

Coming Political Events.

Republican congressional convention, Fifth district, Holdrege, Wednesday, April 25th, 2 o'clock. Red Willow county 11 delegates.

NOTWITHSTANDING extraordinary expenses in connection with the Philippine insurrection, the public debt of the United States under Republican management is rapidly decreasing.

In its unqualified support of the Republican city ticket, THE TRIBUNE means no personal affront to the worthy gentleman on the Petition ticket, but with a full knowledge of the men on the Republican ticket and of how they were nominated, and feeling the necessity of Republican success in matters great and small, THE TRIBUNE sees no sufficient reason why the Republican city ticket should not receive every Republican vote in the city.

It will be remembered that in 1898 a party of silver Republican patriots, among whom was Senator Pettigrew, made a tour of Japan for the purpose of finding out why that country had abandoned the silver standard for the gold, and also to learn how the gold standard was working.

THE Republican city ticket is composed of clean and competent men who highly recommend themselves to the electors of this city for their votes at the coming city election.

THE pledge of the Republican party with reference to money has been fulfilled. The new currency law breaks the "endless chain," and at the same time established a sufficient guaranty fund in the treasury to maintain at a gold value every dollar of currency in circulation in the United States, whatever its form may be.

Andy says: "John, can I shoot off of Bill?" John: "Yes, I guess so." Andy takes his gun and "Bill" and rides to where he thinks he can reach the ducks with No. 4 shot, and John watches to see him "shoot off of Bill." Andy raises his gun, aims carefully, and fires—or thinks he did. Then follows a commotion and a blank. John says: "I saw him shoot; then for about four seconds there was a mixture of Bill and Andy, when Bill broke the combination, leaving the gun somewhere, and Andy, plainly visible with his feet flourishing heavenward and his head in the mud." All of which John thought was very amusing and Andy didn't; for after digging himself out, he came back to the house and in a tone that showed that his confidence in Bill and John was about on a par, says: "John, I thought you said I could shoot off of Bill?" John, laughing hard, said: "Well, if you didn't shoot off of Bill, I'd like to know what you'd call it."

Rev. W. E. Sitzer, W. Caton, N. Y., writes, "I had dyspepsia over twenty years, and tried doctors and medicines without benefit. I was persuaded to use Kodol Dyspepsia Cure and it helped me from the start. I believe it to be a panacea for all forms of indigestion; it digests what you eat. D. W. Loar.

Danger Signals! Do you take cold with every change in the weather? Does your throat feel raw? And do sharp pains dart through your chest? Don't you know these are danger signals which point to pneumonia, bronchitis, or consumption itself? If you are ailing and have lost flesh lately, they are certainly danger signals. The question for you to decide is, "Have I the vitality to throw off these diseases?" Don't wait to try SCOTT'S EMULSION "as a last resort." There is no remedy equal to it for fortifying the system. Prevention is easy. Scott's Emulsion prevents consumption and hosts of other diseases which attack the weak and those with poor blood. SCOTT'S EMULSION is the one standard remedy for inflamed throats and lungs, for colds, bronchitis and consumption. It is a food medicine of remarkable power. A food, because it nourishes the body; and a medicine, because it corrects diseased conditions. 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York
