apprehension at what might happen if Poppa Smith and Would-be-deputy Matthews were to unite and take the debating platform in Red Willow county during the coming campaign. Such an aggregation of gall, egotism and wind ought to create a riot anywhere.

J. R. Neel, ex-sheriff, took Bert Miller up to McCook, Monday night, turning the prisoner over to Sheriff G. F. Kinghorn, who on Tuesday morning took the sentenced man to Lincoln, where he is at once entered upon the three-year term to which he was sentenced at the last term of district court for rape. Miller has been what the ex-sheriff calls a "good" prisoner during his incarceration in the county jail here.

### A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, and thus testifies for Dr. King's New Life Pills, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her. This marvellous medicine is guaranteed to cure all throat, chest and lung diseases. One 50c bottle, trial bottles free at McConnell & Berry.

### REDWILLOW.

The meetings at the Christian church are progressing finely.

William Taylor's family departed, this week, for Kansas.

Last week, Mrs. Wm. Byfield shipped hares to Wisconsin, Missouri and several points in Nebraska. She made quite a shipment to Kansas City, this week.

It would be a fine thing if our chicken cranks could remember that the first Saturday of each month is the day for them to meet at H. H. Berry's office and hatch out ways and means for making the next chicken show a hummer. By the way, are there no other kinds of cranks in this vicinity?

A little runaway boy stopped at James Woodworth's, Monday night, and it reports to be true as to the lad's condition, his case would bear investigation. All Christian people should be the protectors of innocent childhood. If we hear aught, Mr. Woodworth would have further befriended the child if the lad's fear of a cruel parent had not caused him to resist Mr. Woodworth's importunities.

"After doctors failed to cure me of pneumonia I used One Minute Cough Cure and three bottles of it cured me. It is also the best remedy on earth for whooping cough. It cured my grandchildren of the worst cases," writes John. Berry, Loganton, Pa. It is the only harmless remedy that gives immediate results. Cures coughs, colds, croup and throat and lung troubles. It prevents consumption. Children always like it. Mothers endorse it. D. W. Loar.

## A MYSTERY SOLVED!

Site of Ancient Nineveh is Finally Located.

FOUR THOUSAND YEARS BURIED

At Last Brought to the Light of Day by Professor Jacques, the Famous Archaeologist.

The Archaeological Age, in the issue of January 28th, has quite an interesting account of the excavations now being made at what has been supposed to be the site of ancient Nineveh. Prof. Brakenschoffer of Heidelberg university has been for the past five years at work on this supposed-to-be site of the ancient city described in the Book of Jonah, and which at one time was the center of learning in the then known world; but until December 15, 1898, no positive proof existed that the ruins of the city in which he was working marked the correct site of that once famous city. On that day at about two o'clock in the afternoon, the workmen exhumed a tablet wonderfully well preserved, but the characters thereon were different from any heretofore discovered. The tablet was photographed and a copy sent to every archaeologist of note in the world. For a long time it seemed as though it would be impossible to decipher the characters on the tablet, as it was evident that it was of a much earlier period in the world's history than those of former discoveries; but on January 10th, 1900, Professor Jacques, acknowledged to be the greatest archaeologist of the age, deciphered the writing, and thereby proved beyond the shadow of a doubt that the site of the ancient city of Nineveh, which had so long been a matter of conjecture, had at last been discovered. The inscription, translated, reads, "Buy your hardware, buggies, and all farm implements of S. M. Cochran & Co., McCook, Nebraska."

DeWitt's Witch Hazel Salve is unequalled for piles, injuries and skin diseases. It is the original Witch Hazel Salve. Beware of all counterfeits. D. W. Loar.
